ORDINANCE NO. _____
SERIES OF 2017

COUNCIL BILL NO. CB17-0613
COMMITTEE OF REFERENCE:
Land Use, Transportation & Infrastructure

A BILL

For an ordinance amending Ordinance 902 Series of 1995 by modifying the legal description of the area covered by structure for preservation located at 1940-1946 West 33rd Avenue.

WHEREAS, Section 30-3, Denver Revised Municipal Code, lists the criteria for designating a structure for preservation, which includes that the structure must maintain its historic and physical integrity, and meet at least one criterion in two or more categories of history, architecture, and geography; and

WHEREAS, Council designated certain property together with all improvements situated and located thereon as a structure for preservation at 1940-1946 West 33rd Avenue (the “Designated Structure”) through the enactment of Ordinance 902, Series of 1995, finding that the Designated Structure met one criterion in the history category in that it had a direct and substantial association with a group of persons who had influence on society, and that it met one criterion in the architecture category in that it embodied distinguishing characteristics of an architectural style or type; and

WHEREAS, Section 30-5 (Procedure to amend or rescind designation of structures and districts for preservation), Denver Revised Municipal Code, allows the designation of a structure for preservation to be amended in the same manner as the original designation was made, under Section 30-4, Denver Revised Municipal Code; and

WHEREAS, the Landmark Preservation Commission has transmitted to the Council its approval of a proposed amendment to the legal description of the Designated Structure based on a determination that a portion of the Designated Structure no longer meets the criteria for designation of a structure for preservation in Section 30-3, Denver Revised Municipal Code, since it does not retain its historical and physical integrity, and does not meet at least one criterion in two or more categories of history, architecture, and geography;
