SKILLS

TOOLS: Python, Javascript, Ruby, Spring, React, Rails, RSpec, AutoCAD, Splunk, Neo4j, Talend, TensorFlow

FUNCTION: User/Customer Experience, DevOps, Drafting, Machine Learning

MARKETS: Energy, Construction, Health, Supply Chain

SUMMARY

Seeking opportunities to automate productivity and utilize machine learning for data-driven innovation

EMPLOYMENT

TECHNICAL ANALYST

Staples Business Advantage

Jun 2017 to Current

- Extract and identify key metrics for root cause analysis to infer trends in 10 million logged events with Splunk
- Create 12 response endpoints with Splunk alerts, webhooks, and reports for B2B transactions requiring action
- Orchestrate system tools with Ansible to reduce time on manual tasks by 30% in file transfers and reporting
- Design reusable data mapping jobs for customer requirements to consume catalogs with 70% reduction time

INTEGRATION ENGINEER

zingFit

Feb 2017 to Jun 2017

- Implemented end-to-end data migrations with web scraping and ETL tools in weekly increments per customer
- Resolved 100 tickets daily in Tier II & III support with action review follow-ups to address common incidents
- Integrated zingFit's platform and microservices on gym studios' websites with Java Spring
- Perform 4-5 design reviews for approvals in spot scheduling, backend administration, and redesigns

SUPPORT ENGINEER

Codecademy

Oct 2016 to Jun 2017

- Triage incidents to onboard 10 students per shift in 25-30 minutes for successful customer experience
- Performed compliance testing on 1000+ exercises in various user environments spanning from HTML to Java
- Researched learning methods for over 300k users on a personalized curriculum for deeper learning
- Reviewed 30+ projects with gists and codebases written in HTML and CSS weekly for development

FIELD SUPPORT TECHNICIAN

Ambitech

Apr 2014 to Oct 2015

- Revised 100 drawings of piping systems using AutoCAD to visualize layouts of clients' sites for simulations
- Digitized six decades worth of BP engineering documents in Sharepoint for maintenance activities
- Surveyed refinery sites and tagged over 1000 parts of piping equipment in water and acidic systems

EDUCATION

Dev Bootcamp

Cert. Software Engineering 2017

Miami University

B.A. Interactive Media Studies & Health Promotions 2013
