REASON FOR ROW VACATION:

Describe why you are requesting this ROW Vacation and why the ROW is no longer needed.

The proposed Project is a 200-unit apartment building that will span the entire length of Bryant Street from Speer Blvd to 29th Avenue. The current alley bisects the Site and the vacation of the alley will allow for redevelopment of the Site that will provide affordable housing with 10% of units at 60% AMI.

ROW VACATION INFORMATION:

Describe the status of the ROW:

In the space below, describe the current use of the ROW to be vacated.

The alley is providing access to the existing buildings along the alley that will be demolished with the construction of the Project. With those buildings removed the other lots will continue to be access from the existing alley entrances off of Firth Ct.

Are there utilities are in the ROW? Yes ☒ No ☐

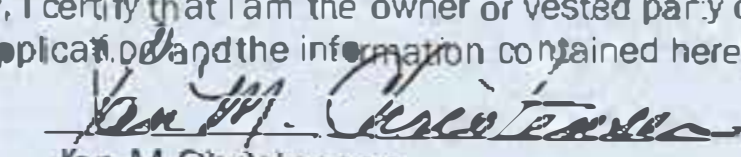

If yes, list each utility and identify utility owner, utility type, and size (e.g. CCD 8-inch Sanitary Sewer); whether it will remain or be removed/relocated, or abandoned in-place; and, expected schedule. For utilities to remain in-place, the City will reserve a utility easement over the vacated area with the ROW Vacation Ordinance. See ROW Vacation Application Requirements for standard easement language.

Only utilities located within the alley are overhead power and communication lines that will be removed or relocated/undergrounded as part of the redevelopment. There are no public utilities (storm, sanitary, water) located within the alley.

Hello Brianne,

Per our early conversation, I am the General Manager of myOfficelife occupying addresses: 2806,2810, 2820 Speer blvd. I am responding with my request regarding the vacation signs left at my property's entrance today. I need a map, preferably color coded showing the plan of pre-existing as well as the new entrance that is set to be established. It is also imperative that we know what street parking will be available for our tenants and their clients as they are currently able to park on both Bryant St and Firth Ct. It is my understanding that parking or access to Bryant Street will no longer be an option. Lastly, I need dates when these projects are supposed to be started and when access will be revoked.. I need to be able to give my tenants as much notice as possible, as they also have to relay this information to their clients. Please have the applicants contact me directly should they need to be emailing me at:

[Roshonda@myoffice.life](mailto:Roshonda@myoffice.life)

Phone: 720-600-0065 or 303-564-5635

For some reason I am unable to send emails from my work email, however, I can receive them.

Good Morning Brianne,

I wanted to update you that myself and our attorney were able to speak with Adam Wallace of Pagewest in regards to the alley vacation. I have been informed by Adam of the plan and we have made a verbal and written agreement for him or his team to keep me in the loop/ informed of the changes prior to them taking place so that I can effectively and efficiently communicate to my tenants and then they in turn can accurately communicate with their clients. My major concerns have always been access and street parking availability. I have been assured this will not be an issue. So as of now, I do not have an issue with the Alley Vacation proceeding. However, once again I can not emphasize how detrimental it will be that I stay informed and abreast of plans as they begin to unfold, no after the fact. As long as that happens, I am satisfied.

Thanks,

Hi, I understand you are awaiting a reply from me. I withdraw my objection knowing that there will still be two access ways into our office building.

Thank you,

That's interesting, and thank you for your response. I'm happy to see that there will still be two access routes to our building. One concern I still have is that the parking on Bryant street is free and available all day, except for street sweeping days. The parking around 29th is limited to to 1-hour for the stretch where the right-of-way would be. Is this something that could be worked on so that visitors have close access to parking space, a minimum of 2-hours?

Thanks,  
Gabriel

Hi, I would like to formally submit an objection to the plan to vacate the public access to the alley between Speer street and 29th. Reference number is 2023-vaca-0000002

I am a tenant of 2806 north Speer and the only way to access the building and parking lot is via that right of way. Unless you are providing a different access way, you will be making it nearly impossible for me and my clients to get into the building.

Please respond to let me know my objection has been received.
