REZONING GUIDE

REVIEW CRITERIA	
<p>General Review Criteria: The proposal must comply with all of the general review criteria DZC Sec. 12.4.10.7</p>	<p><input checked="" type="checkbox"/> Consistency with Adopted Plans: The proposed official map amendment is consistent with the City's adopted plans, or the proposed rezoning is necessary to provide land for a community need that was not anticipated at the time of adoption of the City's Plan. Please provide an attachment describing relevant adopted plans and how proposed map amendment is consistent with those plan recommendations; or, describe how the map amendment is necessary to provide for an unanticipated community need.</p> <p><input checked="" type="checkbox"/> Uniformity of District Regulations and Restrictions: The proposed official map amendment results in regulations and restrictions that are uniform for each kind of building throughout each district having the same classification and bearing the same symbol or designation on the official map, but the regulations in one district may differ from those in other districts.</p> <p><input checked="" type="checkbox"/> Public Health, Safety and General Welfare: The proposed official map amendment furthers the public health, safety, and general welfare of the City.</p>
<p>Additional Review Criteria for Non-Legislative Rezoning: The proposal must comply with both of the additional review criteria DZC Sec. 12.4.10.8</p>	<p>Justifying Circumstances - One of the following circumstances exists:</p> <p><input type="checkbox"/> The existing zoning of the land was the result of an error.</p> <p><input type="checkbox"/> The existing zoning of the land was based on a mistake of fact.</p> <p><input type="checkbox"/> The existing zoning of the land failed to take into account the constraints on development created by the natural characteristics of the land, including, but not limited to, steep slopes, floodplain, unstable soils, and inadequate drainage.</p> <p><input checked="" type="checkbox"/> Since the date of the approval of the existing Zone District, there has been a change to such a degree that the proposed rezoning is in the public interest. Such change may include:</p> <p style="margin-left: 20px;">a. Changed or changing conditions in a particular area, or in the city generally; or</p> <p style="margin-left: 20px;">b. A City adopted plan; or</p> <p style="margin-left: 20px;">c. That the City adopted the Denver Zoning Code and the property retained Former Charter 59 zoning.</p> <p><input checked="" type="checkbox"/> It is in the public interest to encourage a departure from the existing zoning through application of supplemental zoning regulations that are consistent with the intent and purpose of, and meet the specific criteria stated in, Article 9, Division 9.4 (Overlay Zone Districts), of this Code. Please provide an attachment describing the justifying circumstance.</p> <p><input checked="" type="checkbox"/> The proposed official map amendment is consistent with the description of the applicable neighborhood context, and with the stated purpose and intent of the proposed Zone District. Please provide an attachment describing how the above criterion is met.</p>

OFFICIAL MAP AMENDMENT APPLICATION

Address: 753 S Downing St, Denver, CO 80209

Parcel: 0514303020000

Legal Description: 1ST RESUB BRYN MAWR B8 L14 & S 8.5FT OF L13 & N 10FT OF L15

Current Zoning: U-SU-B

Proposed Zoning: U-SU-B1

INTRODUCTION

This Official Map Amendment is a request to rezone 753 S Downing St from U-SU-B to U-SU-B1. The existing zone district is described by Section 5.2.2.2.D: "U-SU-B is a single unit district allowing urban houses with a minimum zone lot area of 4500 square feet. Blocks typically have a pattern of 37.5-foot-wide lots." Section 5.2.2.2.E describes the proposed zone district: "U-SU-B1 is a single unit district allowing urban houses and detached accessory dwelling units with a minimum zone lot area of 4500 square feet. Blocks typically have a pattern of 37.5-foot-wide lots. Setbacks and lot coverage standards accommodate front and side yards similar to U-SU-B but allowing a detached accessory dwelling unit building form in the rear yard."

The intent of the change is to allow an existing non-conforming detached garage structure with unfinished studio space on the second level to be used as a rental apartment. This will provide the neighborhood with infill housing well below the cost of a typical rental in the area and help us offset our rising cost of living raising a family.

CONSISTENCY WITH ADOPTED PLANS

Comprehensive Plan 2040

- I. The proposed rezone is supported by the Comp Plan 2040 because it assists the city in meeting the plan's vision elements, goals, and strategies as shown below.
 - a. Equitable, Affordable and Inclusive Goal 2, Strategy A "Create a greater mix of housing options in every neighborhood for all individuals and families" (p.28)
 - i. The proposed rezone would allow our ADU to contribute to the mix of housing options in West Wash Park. Price point, size and character would all be different than the existing housing stock.
 - b. Equitable, Affordable and Inclusive Goal 5, Strategy B "Stabilize residents and businesses at risk of displacement through programs and policies that help them to stay in their existing community."
 - i. The use of our garage as an income generating rental unit will reduce the cost of living in an expensive part of town and ultimately, ease the strain of raising a growing family in a city that has our best interest in mind.
 - c. Strong and Authentic Neighborhoods Goal 1, Strategy B: "Ensure neighborhood offers a mix of housing types and services for a diverse population." (p. 34)
 - i. Similar to the goal above, this ADU contributes to the mix of housing types and prices in the area.

Blueprint Denver 2019

- II. The proposed rezone is supported by Denver Blueprint 2019 in that ADU's are specifically addressed as a strategy to diversify housing choice as shown below.
 - a. Land use and Built Form: Housing Recommendation 4 Goal 1 (p.84)
 - i. Accessory dwelling units (ADUs) can add variety to the housing stock in low density residential neighborhoods without significantly changing the existing character.
 - 1. Point E: A citywide approach to enable ADUs is preferred. Until a holistic approach is in place, individual rezonings to enable ADUs in all residential areas, especially where proximate to transit, are appropriate. Unless there is a neighborhood plan supporting ADUs, rezonings should be small in area in order to minimize impacts to the surrounding residential area.

Housing an Inclusive Denver

- III. The proposed rezone to allow an ADU is consistent with the goals of Housing and Inclusive Denver as shown below.
 - a. Legislative and Regulatory Strategies Recommendation 2: Expand and strengthen land use regulations for affordable and mixed-income housing (p. 47)
 - i. Key Action 1: "Encourage development of a mix of residential development types throughout Denver neighborhoods that provide residents with a diversity of housing choices (including price, size, and tenure of housing options) through specific zoning and land use recommendations in Blueprint Denver.
 - b. Attainable Homeownership Recommendation 1: Promote programs that help households maintain their existing homes. (p. 90)
 - i. Key Action 3: "Promote development of accessory dwelling units as a wealth building tool for low and moderate-income homeowners in vulnerable neighborhoods and to support intergenerational households."

UNIFORMITY WITH DISTRICT REGULATIONS AND RESTRICTIONS

The proposed official map amendment results in regulations and restrictions that are uniform for each kind of building throughout each district having the same classification and bearing the same symbol or designation on the official map, but the regulations in on district may differ from those in other districts.

The proposed rezoning of property at 753 S Downing St from U-SU-B to U-SU-B1 is a minor change that would simply allow the addition of an ADU. The remainder of the zoning requirements remain the same. The existing garage structure would be used as the ADU and therefore no new structures would be built and the configuration of the property would not change.

PUBLIC HEALTH, SAFETY AND GENERAL WELFARE

The proposed official map amendment furthers the public health, safety and general welfare of the city.

In line with Denver’s Comprehensive Plan 2040, Blueprint 2019 and Housing an Inclusive Denver, this rezone would help create a naturally attainable apartment (due to size) in the increasingly expensive neighborhood of West Wash Park, would contribute to a mix of housing options that serve a diverse range of potential occupants, and would help stabilize my family’s health and well-being by offsetting our current cost of living.

Additionally, it would provide ‘gentle density’ next to one of Denver’s most prominent parks, contributing to higher usage of the park, and the health and well being of future occupants who frequent the park.

JUSTIFYING CIRCUMSTANCES

Since the date of the approval of the existing Zone District, there has been a change to such a degree that the proposed rezoning is in the public interest.

1. Changed or changing conditions in a particular area, or in the city generally:
 - a. Since the approval of the existing Zone District, Denver has seen a large influx of new residents from in and out of the state. While the pace of new construction has been staggering, it has not kept pace with the number of new residents. Therefore, prices have skyrocketed throughout the metro area. Meanwhile, more people keep coming. ADU’s provide a way to add density to existing residential neighborhoods without significantly changing the character.
2. A City adopted plan:
 - a. See above discussion “Consistency with Adopted Plans.”

Consistency with Neighborhood Context, Zone District Purpose and Intent

Section 5.2.2 Urban Residential Districts

5.2.2.1 General Purpose

A. The intent of the Residential districts is to promote and protect residential neighborhoods within the character of the Urban Neighborhood Context. These regulations allow for some multi-unit districts, but not to such an extent as to detract from the overall image and character of the residential neighborhood.

The intent of the Urban Residential District is to promote a small, quiet residential neighborhood feel. ADU’s do not detract from this intent. In fact, it allows a form of gentle density that does not change the neighborhood and allows more people to enjoy its benefits.

B. The building form standards, design standards, and uses work together to promote desirable

residential areas. The standards of the single unit districts accommodate the pattern of one to two and a half story urban house forms where the narrow part of the building orients to the street and access is from alley loaded garages. Lot sizes are consistent within an area and lot coverage is typically medium to high accommodating a consistent front and side yard. There are single unit districts that allow detached accessory dwelling units in the rear yard, maintaining the single unit character at the street. The standards of the two unit and row house districts promote existing and future patterns of lower scale multi-unit building forms that address the street in the same manner as an urban house building form.

From above: *“There are single unit districts that allow detached accessory dwelling units in the rear yard, maintaining the single unit character at the street.”*

This exactly describes the scenario that would result from the successful rezone of this property. In this instance, the garage structure is already built and would be even less of a change to the neighborhood than a new build would.

5.2.2.2 Specific Intent

D. Single Unit B (U-SU-B) U-SU-B is a single unit district allowing urban houses with a minimum zone lot area of 4,500 square feet. Blocks typically have a pattern of 37.5 foot wide lots.

E. Single Unit B1 (U-SU-B1) U-SU-B1 is a single unit district allowing urban houses and detached accessory dwelling units with a minimum zone lot area of 4,500 square feet. Blocks typically have a pattern of 37.5 foot wide lots. Setbacks and lot coverage standards accommodate front and side yards similar to U-SU-B but allowing a detached accessory dwelling unit building form in the rear yard.

The two paragraphs above describe the current and the proposed zoning. Since the proposed zoning and the existing zoning are, for all intents and purposes, the same except for the ADU provision, the proposed lot would be in compliance with the existing neighborhood context.
