Large Development Review

The eastern third of the property was reviewed for Large Development Review in November 2021. At the time CPD suggested that the property owner should consider rezoning this property into the DZC as well. The eastern third was deemed applicable for LDR but given the lack of proposed development or needed infrastructure on this site, it was not included in the LDR process.

High-Impact Development Compliance Plan

While this site is larger than 10 acres, there is no proposed development associated with the rezoning.

Blueprint Denver - Equity Analysis

Blueprint Denver Contains Three Major Equity Concepts

 Integrating these concepts into planning and implementation will help to create a more equitable Denver.

> **Improving** Expanding Reducing Access to Housing and Vulnerability to **Jobs Diversity** Opportunity Displacement stabilizing residents and providing a better and creating more equitable businesses who are more inclusive range of access to quality-of-life vulnerable to housing and employment amenities, health and involuntary options in all quality education. displacement due to neighborhoods. increasing property values and rents.

Equity Analysis Summary

Factors of concern:

The proposed zone district would allow for the further development of the campus, including additional housing, with updated design standards.

A detailed equity analysis, including site-specific measurements for each metric, and an applicant response to equity prompts are attached to the staff report.

Land Use and Built Form - General

Policy 3, Strategy A – Rezone properties from the Former Chapter 59 zoning code so that the entire city is covered by the Denver Zoning Code (DZC), including continuing to incentivize owners to come out of the old code.

This application addresses climate by:

- Promoting infill development
- Encouraging growth within the campus
- Campuses are mixed-use settings where people live, work, and find entertainment within a walkable environment
