The proposed Mini Bundle text amendment to the Denver Zoning Code is a small package of text amendments that cover four main topic areas: Proposition 123/Expedited Reviews for Affordable Housing Projects, Wireless Telecommunications, Accessory Dwelling Units, and Site Development Plans. The purpose of this text amendment is to align Denver's regulations with state mandates and incentive programs while incorporating procedural improvements to support good governance and affordable housing.

This piece of the Mini Bundle contains related DRMC zoning language amendments for ADUs in existing PUDs, not physically substantial modifications to telecommunications facilities, and special plans for planned building groups.
