Upon award, the MES Sales Reps, Office Staff and Repair Techs will coordinate schedules to include Initial Meetings with Receiving Agency, Fit Testing, Training of each User/Train the Trainer, Delivery and In-Service and then Trade In Pick up. MES will provide sufficient staff through the life of the contract located at our Local, Denver branch that will be assigned to work on this project as a team. The VP of Operations, Jeff Johnson will also oversee and coordinate the Scott individual orders placed for each End user agency.

MES will provide at minimum: a Regional Manager (Sam Goldwater), 3 inside sales reps (Alex, Heidi and Lauren) along with 4 outside Sales reps (Michael Blackburn, John Thompson, Duane Schottenaar, Pat Sheehan) and 3 Repair Techs (Jerry, Brandon, Derrick) to work on this project.

Heidi Camden-Britton, Service and Sales Rep Lead Coordinator, will be the lead on scheduling all the service techs for Fit Testing and In-Service on the delivery for Airpaks. The Outside Sales Reps will coordinate all the agency visits to discuss the timelines and discuss how the agency would like to be trained.
