- 5. Describe the proposed ordinance, including what the proposed ordinance is intended to accomplish, who's involved**
 - a. Scope of Work**

The Work generally consists of the design, fabrication, painting and erection of a simple span, steel combined arch and truss pedestrian bridge with a reinforced concrete deck spanning over Interstate 25, and associated approach ramps. The main span over I-25 is over 300 feet in length. The approach ramps will be prestressed concrete box girders. The Work also includes utility work and coordination, storm sewer installation, roadway work, signage and stripping, lighting, coordination with the public and the project neighbors, and all traffic control necessary to construct the project.
 - b. Duration**

Four Hundred Eighty Six Days (486)
 - c. Location**

Bicycle/Pedestrian Bridge Over 1-25 between Evans Ave. and Colorado Blvd.
 - d. Affected Council District**

6
 - e. Benefits**

This bridge will allow access to the adjacent Light Rail Station and serve the bicycling community as well.
 - f. Costs**

\$5,095,535.69

6. Is there any controversy surrounding this ordinance, groups or individuals who may have concerns about it? Please explain.

No.
