# Comprehensive Plan 2040

## Comprehensive Plan 2040

- Equitable, Affordable and Inclusive Goal 2, Strategy A - *Create a greater mix of housing options in every neighborhood for all individuals and families (p. 28).*
- Equitable, Affordable and Inclusive Goal 3, Strategy B – *Use land use regulations to enable and encourage the private development of affordable, missing middle and mixed-income housing, especially where close to transit (p. 28).*
- Strong and Authentic Neighborhoods Goal 1, Strategy B – *Ensure neighborhoods offer a mix of housing types and services for a diverse population (p. 34).*
- Environmentally Resilient Goal 8, Strategy A - *Promote infill development where infrastructure and services are already in place (p. 54).*

# Blueprint Denver 2019

- Urban Neighborhood Context
  - Small multi-unit residential and mixed-use areas are typically embedded in 1-unit and 2-unit residential areas. Block patterns are generally regular with a mix of alley access. Buildings are lower scale and closer to the street.

# Blueprint Denver 2019

- Residential Low
  - Predominately single- and two-unit uses on smaller lots. **Accessory dwelling units and duplexes are appropriate and can be thoughtfully integrated where compatible.**
- Residential Collector (N Lincoln St, E 47<sup>th</sup> Ave); Local or Undesignated (N Leaf Ct)

Evaluation is based on the proposed zone district is consistent with the Future Street Classification, not to assess the traffic impacts of a specific development proposal.

# Blueprint Denver 2019

- Growth Areas Strategy
  - All other areas of the city (p. 51)
  - 20% of new housing growth and 10% of new employment growth by 2040
- Most growth is guided to regional centers, community centers and corridors, select districts and high and medium-high intensity residential areas. Other areas of the city are still expected to see some growth, however more limited.

# Blueprint Denver 2019

## Additional Blueprint Strategies

- Land Use & Built Form – Housing Goal 2: Diversify housing options by exploring opportunities to integrate missing middle housing into low and low-medium residential areas (p. 82).
- Land Use & Built Form – Housing Goal 2: Integrate missing middle housing into low and low-medium residential areas, especially those that score low in housing diversity. This allowance should advance goals for affordability, such as including a requirement to provide affordability in exchange for increased density (p. 82).
- Land Use & Built Form - Housing Goal 3: Incentivize the preservation and reuse of existing smaller and affordable homes (p. 83).

# Globeville Neighborhood Plan

## Residential Neighborhood Core Land Use Concept

- Single-family with ADUs
- Update the neighborhood context from Urban Edge to Urban
- Tailor minimum lot sizes

# Globeville Neighborhood Plan

## Maximum Buildings Heights

- 2.5 stories

# Globeville Neighborhood Plan

## Additional Strategies

- **E1. Update the Neighborhood Context:** *The Denver Zoning Code's Urban Neighborhood Context, as opposed to the currently-mapped Urban Edge Context, better reflects the use of alleys, limiting or prohibiting curb cuts for street access, and the continuation of detached sidewalks where possible (p. 86).*
- **E2. Tailor Minimum Zone Lot Sizes:** *In areas where the existing zoning requires a 6,000 square foot minimum zone lot size, a future zone district should have a 5,500 square foot zone lot minimum (p. 86).*
- **B.1 Maintain Stability in the Residential Neighborhood Core Character Area:** *In areas identified with Single Family with ADUs Concept Land Use, maintain the current mix of low-scale residential building forms consisting predominantly of single unit dwellings with occasional duplexes or multi-unit structures (p. 34).*
- **B14D. Build More Housing Units:** *Support the efforts of organizations such as Habitat for Humanity, Denver Housing Authority, and other affordable housing providers in building new homes within Globeville.*
  - *Ensure that new affordable housing construction in Globeville's Residential Neighborhood Core Character Area reflects the character of the surrounding neighborhood.*
  - *Pursue opportunities for adaptive reuse of existing buildings as an affordable housing strategy for the neighborhood. (p. 46)*

### Recommendations:

- Goal 2. Specific to Home Ownership: Support community land trust models and other innovative concepts that preserve long-term affordability for homeownership and initiate wealth-building practices for homeowners as part of our commitment to creating and preserving at least 7,000 homes (p.33).
- Goal 4. Policy and Systems Change Strategies: Diversify housing options to explore opportunities to integrate missing middle housing types (duplexes, row house and small apartments) throughout the city (p. 51).

# Consistency with Neighborhood Context, Purpose and Intent

## 5.1.1 Urban Neighborhood Context General Character

## 5.2.2 Residential Districts

### 5.2.2.2.P Two Unit C (U-TU-C)

- U-TU-C allows up to two units on a minimum zone lot area of 5,500 square feet. Urban houses are also allowed on certain smaller Zone Lots. Allowed building forms are the urban house, detached accessory dwelling unit, duplex and tandem house building forms
- The proposed zone district recognizes the subject site's existing condition, the surrounding context, and the desired lot size as specified in the Globeville Neighborhood Plan, fulfilling this Specific Intent statement.
