To the Committee:

At the June, 2011 North City Park Civic Association board of directors meeting the directors present agreed that NCPCA continues to adhere to its prior position to oppose renaming Northeast Denver Community Park unless and until we see evidence of substantial difference in opinion among the residents of Skyland/North City Park.

To that end NCPCA will be conducting a poll of residents during the month of August to ascertain if the residents currently feel differently than they have previously made known.

Sincerely,

A handwritten signature in black ink, appearing to read "David T. Goens". The signature is fluid and cursive, with the first name "David" being the most prominent.
