

1 **BY AUTHORITY**

2 ORDINANCE NO. _____
3 SERIES OF 2019

COUNCIL BILL NO. CB19-0913
COMMITTEE OF REFERENCE:
4 Land Use, Transportation & Infrastructure

5 **ABILL**

6 **For an ordinance designating 4345 West 46th Avenue as a structure for**
7 **preservation.**

8 **WHEREAS**, pursuant to Section 30-4, Denver Revised Municipal Code, the Landmark
9 Preservation Commission has transmitted to the Council a proposed designation of a structure for
10 preservation; and

11 **WHEREAS**, based upon evidence received by the Landmark Preservation Commission at a
12 hearing on August 20, 2019, the staff report, and evidence received at the hearing before City Council
13 on September 23, 2019, the structure at 4345 West 46th Avenue meets the criteria for designation as a
14 structure for preservation as set out in Section 30-3, Denver Revised Municipal Code, as amended, by
15 maintaining its historical and physical integrity, relating to a historic context or theme, and meeting the
16 criteria in the following three categories:

17 (1) History.

18 *a. Having direct association with the historical development of the city, state, or nation;*

19 The structure at 4345 West 46th Avenue has direct association with the history and development of the
20 city. Started in 1917 as a small family-operated funeral home, Howard Mortuary's become one of the
21 most successful and long-lasting mortuaries in the city. The company emphasized their longevity and
22 ties to the community in its advertising often referring to the company's "Denver heritage." As the
23 Howard Mortuary grew, they expanded their services and they looked to expand to new locations.
24 During the post-war era, the population of Denver and the surrounding suburbs increased exponentially.
25 Howard Mortuary chose this location in Berkeley as the area was unserved and there was a substantial
26 increase in the population in Denver and the metro region. The company's long-term business, ties to
27 the community, and post-war expansion are associated with the development and growth of the city.

28 (2) Architecture.

29 *a. Embodying distinguishing characteristics of an architectural style or type;*

30 The structure at 4345 West 46th Avenue embodies the distinguishing characteristics of a property
31 type. Howard Berkeley Park Chapel is a significant example of the mortuary/funeral home type. The
32 character defining features of the mortuary/funeral type include the following: one to two stories in
33 height; generally residential in character to fit into the surrounding neighborhood; designed to
34 accommodate hearses, porte cocheres; and a mix of specialized rooms such as, operating and

1 dressing rooms, viewing rooms, storage, casket sales, and chapel. These are seen in the property's
2 height and design, architecturally distinguished chapel for funeral services, reposing or "slumber"
3 rooms, facilities for grieving families, a display room for casket selection, garage space for funeral
4 hearses and limousines, sheltered entrances for the arrival of families and guests (a portico and two
5 porte cocheres), and an interior driveway for arrival and departure of grieving family members.

6 *b. Being a significant example of the work of a recognized architect or master builder;*
7 The structure at 4345 West 46th Avenue is a significant example of J. Roger Musick, a well-known
8 and prolific Denver architect who worked both with partners and as a solo designer. His work
9 included extensive residential development, commercial structures, and some civic institutions.
10 When discussing his body of work, Musick emphasized the importance of the Berkeley Park Chapel
11 when he selected this building as one of his five principal works of the 1950s and 1960s. The
12 structure at 4345 West 46th Avenue is identified as one of his most important designs over a twenty-
13 year period.

14 (3) Geography.

15 *a. Having a prominent location or being an established, familiar, and orienting visual*
16 *feature of the contemporary city;*

17 The structure at 4345 West 46th Avenue has a prominent location and has become an established,
18 familiar, and orienting visual feature of contemporary Denver. The structure was constructed at a
19 prominent corner in Berkeley, at the intersection of the area's commercial and civic "main street."
20 The prominent placement of the building, its large size, and the use of high-quality materials to
21 provide a dignified and substantial appearance ensured its place as a focal point and orienting visual
22 feature for the community.

23 *b. Promoting understanding and appreciation of the urban environment by means of*
24 *distinctive physical characteristics or rarity;*

25 The structure at 4345 West 46th Avenue promotes the understanding of the urban environment
26 through physical characteristics and rarity. The mortuary displays distinctive physical characteristics
27 in its Gothic and Tudor arches, portico, arcaded porch, porte cocheres, stained and leaded glass
28 (including a rose window), and double-height gabled-roof chapel. Its terra cotta ornamentation and
29 the substantial size of the building are also unique for the area. These characteristics are both
30 distinctive and rare in the Berkeley neighborhood and the post-war construction.

31 **NOW, THEREFORE, BE IT ENACTED BY THE COUNCIL OF THE CITY AND COUNTY OF**
32 **DENVER:**

1 **Section 1.** That based upon the analysis referenced above, and the evidence received at the
2 public hearings, certain property at [fill in], and legally described as follows, together with all
3 improvements situated and located thereon, be and the same is hereby designated as a structure for
4 preservation:

5 Lots 1 - 12, inclusive, Follmer’s Subdivision of Plot 6, Berkeley Gardens, and Plot 7 and the
6 west one-half of Plot 8, Berkley Gardens, except those parts described in Book 1695 at
7 page 569 and Book 8412 at Page 26,
8 City and County of Denver,
9 State of Colorado.

10 **Section 2.** The effect of this designation may enhance the value of the property and of the
11 structure, but may delay or require denial of building permits found unacceptable by the Landmark
12 Preservation Commission under the criteria contained in the Design Guidelines for Historic Structures
13 and Districts and Section 30-6 of the Denver Revised Municipal Code.

14 **Section 3.** This ordinance shall be recorded among the records of the Clerk and Recorder of
15 the City and County of Denver.

16
