# Background

- In 2019, City Council took action that required a transition away from for-profit, private organizations as community corrections providers.
- Denver Community Corrections commenced a thoughtful, responsible transition strategy in 2019:

  - Tooley Hall (GEO) closed December 2019
  - Columbine (CoreCivic) closed June 2020
  - Ulster (CoreCivic) closed April 2021
  - Fox (CoreCivic) closed December 2021

# Planning for Change

- Community Corrections Advisory Group (CCAG) was formed in late 2019. They developed 10 recommendations and two additional concepts for exploration.
- Recommendation #03: Feasibility of lease or purchase and identification of additional service providers:
  - **The City should explore the possibility of leasing or purchasing one or more CoreCivic community corrections zoned properties.**
  - The City should also explore opportunities to identify additional service providers including promising or emerging operators expressing an interest in the provision of community corrections services.
