6. General description/background of proposed ordinance including contract scope of work if applicable:

The purpose of this Agreement is to define the Hampden Heights Water Quality Facility Project, specify the terms and requirements applicable to construction of the project, provide for Denver's payment of a portion of the costs School District will incur constructing the project, specify maintenance of the project, and define property transfers upon completion of the project. The School District will construct the water quality facility. Construction began in Spring 2015 and is expected to be substantially complete by late Fall 2015. Upon construction acceptance, Denver will assume responsibility for maintenance and repair of the facility. Denver shall grant the School District rights to use the facility for educational purposes. The School District is responsible for approximately one-third and the City and County of Denver is responsible for approximately two-thirds of the estimated \$1,472,488.50 project, which is approximately \$981,659.20.
