

Explanation of Amendment:

This amendment addresses who may qualify for an optional premises cultivation license in a non-conforming location. The amendment will allow a person who has acquired a dispensary and cultivation operation from another owner since August 1, 2010 to qualify for licensing of the cultivation operation in the non-conforming location.

Amend CB10-1003 in the following particulars:

On page 8, line 31, after the word “applicant” insert the following:
“or any person from whom the applicant acquired a medical marijuana center or a medical marijuana-infused products manufacturing operation with which the proposed optional cultivation license is associated”

On page 8, line 36, after the word “applicant” insert the following:
“or any person from whom the applicant acquired a medical marijuana center or a medical marijuana-infused products manufacturing operation with which the proposed optional cultivation license is associated”
