

Amendment to correct Council Resolution 17-0473 relating to the funding agreement with H.C. Peck and Associates, Inc for escrow services related to the Platte to Park Hill Stormwater Systems Project.

Mr. President, I move that Council Resolution 17-0473 be amended in the following particulars:

On page 1, line 13, strike the number 201733769-00 and replace it with the number 2017-0243.

Explanation of Amendment: The resolution corrects the clerk filing number for the new Exhibit A that deletes an incorrect reference to the Colorado Department of Transportation and adds language to clarify that the activities are to be performed under the oversight of the City and County of Denver.
