U.S. Federal SAM Registry Verification Date: 3/21/2025

1. Goods/Services:

National Car Charging, a Colorado limited liability company, ("Vendor") shall provide the goods, and any services related thereto, identified and described on attached **Exhibit A**, to the City and County of Denver, a Colorado municipal corporation (the "City"), all in accordance with the terms and conditions of this Master Purchase Order.

2. Ordering:

The City shall purchase one or more of the goods/services by issuing a written purchase order(s) or similar appropriate written document ("Order"), each of which will be deemed incorporated into this Master Purchase Order for purposes of such Order only.

3. Pricing:

The pricing/rates for the goods/services is contained on **Exhibit A**.

4. Term/Renewal:

The term of this Master Purchase Order shall be from date of City signature to and including 2/2/2029. The City and the vendor may mutually agree to renew and continue this agreement for additional one (1) year periods at the same pricing structure, terms and conditions. However, no renewal shall surpass 2/2/2030.

5. Non-Exclusive:

This Master Purchase Order is non-exclusive. City does not guarantee any minimum purchase other than as provided herein.

6. Inspection and Acceptance:

Vendor shall perform any services in accordance with the standard of care exercised by highly competent vendors who perform like or similar services. City may inspect all goods/services prior to acceptance. Payment does not constitute acceptance. Vendor shall bear the cost of any inspection/testing that reveal goods/services that are defective or do not meet specifications. City's failure to accept or reject goods/services shall not relieve Vendor from its responsibility for such goods/services that are defective or do not meet specifications nor impose liability on City for such goods/services. If any part of the goods/services are not acceptable to City, City may, in addition to any other rights it may have at law or in equity: (1) make a warranty claim; (2) repair and/or replace the goods or substitute other services at Vendor's expense; or (3) reject and return the goods at Vendor's cost and/or reject the services at Vendor's expense for full credit. Any rejected goods/services are not to be replaced without written authorization from City, and any such replacement shall be on the same terms and conditions contained in this Purchase Order.

7. Shipping, Taxes and Other Credits and Charges:

All pricing is F.O.B. destination unless otherwise specified. Shipments must be marked with Vendor's name, the Master Purchase Order number, and contain a delivery or packing slip. Vendor shall not impose any charges for boxing, crating, parcel post, insurance, handling, freight, express or other similar charges or fees. Vendor shall notify City in writing of any price decreases immediately, and City shall receive the benefit thereof on all unshipped items. Vendor shall comply with any additional delivery terms specified herein. Vendor shall be responsible for the cleanup and reporting of any contamination (environmental or otherwise) or spillage resulting from the delivery and/or unloading of goods within twenty-four (24) hours of the contamination or spillage or sooner if required by law. Vendor shall procure all permits and licenses; pay all charges, taxes and fees; and give all notices necessary and incidental to the fulfillment of this Master Purchase Order and all cost thereof have been included in the prices contained herein. City shall not be liable for the payment of taxes, late charges, or penalties of any nature, except as required by D.R.M.C. § 20-107, et seq. The price of all goods/services shall reflect all applicable tax exemptions. City's Federal Registration No. is 84-6000580

and its State Registration No. is 98-02890. Vendor shall pay all sales and use taxes levied by City on any tangible personal property built into the goods/services. Vendor shall obtain a Certificate of Exemption from the State of Colorado Department of Revenue prior to the purchase of any materials to be built into the goods/services and provide a copy of the Certificate to City prior to final payment.

8. Risk of Loss:

Vendor shall bear the risk of loss, injury, or destruction of goods prior to delivery to City. Loss, injury, or destruction shall not release Vendor from any obligation hereunder.

9. Invoice:

Each invoice shall include: (i) the Purchase Order number; (ii) individual itemization of the goods/services; (iii) per unit price, extended and totaled; (iv) quantity ordered, back ordered and shipped; (v) an invoice number and date; (vi) ordering department's name and "ship to" address; and (vii) agreed upon payment terms set forth herein.

10. Payment:

Payment shall be subject to City's Prompt Payment Ordinance D.R.M.C. § 20-107, et-seq., after City accepts the goods/services. Any other provision of this Master Purchase Order notwithstanding, in no event shall the City be liable for aggregate payments under this Master Purchase Order in excess of **one million, five hundred thousand dollars** (\$1,500,000). Vendor acknowledges that any goods/services provided beyond those specifically described in **Exhibit A** are performed at Vendor's risk and without authorization from the City. City's payment obligations hereunder, whether direct or contingent, shall extend only to funds appropriated by the Denver City Council for the purpose of this Master Purchase Order, encumbered by the City after receipt of Vendor's invoice and paid into the Treasury of City. Vendor acknowledges that: (i) City does not by this Master Purchase Order, irrevocably pledge present cash reserves for payments in future fiscal years; and (ii) this Master Purchase Order is not intended to create a multiple-fiscal year direct or indirect debt or financial obligation of City. City may setoff against any payments due to Vendor any claims and/or credits it may have against Vendor under this Master Purchase Order.

11. Amendments/Changes:

Only the Executive Director of General Services or his/her delegate is authorized to change or amend this Master Purchase Order by a formal written change order. Any change or amendment that would cause the aggregate payable under this Master Purchase Order to exceed the amount appropriated and encumbered for this Master Purchase Order is expressly prohibited and of no effect. Vendor shall verify with the City that the amount appropriated and encumbered is sufficient to cover any increase in cost due to changes or amendments. Goods/services provided without such verification are provided at Vendor's risk. Vendor has no authority to bind City on any contractual matters.

12. Warranty:

Vendor warrants and guarantees to City that all goods furnished under this Master Purchase Order are free from defects in workmanship and materials, are merchantable, and fit for the purposes for which they are to be used. For any goods furnished under this Master Purchase Order which become defective within twelve (12) months (unless otherwise specified) after date of receipt by City, Vendor shall either, at City's election and to City's satisfaction, remedy any and all defects or replace the defective goods at no expense to City within seven (7) days of receipt of the defective goods or accept the defective goods for full credit and payment of any return shipping charges. Vendor shall be fully responsible for any and all warranty work, regardless of third-party warranty coverage. Vendor shall furnish additional or replacement parts at the same prices, conditions and specifications delineated herein.

13. Indemnification/Limitation of Liability:

Vendor shall indemnify and hold harmless City (including but not limited to its employees, elected and appointed officials, agents and representatives) against any and all losses (including without limitation, loss of use and costs of cover), liability, damage, claims, demands, actions and/or proceedings and all costs and expenses connected therewith (including without limitation attorneys' fees) that arise out of or relate to any claim of infringement of patent, trademark, copyright, trade secret or other intellectual property right related to this Master Purchase Order or that are caused by or the result of any act or omission of Vendor, its agents, suppliers, employees, or representatives. Vendor's obligation shall not apply to any liability or damages which result solely from the negligence of City. City shall not be liable for any consequential, incidental, indirect, special, reliance, or punitive damages or for any lost profits or revenues, regardless of the legal theory under which such liability is asserted. In no event shall City's aggregate liability exceed the agreed upon cost for those goods/services that have been accepted by City under this Master Purchase Order up to the total Master Purchase Order Amount. Notwithstanding anything contained in this Master Purchase Order to the contrary, City in no way limits or waives the rights, immunities and protections provided by C.R.S. § 24-10-101, *et seq.*

14. Termination:

City may terminate this Master Purchase Order, in whole or in part, at any time and for any reason immediately upon written notice to Vendor. In the event of such a termination, City's sole liability shall be limited to payment of the amount due for the goods/services accepted by City. Vendor acknowledges the risks inherent in this termination for convenience and expressly accepts them. Termination by City shall not constitute a waiver of any claims City may have against Vendor.

15. Interference:

Vendor shall notify the Director of Purchasing immediately of any condition that may interfere with the performance of Vendor's obligations under this Master Purchase Order and confirm such notification in writing within twenty-four (24) hours. City's failure to respond to any such notice shall in no way act as a waiver of any rights or remedies City may possess.

16. Venue, Choice of Law and Disputes:

Venue for all legal actions shall lie in the District Court in and for City and County of Denver, State of Colorado, and shall be governed by the laws of the State of Colorado as well as the Charter and Revised Municipal Code, rules, regulations, Executive Orders, and fiscal rules of City. All disputes shall be resolved by administrative hearing, pursuant to the procedure established by D.R.M.C. § 56-106. Director of Purchasing shall render the final determination.

17. Assignment/No Third-Party Beneficiary:

Vendor shall not assign or subcontract any of its rights or obligations under this Master Purchase Order without the written consent of the Executive Director of General Services or his/her delegate. In the event City permits an assignment or subcontract, Vendor shall continue to be liable under this Master Purchase Order and any permitted assignee or subcontractor shall be bound by the terms and conditions contained herein. This Master Purchase Order is intended solely for the benefit of City and Vendor with no third-party beneficiaries.

18. Notice:

Notices shall be made by Vendor to the Director of Purchasing and by City to Vendor at the addresses provided herein, in writing sent registered, return receipt requested.

19. Compliance With Laws:

Vendor shall observe and comply with all federal, state, county, city, and other laws, codes, ordinances, rules, regulations, and executive orders related to its performance under this Master Purchase Order. City may immediately terminate this Master Purchase Order, in whole or in part, if Vendor or an employee is convicted, pleads nolo contendere, or admits culpability to a criminal offense of bribery, kickbacks, collusive bidding, bid-rigging, antitrust, fraud, undue influence, theft, racketeering, extortion or any offense of a similar nature.

20. Insurance:

Vendor agrees to secure, at or before the time of execution of this Master Purchase Order, the following insurance covering all operations, goods or services provided pursuant to this Master Purchase Order. Vendor shall keep the required insurance coverage in force at all times during the term of the Master Purchase Order, including any extension thereof, and during any warranty period. The required insurance shall be underwritten by an insurer licensed or authorized to do business in Colorado and rated by A.M. Best Company as "A-VIII" or better. Each policy shall require notification to the City in the event any of the required policies be canceled or non-renewed before the expiration date thereof. Such written notice shall be sent to the parties identified in the Notices section of this Master Purchase Order. Such notice shall reference the Master Purchase Order listed on the signature page of this Master Purchase Order. Said notice shall be sent thirty (30) days prior to such cancellation or non-renewal unless due to non-payment of premiums for which notice shall be sent ten (10) days prior. If such written notice is unavailable from the insurer, Vendor shall provide written notice of cancellation, non-renewal and any reduction in coverage to the parties identified in the Notices section by certified mail, return receipt requested within three (3) business days of such notice by its insurer(s) and referencing the City's Master Purchase Order. Vendor shall be responsible for the payment of any deductible or self-insured retention. The insurance coverages specified in this Master Purchase Order are the minimum requirements, and these requirements do not lessen or limit the liability of Vendor. Vendor shall maintain, at its own expense, any additional kinds or amounts of insurance that it may deem necessary to cover its obligations and liabilities under this Master Purchase Order.

Vendor may not commence services or work relating to this Master Purchase Order prior to placement of coverages required under this Master Purchase Order. The City requests that the City's contract number be referenced on the certificate of insurance. The City's acceptance of a certificate of insurance or other proof of insurance that does not comply with all insurance requirements set forth in this Master Purchase Order shall not act as a waiver of Vendor's

breach of this Master Purchase Order or of any of the City's rights or remedies under this Master Purchase Order. The City's Risk Management Office may require additional proof of insurance, including but not limited to policies and endorsements. For Commercial General Liability, Auto Liability, and Excess Liability/Umbrella (if required), Vendor and sub-contractor's insurer(s) shall include the City and County of Denver, its elected and appointed officials, employees and volunteers as additional insured. For all coverages required under this Master Purchase Order, Vendor's insurer shall waive subrogation rights against the City. Vendor shall confirm and document that all subcontractors and subconsultants (including independent contractors, suppliers or other entities providing goods or services required by this Master Purchase Order) procure and maintain coverage as approved by Vendor and appropriate to their respective primary business risks considering the nature and scope of services provided. Vendor shall maintain the coverage as required by statute for each work location and shall maintain Employer's Liability insurance with limits of \$100,000 per occurrence for each bodily injury claim, \$100,000 per occurrence for each bodily injury caused by disease claim, and \$500,000 aggregate for all bodily injuries caused by disease claims. Vendor shall maintain a Commercial General Liability insurance policy with minimum limits of \$1,000,000 for each bodily injury and property damage occurrence, \$2,000,000 products and completed operations aggregate (if applicable), and \$2,000,000 policy aggregate. Vendor shall maintain Automobile Liability with minimum limits of \$1,000,000 combined single limit applicable to all owned, hired and non-owned vehicles used in performing services under this Master Purchase Order.

21. Severability:

If any provision of this Master Purchase Order, except for the provisions requiring appropriation and encumbering of funds and limiting the total amount payable by City, is held to be invalid, illegal or unenforceable by a court of competent jurisdiction, the validity of the remaining portions or provisions shall not be affected if the intent of City and Vendor can be fulfilled.

22. Survival:

All terms and conditions of this Master Purchase Order which by their nature must survive termination/expiration shall so survive. Without limiting the foregoing, Vendor's insurance, warranty, and indemnity obligations shall survive for the relevant warranty or statutes of limitation period plus the time necessary to fully resolve any claims, matters or actions begun within that period.

23. No Construction Against Drafting Party:

No provision of this Master Purchase Order shall be construed against the drafter.

24. Status of Vendor/Ownership of Work Product:

Vendor is an independent contractor retained on a contractual basis to perform services for a limited period of time as described in Section 9.1.1E(x) of the Charter of City. Vendor and its employees are not employees or officers of City under Chapter 18 of the D.R.M.C. for any purpose whatsoever. All goods, deliverables, hardware, plans, drawings, reports, submittals and all other documents or things furnished to City by Vendor shall become and are the property of City, without restriction. Ownership rights shall include, but not be limited to, the right to copy, publish, display, transfer, prepare derivative works, or otherwise use materials. Software licenses terms may be incorporated herein by an End User License Agreement signed by the Director of Purchasing. Any 'click-wrap' electronic acceptance or other terms and conditions not agreed to in writing by the Director of Purchasing are of no force and effect.

25. Examination of Records and Audits:

Any authorized agent of the City, including the City Auditor or his or her representative, has the right to access, and the right to examine, copy and retain copies, at City's election in paper or electronic form, any pertinent books, documents, papers and records related to Vendor's performance pursuant to this Master Purchase Order, provision of any goods or services to the City, and any other transactions related to this Master Purchase Order. Vendor shall cooperate with City representatives and City representatives shall be granted access to the foregoing documents and information during reasonable business hours and until the latter of three (3) years after the final payment under the Master Purchase Order or expiration of the applicable statute of limitations. When conducting an audit of this Master Purchase Order, the City Auditor shall be subject to government auditing standards issued by the United States Government Accountability Office by the Comptroller General of the United States, including with respect to disclosure of information acquired during the course of an audit. No examination of records and audits pursuant to this paragraph shall require Vendor to make disclosures in violation of state or federal privacy laws. Vendor shall at all times comply with D.R.M.C. 20-276.

26. Remedies/Waiver:

No remedy specified herein shall limit any other rights and remedies of City at law or in equity. No waiver of any breach shall be construed as a waiver of any other breach.

27. No Discrimination in Employment:

In connection with the performance of work under the Master Purchase Order, the Vendor may not refuse to hire, discharge, promote, demote, or discriminate in matters of compensation against any person otherwise qualified, solely because of race, color, religion, national origin, ethnicity, citizenship, immigration status, gender, age, sexual orientation, gender identity, gender expression, marital status, source of income, military status, protective hairstyle, or disability. Vendor shall insert the foregoing provision in all subcontracts.

28. Use, Possession or Sale of Alcohol or Drugs:

Vendor shall cooperate and comply with the provisions of Executive Order 94. Violation may result in City terminating this Master Purchase Order or barring Vendor from City facilities or from participating in City operations.

29. Conflict of Interest:

No employee of City shall have any personal or beneficial interest in the goods/services described in this Master Purchase Order; and Vendor shall not hire or contract for services any employee or officer of City which would be in violation of City's Code of Ethics, D.R.M.C. §2-51, et seq. or the Charter §§ 1.2.8, 1.2.9, and 1.2.12.

30. Advertising and Public Disclosure:

Vendor shall not include any reference to the Master Purchase Order or to services performed or goods purchased pursuant to the Master Purchase Order in any of Vendor's advertising or public relations materials without first obtaining the written approval of the Director of Purchasing.

31. Intellectual Property:

Any research, reports, studies, data, photographs, negatives or other documents, drawings or materials (collectively "materials") delivered by Vendor in performance of its obligations under this Master Purchase Order shall be the exclusive property of City. Ownership rights shall include, but not be limited to the right to copy, publish, display, transfer, prepare derivative works, or otherwise use materials. Software license terms may be incorporated herein by an End User License Agreement signed by the Director of Purchasing. Any 'click-wrap' agreement, terms of use, electronic acceptance or other terms and conditions not agreed to in writing by the Director of Purchasing are of no force and effect.

32. Accessibility and ADA Website Compliance:

Vendor shall comply with, and the products and services provided under this Agreement shall be in compliance with, all applicable provisions of §§ 24-85-101, et seq., C.R.S., and the Accessibility Standards for Individuals with a Disability, as established pursuant to Section § 24-85-103 (2.5), C.R.S. (collectively, the "Guidelines"), to the extent required by law. Vendor shall also comply with Level AA of the most current version of the Web Content Accessibility Guidelines (WCAG), incorporated in the State of Colorado technology standards.

33. Federal Provisions:

Where the source of the funds, directly or indirectly for this Purchase Order is the Federal Government, Vendor agrees to the applicable provisions set out below. Vendor shall be responsible for determining which terms are applicable to its products and/or services.

EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE Vendor agrees to comply with Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity," as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR Part 60). **DAVIS-BACON ACT COMPLIANCE** Vendor agrees to comply with the Davis-Bacon Act (40 U.S.C. 3148 to 3148) as supplemented by Department of Labor regulations (29 CFR part 5). **ANTI-KICKBACK ACT COMPLIANCE** Vendor agrees to comply with the Copeland "Anti-Kickback" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3). **CONTRACT WORK HOURS AND SAFETY STANDARDS** Vendor agrees to comply with Sections 102 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-333), as supplemented by Department of Labor regulations (29 CFR part 5) **RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT** Vendor agrees to comply with 37 CFR part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency. **CLEAN AIR AND WATER REQUIREMENTS** Vendor agrees to comply with all applicable standards, orders, or requirements issued under the Clean Air Act (42 U.S.C. 7401 et. seq.), and the Clean Water Act (33 U.S.C. 1251 et. seq.). Vendor agrees to report each violation of these requirements to the City and understands and agrees that the City will, in turn, report each violation as required to the appropriate EPA regional office. **ENERGY CONSERVATION REQUIREMENTS** Vendor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act. (42 U.S.C. 6201) **NO**

SUSPENSION OR DEBARMENT Vendor certifies that neither it nor its Principals or any of its subcontractors is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this Agreement by any Federal department or agency. **BYRD ANTI-LOBBYING.** If the Maximum Contract Amount exceeds \$100,000, Vendor must complete and submit to the City a required certification form provided by the City certifying that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress in connection with obtaining any Federal contract grant of any other award covered by 31 U.S.C. 1352. Vendor must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award.

34. Prevailing Wages:

- a. **Vendor** shall comply with, and agrees to be bound by, all requirements, conditions and City determinations regarding the Payment of Prevailing Wages Ordinance, Sections 20-76 through 20-79, D.R.M.C. including, but not limited to, the requirement that every covered worker working on a City owned or leased building or on City-owned land shall be paid no less than the prevailing wages and fringe benefits in effect on the date the bid or request for proposal was advertised. In the event a request for bids, or a request for proposal, was not advertised, Vendor shall pay every covered worker no less than the prevailing wages and fringe benefits in effect on the date funds for the contract were encumbered.
- b. Contract opportunity was not advertised, date of execution 3/27/2025.
 - (1) Sample wages rates can be found at the following link; however, contact the assigned prevailing wage analyst or technician for the wage schedule(s) assigned to your project. <https://www.denverauditor.org/denverlabor/>
 - (2) Increases in prevailing wages subsequent to the date of the contract for a period not to exceed one (1) year shall not be mandatory on either Vendor or subcontractors. Future changes in prevailing wages on contracts whose period of performance exceeds one (1) year shall be mandatory for Vendor and subcontractors only on the yearly anniversary of the actual date of bid or proposal issuance, if applicable, or the date of the written encumbrance if no bid/proposal issuance date is applicable. Prevailing wage and fringe rates will adjust on the yearly anniversary of the actual date of bid or proposal issuance, if applicable, or the date of the written encumbrance if no bid/proposal issuance date is applicable. Unless expressly provided for in this Master Purchase Order, Vendor will receive no additional compensation for increases in prevailing wages or fringe benefits.
 - (3) Vendor shall provide the Auditor with a list of all subcontractors providing any services under the contract. Vendor shall provide the Auditor with electronically-certified payroll records for all covered workers employed under the contract.
 - (4) Vendor shall prominently post at the work site the current prevailing wage and fringe benefit rates. The posting must inform workers that any complaints regarding the payment of prevailing wages or fringe benefits may be submitted to the Denver Auditor by calling 720-913-5000 or emailing auditor@denvergov.org.
 - (5) If Vendor fails to pay workers as required by the Prevailing Wage Ordinance, Vendor will not be paid until documentation of payment satisfactory to the Auditor has been provided. The City may, by written notice, suspend or terminate work if Vendor fails to pay required wages and fringe benefits.

This Master Purchase Order is acknowledged and agreed to by:

EXHIBIT "A"

Vendor: National Car Charging, LLC
Solicitation/ Award Title: ChargePoint Charging Stations
Solicitation No. /Internal File Reference Location: 16009L

It is recommended that you use your Supplier Contract No. SC-00010195, in all future correspondence and/or other communications.

Description of the goods, and services related thereto, being purchased and pricing:

A.1 SPECIFICATIONS AND SCOPE OF WORK

This contract includes all hardware (inclusive of original equipment purchases and replacement parts), software, and support services (e.g., training, repair, professional services, consulting services, project development, etc.) to develop, install, maintain, and repair the applicable Level 2 or 3 charging station.

1. Level 2 – EV Chargers (Hardware/Software/Support Services); and
2. Level 3 – DC Fast Chargers (Hardware/Software/Support Services).

A.2 ACRONYMS AND DEFINITIONS

A.2.a Acronyms:

EV - Electric Vehicle
EVSE - Electric Vehicle Supply Equipment
IEEE - Institute of Electrical and Electronics Engineers
NEC - National Electrical Code
NEMA - National Electrical Manufacturers Association
AC - Alternating Current
DC – Direct Current
ZEV – Zero Emission Vehicle

A.2.b Definitions:

1. **AC CHARGING:** The majority of ZEV charging is done with AC voltage at Level 1 (120 volts or normal household current) or Level 2 (240 volts or an electric dryer power equivalent). AC charging is typically more cost effective for the equipment and installation and takes advantage of longer dwell times to provide lower power to a ZEV over a longer period of time. AC charging is an excellent solution for residential, workplace, multi-unit dwelling and other longer-term parking situations like hotels and municipal or airport parking garages.
2. **DC FAST CHARGING:** Direct current charging for electric vehicles allows for higher charging speeds, as DC current can be supplied directly to the electric vehicle's battery at power levels normally higher than AC charging. The higher the DC power supplied, the faster the electric vehicle can be charged, provided the vehicle is designed to handle such power. A common DC power is 50 kW. Currently, 250+ kW DC fast charging is available on a number of vehicles, and speeds of up to 320 kW (at 350 amps of current at 200V to 920V power source) will be available on a limited basis. To illustrate the charging power difference between Level 2 AC and DC fast charging, a Level 2 7.2 kW AC charger will deliver about 27 miles of ZEV range per hour of charging, whereas a 50 kW DC fast charger will deliver well over 100 miles of range per hour.
3. **HIGHER POWER DC FAST CHARGING:** New technology developments will feature 150 kW to 320 kW of charging power, capable of adding electricity to a new generation of longer-range ZEVs at a rate of between 9 and 19 miles per minute. Not only will these new chargers deliver higher charging power, the 350 amps of current they

use will necessitate the use of liquid cooled charging cables to present an easier-to-handle, thinner cable with which customers will be able to charge their vehicles.

4. **OPEN CHARGE POINT PROTOCOL (OCPP):** The Open Charge Alliance (OCA) is a global consortium of public and private electric vehicle (EV) infrastructure leaders that have come together to promote open standards. OCPP is the protocol they have developed to provide powerful, open, and interoperable communication between the different ZEV charging infrastructure companies, hardware and network.
5. **PLUG & CHARGE:** Plug-and-charge is part of the latest revision of the CCS combo standard, featuring the IEC/ISO 15118 standard which prescribes the means by which a charger and network can identify and authenticate a specific vehicle to allow for a charging session automatically, by simply “plugging in”, without the need for supplemental membership cards or fobs.
6. **ZERO EMISSION VEHICLE (ZEV):** The following three vehicle types are considered Zero Emission Vehicles:
 - a. An on-road passenger car or light duty vehicle, light duty truck, medium duty vehicle, or heavy-duty vehicle that produces zero exhaust emissions of all of the following pollutants: non-methane organic gases, carbon monoxide, particulate matter, carbon dioxide, methane, formaldehyde, oxides of nitrogen, or nitrous oxide, including, but not limited to, battery electric vehicles (“BEV”) and fuel cell vehicles (“FEV”)
 - b. An on-road plug-in hybrid electric vehicle (“PHEV”) with zero emission range greater than 35 miles as measured on the federal Urban Dynamometer Driving Schedule (“UDDS”) in the case of passenger cars, light duty vehicles and light duty trucks, and 10 miles as measured on the federal UDDS in the case of medium- and heavy-duty vehicles; or
 - c. An on-road heavy-duty vehicle with an electric powered takeoff. ZEVs do not include: zero emission off-road equipment and vehicles; zero emission light rail; additions to transit bus fleets utilizing existing catenary electric power; or any vehicle not capable of being licensed for use on public roads.

A.3 GENERAL COMPONENTS

Necessary Components - Vendor shall have the ability to provide all EVSE components, hardware, software, and parts necessary for the proper assembly and operation of the EVSE. All EVSE components, hardware and parts must be new and unused. Vendor shall have the ability to provide the following:

A.3.a Documentation, and Technical Support

1. Documentation: On the first delivery of each type of EVSE to City, Vendor shall make available files, access, login, licensing, manuals, etc., which will contain documentation for the EVSE that provides instructions on how to operate and maintain the EVSE. Vendor shall allow City to post the documentation on their intranet site. Vendor shall notify City when documentation updates are published and provide updates free of charge to City upon request.
2. Technical Support: Vendor shall provide customer support service (telephone or e-mail) during normal business hours to City during the warranty period and beyond the warranty period that allows City to request repairs and troubleshoot technical problems with Vendor’s technicians.
3. Training Support: Vendor shall also provide options for training and support services to City on the proper function and general support of the purchased equipment and software.

A.3.b Physical Appearance, Function and Design

1. The EVSE utilizes tamper-resistant screws and design, with a locked or easy opening mechanism for service work.
2. EVSE Enclosure: The EVSE enclosure is constructed for use outdoors in accordance with UL 50, Standard for Enclosures for Electrical Equipment, NEMA Type 3R or equivalent in accordance with or otherwise meeting the requirements of ORS 479.610-760.
3. Environmental: The EVSE is capable of operating without any decrease in performance over an ambient temperature range of minus 22 to 122 degrees Fahrenheit.
4. The EVSE must be capable of serving a minimum of one EV.

5. Cord Management System: The EVSE incorporates a cord management system or method to minimize the potential for cable entanglement, user injury or connector damage from lying on the ground and comply with NEC articles 625 as it applies to cord management systems. City may request cord lengths of plus or minus 20 feet within the respective category standard industry cord length
6. The EVSE provides the option for a payment or access control options to allow users to authenticate using a credit card, RFID device, password, or other identifying method. This access needs to also have backend capabilities to collect payment or provide reporting mechanisms such that another system would be able to collect payment. If these functions aren't available, the EVSE contractor must provide an alternative method.

A.4 NETWORKING

1. Must connect to a network via cellular connection using multiple carriers. No Wi-Fi or LAN connectivity (poses a security risk).
2. Network must be PCI (Payment Card Industry) Compliant. PCI compliance is mandatory when stations are capable of taking payment for charging.
3. Network must provide the option to collect revenue from the driver.
4. Network must provide various options for remote management and access control.
5. Standards based interface for energy management; and
6. Ability to manage electrical load: set allowed load based on percentage of current load or set maximum load (kwh). This prevents Demand Charges and manages energy usage.

A.5 FLEET CHARGING NETWORK

1. Track Vehicle Usage to receive real-time information on fleet vehicles whenever they are plugged into a charging station. Track the location and station where your vehicles are charging, know when they are fully charged and view usage reports both by vehicle and by fleet.).
2. Fleet Card Service: Fleet vehicles may need to charge on route. Allows drivers to pay for charging at public stations that require payment. All charging activities and fees are tracked, and entities can pay for charging through a purchase order and invoicing or, optionally, by credit card.
3. Integration with fleet fuel cards, telematics and asset management systems.
4. Ability to schedule charging to account for peak and off-peak pricing; and
5. Must be able to set the price that drivers pay to use charging stations based on energy cost, duration, time of use, session length or driver group. This would include the ability to modify and/or delete various pricing options.

A.6 DELIVERY, INSTALLATION, AND SITE PREPARATION

Vendor's Responsibilities

Delivery shall not be considered to have occurred until installation has been completed and hardware/software is fully functional. Upon completion of the installation, the Vendor shall remove and properly dispose of all waste and debris from the installation site. Vendor shall be responsible for leaving the installation area clean and ready to use.

If Vendor is responsible for installation via their own oversight or a subcontractor, basic Installation shall include:

1. Travel time/labor based on an individual user State's travel per diem rates.
2. Complying with City's Prevailing Wage program
3. Permitting for work performed.
4. Installation of circuit breaker in electrical distribution panel (price is based on assumption that adequate space is available in electrical panel for additional breaker/load).
5. Installation of conduit and wire within interior of building, from location of electrical distribution panel to exterior wall (exit point to exterior of building).
6. Installation of conduit and wire, from exterior wall/exit point of building to EV charging station or PVC/ground-entrance point (if required).
7. Installation of PVC conduit and wire (in applications where underground conduit runs are necessary/required).
8. Supply and installation of all necessary junction boxes, fittings and connectors, and all other items/materials required for proper and code-compliant installation (Does not include additional power distribution equipment,

- devices, or other material that is outside of the scope of work required for installation of basic unit, or necessitated by a lack of available panel space, etc.); and
9. Installation of EV Charging Unit.
 10. Commissioning and testing of EV charging units

A.7 MAINTENANCE AND REPAIR SERVICES

Vendor shall provide a comprehensive maintenance and repair solution for any EV charging infrastructure installed under this contract.

A.7.a Preventive Maintenance

Vendor are required to minimally conduct annual preventative maintenance, such as:

1. Creating a maintenance plan
2. Visually inspecting the equipment for damage
3. Testing the user interface to make sure it works correctly supplies the power it's rated to supply and that built-in safety mechanisms are functioning.
4. Annual EV station parking stall line painting and stencil refresh.
5. Inspection of signs and bollards.

A.7.b Corrective Maintenance

1. Vendor will also be responsible for corrective maintenance to include repairs for accidental damage to ensure:
 - a. 97% uptime
 - b. Repairs initiated within 2 business days
 - c. Basic parts warehousing to meet timeframe
 - d. Inventory/software/warranty database and service requests
 - i. Update main tracking mechanism with service requests, date of requests, warranty claims, outages, software renewal dates, and preventative maintenance.
2. Vendor required to provide maintenance, upkeep, or support services for EVSE infrastructure already owned by the City.

A.8 NEW PRODUCT AND SERVICE ADDITIONS

The contract may be modified to incorporate new technology or technological upgrades associated with items listed above, including new or upgraded:

- a. systems
- b. apparatuses
- c. modules
- d. components and
- e. other supplementary items.

Further, a maintenance or service agreement associated with the items listed in this contract may be modified to include any new technology or technological upgrades. Any contract modification incorporating new technology or technological upgrades will be specific to the items listed in this contract.

A.8.a Catalog Updates.

Vendor may only add and provide new products and services to those Award Categories stated in Section A.1. Such catalog updates will be considered no more than once per calendar quarter.

A.8.b Minimum Discount % Maintained.

At a minimum, the discount % for each Award Category Vendor is awarded in must be extended to all new product additions to that Category throughout the contract term.

A.9 VENDOR PERFORMANCE MANAGEMENT:

The Purchasing Department may administer a vendor performance management program as part this Master Purchase Order. The purpose of this program is to create a method for documenting and advising the Purchasing Department of exceptional performance or any problems related to purchased goods and/or related services.

Awarded vendors are required to furnish a performance report to the buyer on an annual basis, no later than the anniversary date of the applicable Master Purchase Order or City Contract, providing at a minimum the following information

FOR GOODS AND RELATED SERVICES (if applicable)

- Total dollar value of purchases per City Agency
- Total number of transactions per City Agency
- Percentage of items shipped from local stock
- Percentage of items backordered
- Average delivery time for stock material
- Average delivery time for backorders

Vendor may also be required to provide additional specific reporting/data as required.

A.10 PRICING

See the attached Exhibit B Pricing Table.

Additional Services

CPSUPPORT-ACTIVE	ChargePoint's Activation service ensures a seamless EV charging station setup, from order to activation. Activation includes station owner and installer onboarding, quality installation validation, early station performance support, and provisions stations on our network, ensuring a smooth and reliable deployment experience. Priced per station. Does not apply to CPF50 stations. For activating 10-or-more stations per site call ChargePoint sales.	\$249	5.0%	\$236.55	Price Reduction
CPSUPPORT-ACTIVE (10+ or reactivation)	ChargePoint's Activation service ensures a seamless EV charging station setup, from order to activation. Activation includes station owner and installer onboarding, quality installation validation, early station performance support, and provisions stations on our network, ensuring a smooth and reliable deployment experience. Priced per station. Does not apply to CPF50 stations. For activating 10-or-more stations per site call ChargePoint sales.	\$125	5.0%	\$118.75	Price Reduction
CP6000-INSTALL-COMMISSIONING	Customer works with their own contractor to perform all construction up to the point where the stations can be bolted down and connected. ChargePoint will then engage an authorized ChargePoint Partner to install the station on the prepared site and commission the station. This includes validating that the electrical capacity, transformers, panels, breakers, wiring, cellular coverage and station installation all meet ChargePoint published requirements and local codes. Upon successful commissioning, the customer will be eligible to obtain warranty coverage under a ChargePoint Maintenance plan, sold separately. Priced per CP6000 station.	\$1,260	5.0%	\$1,197.00

CPSUPPORT-ACTIVE (10+ or reactivation)	ChargePoint's Activation service ensures a seamless EV charging station setup, from order to activation. Activation includes station owner and installer onboarding, quality installation validation, early station performance support, and provisions stations on our network, ensuring a smooth and reliable deployment experience. Priced per station. Does not apply to CPF50 stations. For activating 10-or-more stations per site call ChargePoint sales.	\$125	5.0%	\$118.75	Price Reduction

Order Code	Product Description	Current USD List Price	NASPO Discount	Final NASPO Price (incl. shipping)
CT4000-INSTALLCOMMISSIONING	Customer works with their own contractor to perform all construction up to the point where the stations can be bolted down and connected. ChargePoint will then engage an authorized ChargePoint Partner to install the station on the prepared site and commission the station. This includes validating that the electrical capacity, transformers, panels, breakers, wiring, cellular coverage and station installation all meet ChargePoint published requirements and local codes. Upon successful commissioning, the customer will be eligible to obtain warranty coverage under a ChargePoint Maintenance plan, sold separately. Priced per CT4000 station.	\$1,260	5.0%	\$1,197.00

You are able to perform the electrical safety test, fill the report and send it to the correct personnel. Onsite trainings are arranged at Kempower Headquarters. Training length is maximum 8 hours for onsite trainings. One-time, 6-10 attendees in person.	\$ 4,671	0.1%	\$4,666.33
9990053	COMMISSIONING TRAINING (online). Half-day certification training for Commissioning Kempower charging equipment. Target audience: Charger commissioners. After the training you are able to critically review the installation, configure the system using the Kempower commissioning tool, perform necessary troubleshooting to find installation errors, perform the commissioning check, fill the commissioning checklist and upload the necessary documents onto the ChargeEye Cloud System. Online trainings are arranged via Teams. Training length is maximum 4 hours for online trainings.	\$ 1,569	0.1%	\$1,567.43
9990052	COMMISSIONING TRAINING (in person). Half-day certification training for Commissioning Kempower charging equipment. Target audience: Charger commissioners. After the training you are able to critically review the installation, configure the system using the Kempower commissioning tool, perform necessary troubleshooting to find installation errors, perform the commissioning check, fill the commissioning checklist and upload the necessary documents onto the ChargeEye Cloud System. Onsite trainings are at Kempower Headquarters. Training length is maximum 8 hours for onsite trainings. One-time, up to 5 attendees in person.	\$ 2,984	0.1%	\$2,981.02
9990068	COMMISSIONING TRAINING (in person). Half-day certification training for Commissioning Kempower charging equipment. Target audience: Charger commissioners. After the training you are able to critically review the installation, configure the system using the Kempower commissioning tool, perform necessary troubleshooting to find installation errors, perform the commissioning check, fill the commissioning checklist and upload the necessary documents onto the ChargeEye Cloud System. Onsite trainings are at Kempower Headquarters. Training length is maximum 8 hours for onsite trainings. One-time, 6-10 attendees in person.	\$ 4,671	0.1%	\$4,666.33
9990049	SERVICE AND MAINTENANCE TRAINING (online). Half-day certification training for service and maintenance of Kempower charging equipment. Target audience: Clients and partners' maintenance technicians. After this training, you know how to follow the preventive maintenance plan, and you can perform all preventive maintenance tasks. You know the critical safety concerns regarding charger maintenance. You know how to perform troubleshooting and diagnostics utilizing ChargeEye cloud. You have gained some hands-on experience with Kempower chargers, and you can use the ChargeEye commissioning and maintenance tools. You are given access to Kempower Service documentation. Online trainings are arranged via Teams. Training length is maximum 4 hours for online trainings.	\$ 1,569	0.1%	\$1,567.43

9990048	SERVICE AND MAINTENANCE TRAINING (in person). Half-day certification training for service and maintenance of Kempower charging equipment. Target audience: Clients and partners' maintenance technicians. After this training, you know how to follow the preventive maintenance plan, and you can perform all preventive maintenance tasks. You know the critical safety concerns regarding charger maintenance. You know how to perform troubleshooting and diagnostics utilizing ChargeEye cloud. You have gained some hands-on experience with Kempower chargers, and you can use the ChargeEye commissioning and maintenance tools. You are given access to Kempower Service documentation. Online trainings are arranged via Teams. Training length is maximum 8 hours for onsite trainings. One-time, up to 5 attendees in person.	\$ 2,984	0.1%	\$2,981.02

Additional Services					
CPSUPPORT-ACTIVE	ChargePoint's Activation service ensures a seamless EV charging station setup, from order to activation. Activation includes station owner and installer onboarding, quality installation validation, early station performance support, and provisions stations on our network, ensuring a smooth and reliable deployment experience. Priced per station. Does not apply to CPF50 stations. For activating 10-or-more stations per site call ChargePoint sales.	\$249	5.0%	\$236.55	Price Reduction
CPSUPPORT-ACTIVE (10+ or reactivation)	ChargePoint's Activation service ensures a seamless EV charging station setup, from order to activation. Activation includes station owner and installer onboarding, quality installation validation, early station performance support, and provisions stations on our network, ensuring a smooth and reliable deployment experience. Priced per station. Does not apply to CPF50 stations. For activating 10-or-more stations per site call ChargePoint sales.	\$125	5.0%	\$118.75	Price Reduction
CPE280-COMMISSIONING	This service includes on-site validation of electrical capacity, transformers, panels, breakers, wiring, cellular coverage so that the station meets all ChargePoint and local code requirements. In addition to verifying and testing the installation, Commissioning also ensures the station is connected to the ChargePoint network, completing software updates and pairing configuration if applicable. In parallel, the ChargePoint Activations team will configure the station and apply policies according to the customer's specifications. A final Commissioning Report will be provided to the customer. Note that if Commissioning cannot be performed due to site or installation deficiencies for which ChargePoint is not responsible, the customer will incur a fee for the service. For more information, please contact your ChargePoint account manager.	\$1,230	5.0%	\$1,168.50	
CPE280-PAIRED-COMMISSIONING	This service includes on-site validation of electrical capacity, transformers, panels, breakers, wiring, cellular coverage so that the station meets all ChargePoint and local code requirements. In addition to verifying and testing the installation, Commissioning also ensures the station is connected to the ChargePoint network, completing software updates and pairing configuration if applicable. EXPP-PL1000-COMMISSIONING	The Commissioning service includes on-site validation of electrical capacity, transformers, panels, breakers, wiring, cellular coverage and that the station installation meets all ChargePoint published requirements and local codes. In addition to verifying and testing the installation, the Commissioning service includes ensuring the ChargePoint station is connected to the ChargePoint network, to properly establish communications, ensure the software is up to date, and perform pairing configuration, if required. In conjunction with Commissioning, the ChargePoint Activations team will configure the station and apply policies according to the customer's specifications. A final Commissioning Report will be provided to the customer. Note that if Commissioning cannot be performed to completion due to site or installation deficiencies, the customer will incur a rescheduling fee to repeat the service after site deficiencies are corrected.	\$850	5.0%	\$807.50
EXPP-PL1000-INSTALL-COMMISSIONING	This service includes both the Installation and Commissioning of the Express Plus Power Link charging station. Customers must work with their contractor to perform all construction (the "make ready") up to the point where the station can be bolted down and connected. ChargePoint will then perform the on-site validation of electrical capacity, transformers, panels, breakers, wiring, cellular coverage so that they meet all ChargePoint and local code requirements, then install and commission the station. Before installation can begin, ChargePoint requires the customer's "make ready" contractor to submit evidence of adherence to ChargePoint's standards and specifications. In addition to verifying and testing the installation, Commissioning also ensures the station is connected to the ChargePoint network, completing software updates and pairing configuration if applicable. In parallel, the ChargePoint Activations team will configure the station and apply policies according to the customer's specifications. A final Commissioning Report will be provided to the customer. Note that if Commissioning cannot be performed due to site or installation deficiencies for which ChargePoint is not responsible, the customer will incur a rescheduling fee to cover redeployment costs. Priced per ExpressPlus PowerLink.	\$2,350	5.0%	\$2,232.50
EXPP-PL2000-COMMISSIONING	This service includes on-site validation of electrical capacity, customer-side transformers, panels, breakers, wiring, cellular coverage so that the station meets all ChargePoint and local code requirements. In addition to verifying and testing the installation, Commissioning also ensures the station is connected to the ChargePoint network, completing software updates and pairing configuration if applicable. In parallel, the ChargePoint Activations team will configure the station and apply policies according to the customer's specifications. A final Commissioning Report will be provided to the customer. Note that if Commissioning cannot be performed due to site or installation deficiencies for which ChargePoint is not responsible, the customer will incur a rescheduling fee to cover redeployment costs. Note that if Commissioning cannot be performed due to site or installation deficiencies for which ChargePoint is not responsible, the customer will incur a rescheduling fee to cover redeployment costs. Priced per ExpressPlus PowerLink.	\$2,350	5.0%	\$2,232.50
EXPP-HUB-COMMISSIONING	This service includes on-site validation of electrical capacity, transformers, panels, breakers, wiring, cellular coverage so that the station meets all ChargePoint and local code requirements. A final Commissioning Report will be provided to the customer. Note that if Commissioning cannot be performed due to site or installation deficiencies for which ChargePoint is not responsible, the customer will incur a rescheduling fee to cover redeployment costs. Priced per Express Plus Power Hub.	\$550	5.0%	\$522.50
EXPP-HUB-INSTALL-COMMISSIONING	This service includes both the Installation and Commissioning of the Express Plus Power Hub. Commissioning is required for all Express Plus Powerhubs. Customers must work with their contractor to perform all construction (the "make ready") up to the point where the Express Plus Block can be bolted down and connected. ChargePoint will then perform the on-site validation of electrical capacity, transformers, panels, breakers, wiring, cellular coverage so that they meet all ChargePoint and local code requirements, then install and commission the station. Before installation can begin, ChargePoint requires the customer's "make ready" contractor to submit evidence of adherence to ChargePoint's standards and specifications. A final Commissioning Report will be provided to the customer. Note that if Commissioning cannot be performed due to site or installation deficiencies for which ChargePoint is not responsible, the customer will incur a rescheduling fee to cover redeployment costs. Priced per Express Plus Power Hub.	\$2,220	5.0%	\$2,109.00

TM-DataHub-Global-NA-SIM	DataHub with Global Modem with inserted AT&T SIM card	\$1,180	5.0%	\$1,121.00	New Item
TM-OVM-ANT-5	3in1 Antenna (outside vehicle mounted) - 5m	\$120	5.0%	\$114.00	New Item
TM-OVM-ANT-7	3in1 Antenna (outside vehicle mounted) - 7m	\$120	5.0%	\$114.00	New Item

Software

CPCLD-FLT-TELEMAT-DH-BASE-EV	Annual per vehicle fee for basic telematics software features, including live vehicle monitoring and reporting; for electric vehicles equipped with a DataHub; Base license	\$780	5.0%	\$741.00	New Item
CPCLD-FLT-TELEMAT-DH-BASE-NONEV	Annual per vehicle fee for basic telematics software features, including live vehicle monitoring and reporting; for non-electric vehicles equipped with a DataHub; Base license	\$480	5.0%	\$456.00	New Item
CPCLD-FLT-TELEMAT-API-ONLY	Annual per vehicle fee for telematics API features, including access to raw parameters from CAN	\$300	5.0%	\$285.00	New Item
CPCLD-FLT-TELEMAT-DH-VEHICLE-INSIGHTS	Annual per vehicle fee for vehicle data analysis and insights features; for vehicles equipped with a DataHub; Add-On to Base license	\$192	5.0%	\$182.40	New Item
CPCLD-FLT-TELEMAT-DH-BATTERY-HEALTH	Annual per vehicle fee for software features assessing the actual state of health of the battery; for vehicles equipped with a DataHub; Add-On to Base license	\$504	5.0%	\$478.80	New Item
CPCLD-FLT-TELEMAT-DH-BATTERY-HEALTH	Annual per vehicle fee for software features assessing the actual state of health of the battery; for vehicles equipped with a DataHub; Add-On to Base license	\$504	5.0%	\$478.80	New Item
CPCLD-FLT-TELEMAT-DH-GEOFENCED-CONTROL	Annual per vehicle fee for geofenced control features, such as turning the EV Mode on/off on a hybrid vehicle in geofenced areas; for vehicles equipped with a DataHub; Add-On to Base license	\$144	5.0%	\$136.80	New Item
CPCLD-FLT-TELEMAT-DH-SMARTDRIVING	Annual per vehicle fee for smart driving telematics software features; for vehicles equipped with a DataHub	\$168	5.0%	\$159.60	New Item
CPCLD-FLT-TELEMAT-DH-HVIP	Annual per vehicle fee for localized reporting to meet specific government requirements, including additional vehicle data (HVIP in California); for vehicles equipped with a DataHub; Add-On to Vehicle Insights license	\$180	5.0%	\$171.00	New Item

Services

FLT-TELEMAT-DH-WARRANTY-EXTENSION	One-time fee per DataHub to extend the warranty for one extra year (10% of HW costs)	\$100	5.0%	\$95.00	New Item
FLT-TELEMAT-DH-ACTIVATION	One-time support fee per vehicle for DataHub installation and activation	\$75	5.0%	\$71.25	New Item
FLT-ST-MGMT-ACTIVATION	One-time per port fee for station activation support	\$40	5.0%	\$38.00	New Item
FLT-TELEMAT-DH-INSTALLATION	One-time fee per vehicle for installation of a DataHub; Minimum of four DataHub installations required per day	\$699	5.0%	\$664.05	New Item
FLT-TRAINING-ONSITE	One full day of on-site training after project implementation	\$1,999	5.0%	\$1,899.05	New Item

ChargePoint Spare Parts

CCOM-380MMDISPLAY-NO-CAMERA-F	Replacement 380mm (15") control and communications unit for Express Plus Power Link with display and no antenna.	\$5,330	10.0%	\$4,797.00
CCOM-DISPLAY-NO CAMERA	CCOM-DISPLAY-NO CAMERA	\$2,430	10.0%	\$2,187.00
CCOM-NO DISPLAY-NO CAMERA	CCOM-NO DISPLAY-NO CAMERA	\$2,690	10.0%	\$2,421.00
CPE250 Coolant Tube Assembly ADV FRU Kit	CPE250 Coolant Tube Assembly ADV FRU Kit	\$1,350	0.1%	\$1,348.65
CPE250 Hall Effect Sensor Repair ADV FRU Kit	CPE250 Hall Effect Sensor Repair ADV FRU Kit	\$655	5.0%	\$622.25
CPE250 Touch Screen Lens ADV FRU Kit	CPE250 Touch Screen Lens ADV FRU Kit	\$210	5.0%	\$199.50
CPE250-3-0LUGS-F	3/0 T&B lugs used in pairing of CPE250. Includes 4 lugs per pack. One pack per station	\$210	5.0%	\$199.50
CPE250-4-0LUGS-F	4/0 T&B lugs used in pairing of CPE250. Includes 4 lugs per pack. One pack per station	\$265	5.0%	\$251.75
CPE250-Adapter	Adapter that allows a CPE250 to be installed on a concrete base/pad designed for CPE200, Black	\$1,070	5.0%	\$1,016.50
CPE250-AREALIGHT-F	Area Light bar for CPE250 with new configuration.	\$445	5.0%	\$422.75
CPE250-AUXPOWER-F	Auxiliary power supply for CPE250	\$2,835	5.0%	\$2,693.25
CPE250-CABLE-CCS1-200A-F	200A CCS1 UL listed and CE marked replacement charging cable for CPE250	\$5,400	5.0%	\$5,130.00
CPE250-CABLE-CCS1-CCS2-F	Replacement for CCS2 and CCS1 standard length cable for CPE250 (includes swing arm assembly). No CE marking or UL listing	\$15,150	5.0%	\$14,392.50
CPE250-CABLE-CCS1-CHD-F	Replacement for CCS1 and CHAdEMO standard length cable for CPE250, includes swing arm assembly	\$15,130	5.0%	\$14,373.50
CPE250-CABLE-CHD-140A-F	140A CHAdEMO UL listed replacement charging cable for CPE250	\$3,930	5.0%	\$3,733.50
CPE250-CCOM-NA-F	Control and communications unit for CPE250 and EXPP, includes North America modem	\$5,910	5.0%	\$5,614.50
CPE250-CONTACTBOX-F	Replacement Contactor Assembly for CPE250	\$4,410	5.0%	\$4,189.50
CPE250-COOLANT-F	Replacement coolant for the cooling system of the CPE250	\$280	5.0%	\$266.00
CPE250-COOLING CTRLR-F	Controller for the CPE250 cooling sub-assembly	\$785	5.0%	\$745.75
CPE250-DCC-F	Station Management Unit for CPE250	\$1,530	5.0%	\$1,453.50
CPE250-EMISHIELDS-F	Complete set of EMI shields to be used with the CPE250	\$330	5.0%	\$313.50
CPE250-FANTRAY-F	Fan Tray Assembly for CPE250	\$1,045	5.0%	\$992.75
CPE250-FRONT-LWR-PANELS-F	Replacement panel for the the front of the CPE250. This is the bottom panel that is below the rectangular venting on the front of the CPE250.	\$1,405	5.0%	\$1,334.75
CPE250-FRONT-UPR-PANELS-F	Replacement panel for the the front of the CPE250. This is the top panel that fits between the LED display and the interactive screen.	\$1,390	5.0%	\$1,320.50
CPE250-FRONT-VENT-PANELS-F	Replacement panel for the front of the CPE250 with rectangular venting. This is the middle panel directly below the CPE250's interactive screen.	\$1,470	5.0%	\$1,396.50
CPE250-HEATEX-F	Heat Exchanger assembly for CPE250	\$5,370	5.0%	\$5,101.50
CPE250-HOLS-CCS1-F	Replacement holster for a CPE250 equipped with a CCS1 cable and connector. CCS1 must be part of the original station specification.	\$470	5.0%	\$446.50

Order Code	Product Description	Current USD List Price	NASPO Discount	Final NASPO Price (incl. shipping)
CPE250-HOLS-CHD-F	Replacement holster for a CPE250 equipped with a CHAdEMO cable and connector. CHAdEMO must be part of the original station specification.	\$520	5.0%	\$494.00
CPE250-INSTFAST-F	Fasteners required for the installation of the CPE250	\$580	5.0%	\$551.00
CPE250-IOEXPANDER-F	Replacement I/O Expander for CPE250 stations.	\$610	5.0%	\$579.50
CPE250-LEDBAR-FT-F	Replacement front LED availability bar	\$775	5.0%	\$736.25
CPE250-LEDBAR-RR-F	Replacement rear LED availability bar	\$775	5.0%	\$736.25
CPE250-LEDDISPLAY-F	LED display unit for CPE250 and EXPP Stations	\$2,035	5.0%	\$1,933.25
CPE250-PAIRINGKIT-F	The kit required for each CPE250 station that is to be installed in a paired configuration.	\$770	5.0%	\$731.50
CPE250-PM-COMCABLE-F	CPE250 Power Module Communication Cables Advanced FRU Kit. Includes Communication Cable assembly and hardware.	\$390	5.0%	\$370.50
CPE250-REAR-LWR-PANELS-F	Replacement panel for the rear of the CPE250. This panel is for the bottom section on the back of the CPE250. Previous panel insert cannot be used with this panel.	\$1,300	5.0%	\$1,235.00
CPE250-REAR-MID-PANELS-F	Replacement panel for the rear of the CPE250 with rectangular venting. This panel is for the middle section on the back of the CPE250.	\$2,450	5.0%	\$2,327.50
CPE250-REAR-UPR-PANELS-F	Replacement panel for the rear of the CPE250 with rectangular venting. This panel is for the upper section on the back of the CPE250.	\$2,580	5.0%	\$2,451.00
CPE250-RODENT-GUARD-F	Guards that protect incoming cables against rodents. Covers AC and DC entry points.	\$160	5.0%	\$152.00
CPE250-SCEK-H1	The CPE250-SECK-METRIC provides access to the CPE250 for above ground conduit installations. Includes base and replacement panels.	\$4,650	5.0%	\$4,417.50
CPE250-SCEK-H2	Replacement left side aluminium panel for CPE250 with CPE250-SCEK-METRIC	\$4,650	5.0%	\$4,417.50
CPE250-SIDEPANEL-LH-F	Replacement left side aluminium panel for the CPE250	\$1,030	5.0%	\$978.50
CPE250-SIDEPANEL-RH1-F	Replacement right side aluminium panel for the CPE250 with two holster opening. Holster not included.	\$720	5.0%	\$684.00
CPE250-SIDEPANEL-RH2-F	Replacement right side aluminium panel for the CPE250 with two holster openings. Holsters not included.	\$1,205	5.0%	\$1,144.75
CPE250-TOOLKIT-F	Optional Torx and Wago screw drivers for installation of CPE250	\$0	0.0%	\$0.00
CPE250C-DEFAULT-SIGNAGE	ChargePoint artwork all 2 panel inserts - front upper and front lower for the CPE250.	\$440	5.0%	\$418.00
CPE280-AREALIGHT-F	Replacement Area Light Bar for Express 280	\$590	5.0%	\$560.50
CPE280-AUXPOWER-F	Replacement Auxiliary Power Supply for Express 280	\$3,720	5.0%	\$3,534.00
CPE280-CABLE-1A3S-UL-F	Replacement UL compliant standard length (4.5 m) 140A CHAdEMO cable for Express 280	\$8,460	5.0%	\$8,037.00
CPE280-CONTACTBOX-DUAL-F	Replacement dual contactor assembly for Express 280	\$5,550	5.0%	\$5,272.50
CPE280-CONTACTBOX-SINGLE-F	Replacement Contactor Assembly for Express 280	\$5,630	5.0%	\$5,348.50
CPE280-COOLING-CTRLR-F	Replacement Cooling Controller for Express 280	\$690	5.0%	\$655.50
CPE280-FAN-CCB-F	Replacement lower rear cover panel for Express 280	\$1,260	5.0%	\$1,197.00
CPE280-FANTRAY-F	Replacement Fan Tray Assembly for Express 280	\$1,250	5.0%	\$1,187.50
CPE280-HEATEX-F	Replacement Heat Exchanger assembly for CPE280	\$6,100	5.0%	\$5,795.00
CPE280-HELMET-DUAL-CABLE-CMK-F	Replacement dual cable helmet with CMK for Express 280	\$420	5.0%	\$399.00
CPE280-HELMET-DUAL-CABLE-NO-CMK-F	Replacement dual cable helmet with no CMK for Express 280	\$790	5.0%	\$750.50
CPE280-HELMET-SINGLE-CABLE-NO-CMK-F	Replacement single cable helmet with no CMK for Express 280	\$760	5.0%	\$722.00
CPE280-HELMET-SINGLE-CABLE-CMK-F	Replacement single cable helmet with CMK for Express 280	\$760	5.0%	\$722.00
CPE280-HOLS-CCS1-F	Replacement CCS1 holster for Express 280	\$250	5.0%	\$237.50
CPE280-HOLS-CCS2-F	Replacement CCS2 holster for Express 280	\$310	5.0%	\$294.50
CPE280-HOLS-CHD-F	Replacement CHAdEMO holster for Express 280	\$230	5.0%	\$218.50
CPE280-LED-DRIVER-F	Replacement LED driver for Express 280	\$600	5.0%	\$570.00
CPE280-LEDBAR-FT-F	Replacement front LED availability bar for CPE280	\$530	5.0%	\$503.50
CPE280-LEDBAR-RR-F	Replacement rear LED availability bar for CPE280	\$530	5.0%	\$503.50
CPE280-MOD-CARRIER-FAN-F	Replacement Power Module carrier fan for Express 280	\$520	5.0%	\$494.00
CPE280-SIDEPANEL-LH-F	Replacement left side aluminum panel with no holster openings for Express 280	\$2,070	5.0%	\$1,966.50
CPE280-SIDEPANEL-LH1-F	Replacement left side aluminum panel for Express 280 with one holster openings. Holsters not included.	\$1,250	5.0%	\$1,187.50
CPE280-SIDEPANEL-RH1-F	Replacement right side aluminum panel for the Express 280 with one holster opening. Holster not included.	\$1,240	5.0%	\$1,178.00
CPIM1000-ES	Replacement ChargePoint Integrated Meter, ES	\$2,880	10.0%	\$2,592.00
DC-UNIVERSAL-CMT-METRIC	Required metal bracket to align conduits and mounting bolts for DC power delivery products when cable entrance is from below. This bracket is to be installed into the foundation before the concrete pad is poured. Metric Units. Required for CPE250 and PDD series.	\$830	5.0%	\$788.50
EXPP-PB1000-160KWLABEL	Rating label and installation instructions for permanently wiring Power Block input to not exceed 160kW output	\$40	5.0%	\$38.00
EXPP-PB1000-ACDCSURGE-F	Replacement Surge Suppressor for AC In-Surge, DC In-Surge, and DC Out-Surge for Express Plus Power Block	\$545	5.0%	\$517.75
EXPP-PB1000-AUXPOWER	Replacement Auxiliary Power Supply for the Express Plus Power Block, includes power supply for powering cabinet components and connected site components.	\$14,245	5.0%	\$13,532.75
EXPP-PB1000-COOLANT-F	Replacement coolant for the cooling system of the Express Plus Power Block	\$285	5.0%	\$270.75
EXPP-PB1000-COOLANT-LEVEL-SENSOR-F	Replacement coolant level sensor for Express Plus Power Block. Includes the level sensor and cable. There is one sensor in each Power Block.	\$500	5.0%	\$475.00
EXPP-PB1000-COOLING-CTRLR	Replacement Cooling Controller Board for the Express Plus Power Block, includes enclosure and PCBA	\$2,530	5.0%	\$2,403.50
EXPP-PB1000-CTRLR-F	Replacement Controller Board for the Express Plus Power Block, includes the enclosure and the controller board	\$4,080	5.0%	\$3,876.00
EXPP-PB1000-DOOR-LWR	Replacement front door for the dry box of Express Plus Power Block	\$3,315	5.0%	\$3,149.25
EXPP-PB1000-ETHERSURGE-F	Replacement Ethernet Surge Suppressor for Express Plus Power Block	\$430	5.0%	\$408.50
EXPP-PB1000-FANTRAY-LWR	Replacement Lower Express Plus Power Block Fan Tray, includes fan mount tray with blind mate connection	\$2,495	5.0%	\$2,370.25
EXPP-PB1000-FANTRAY-UPR	Replacement Upper Fan Tray for the Express Plus Power Block, includes fan mount tray with blind mate connection	\$1,925	5.0%	\$1,828.75
EXPP-PB1000-HEATEX-LWR	Replacement Heat Exchanger Assembly for Express Plus Power Block, this part is for the lower section and includes the radiator and radiator plenum.	\$4,680	5.0%	\$4,446.00
EXPP-PB1000-HEATEX-UPR	Replacement upper Heat Exchanger Assembly for Express Plus Power Block; includes the radiator, radiator plenum, and pump.	\$8,710	5.0%	\$8,274.50
EXPP-PB1000-LVSURGE-F	Replacement Low Voltage Surge Suppressor (48V) for Express Plus Power Block	\$710	5.0%	\$674.50
EXPP-PB1000-MANIFOLD	Replacement module mating assembly for Express Plus Power Block	\$13,420	5.0%	\$12,749.00
EXPP-PL-ANTENNA-F	Replacement antenna for Power Link 2000 series or newer. Used with control and communications unit without antenna	\$900	5.0%	\$855.00
EXPP-PL-B-UPPER-COVER-PLAIN-F	Replacement upper cover for Express Plus Power Link 1000 and 2000 with display overhead or pedestal stations. 1 per station. No upper vinyl included.	\$600	5.0%	\$570.00
EXPP-PL-D-UPPER-COVER-F	Replacement upper cover for Express Plus Power Link 2000 with 15" display pedestal stations. 1 per station. Includes ChargePoint upper signage	\$570	5.0%	\$541.50
EXPP-PL-D-UPPER-COVER-PLAIN-F	Replacement upper cover for Express Plus Power Link 2000 with 15" display pedestal stations. 1 per station, No upper vinyl included	\$470	5.0%	\$446.50
EXPP-PL-D-UPPER-DOOR-F	Replacement upper door for Express Plus Power Link 2000 15" display. Includes downlight, fan and door latches. Cover and vinyl not included	\$1,350	5.0%	\$1,282.50
EXPP-PL-TOOL-BALANCER-F	Replacement tool balancer cassette for EXPP-PL-SINGLE-CMK-TALL and EXPP-PL-DUAL-CMK-TALL. Supports 1 cable only	\$1,810	5.0%	\$1,719.50

Order Code	Product Description	Current USD List Price	NASPO Discount	Final NASPO Price (incl. shipping)
EXPP-PL1000-CAP-F	Replacement Top Cap for Power link	\$1,230	5.0%	\$1,168.50
EXPP-PL1000-CMK-PANEL-F	Replacement panel for cable management kit for Express Plus Power Link	\$395	5.0%	\$375.25
EXPP-PL1000-CMK-TETHERBALL-UPGRADE-KIT-F	CMK tetherball upgrade kit for Express Plus Power Link 1000 series	\$195	5.0%	\$185.25
EXPP-PL1000-COSMETIC-UPGRADE-KIT-FTA	Cosmetic upgrade kit for Express Plus Power Link 1000. 1 per station, includes 3 brackets and 1 lens.	\$455	5.0%	\$432.25
EXPP-PL1000-CTRLR-F	Replacement controller board for the Express Plus Power Link, this part includes the enclosure.	\$1,800	5.0%	\$1,710.00
EXPP-PL1000-FAN-F-FTA	Replacement fan for Express Plus Power Link	\$500	5.0%	\$475.00
EXPP-PL1000-HOLS-CCS1-F	Replacement, Express Plus Power Link Non-Locking CCS1 Holster	\$360	5.0%	\$342.00
EXPP-PL1000-HOLS-CHD-F	Replacement, Express Plus Power Link Non-Locking CHAdemo Holster	\$190	5.0%	\$180.50
EXPP-PL1000-HOLSTER-BRACKET-DOUBLE-F	Replacement double holster bracket for Express Plus 1000	\$155	5.0%	\$147.25
EXPP-PL1000-HOLSTER-BRACKET-SINGLE-F	Replacement single holster bracket for Express Plus 1000	\$150	5.0%	\$142.50
EXPP-PL1000-HV-SURGE-F-FTA	Replacement High Voltage Surge Suppressor for Express Plus Power Link. Includes a single (1) HV Surge Suppressor.	\$1,210	5.0%	\$1,149.50
EXPP-PL1000-LOWER-COVER-F-FTA	Replacement lower cover for Express Plus Power Link. 1 per station, includes lower vinyl.	\$1,020	5.0%	\$969.00
EXPP-PL1000-MDS-PLUS-DUAL-F	Replacement MDS+ Dual output for Express Plus Power Link	\$5,570	5.0%	\$5,291.50
EXPP-PL1000-MDS-PLUS-SINGLE -F	Replacement MDS+ Dual output for Express Plus Power Link	\$4,775	5.0%	\$4,536.25
EXPP-PL1000-SIDEPANEL-LH-BLANK-F	Replacement left side pedestal panel without cable exit for Express Plus Power Link	\$575	5.0%	\$546.25
EXPP-PL1000-SIDEPANEL-LH-F	Replacement left side pedestal panel with cable exit for Express Plus Power Link	\$900	5.0%	\$855.00
EXPP-PL1000-SIDEPANEL-RH-F	Replacement right side pedestal panel with cable exit for Express Plus Power Link	\$1,035	5.0%	\$983.25
EXPP-PL1000-UPPER-COVER-F-FTA	Replacement upper cover for Express Plus Power Link with display. 1 per station, includes upper vinyl.	\$900	5.0%	\$855.00
EXPP-PL1000-UPPER-COVER-NO-DISPLAY-F-FTA	Replacement upper cover for Express Plus Power Link with no display. 1 per station, includes upper vinyl.	\$725	5.0%	\$688.75
EXPP-PL1000A-CCOM-COVER-F	Replacement control and communications module cover for Express Plus Power Link	\$505	5.0%	\$479.75
EXPP-PL2000-15-DISPLAY-PLAIN-CONV-KIT	Hardware to convert a 8" display to 15" display on a PL2000 with no signage. Not compatible with overhead PL2000 station. Does not include labor.	\$8,050	5.0%	\$7,647.50
EXPP-PL2000-ACDCSURGE	Replacement Surge Suppressor for AC In-Surge, DC In-Surge, and DC Out-Surge for Express Plus Power Link 2000	\$210	5.0%	\$199.50
EXPP-PL2000-AREA-DOWNLIGHT-F	Replacement area downlight for Express Plus Power Link 2000	\$800	5.0%	\$760.00
EXPP-PL2000-CABLE-6A1SC4	Standard length (4.5m) 500A Liquid Cooled CCS1 cable for Power Link 2000 series	\$19,310	5.0%	\$18,344.50
EXPP-PL2000-CABLE-6A1SC4	Standard length (4.5m) 500A Liquid Cooled CCS1 cable for Power Link 2000 series	\$19,310	5.0%	\$18,344.50
EXPP-PL2000-CAP-UNBRANDED-F	Unbranded Replacement Top Cap for Power link	\$1,170	5.0%	\$1,111.50
EXPP-PL2000-CCB-F	Replacement CCB for the Express Plus Power Link. This part includes the enclosure.	\$1,490	5.0%	\$1,415.50
EXPP-PL2000-CHIP-F	Replacement integrated EMV Chip Reader for Express Plus Power Link 2000 series	\$799	5.0%	\$759.05
EXPP-PL2000-COSMETIC-KIT-PED-B	ChargePoint branded Pedestal Front Covers w/ Screen, and Helmet for Express Plus Power Link 2000	\$2,290	5.0%	\$2,175.50
EXPP-PL2000-COSMETIC-KIT-PED-B-MB	Mercedes-Benz branded Pedestal Front Covers w/ Screen, Helmet, and CMK vinyls kit for Express Plus Power Link 2000	\$2,890	5.0%	\$2,745.50
EXPP-PL2000-CTRLR-F	Replacement controller board for Express Plus Power Link 2000, this part includes the enclosure.	\$5,450	5.0%	\$5,177.50
EXPP-PL2000-FAN-DOOR-F	Replacement door fan for the Express Plus Power Link. Includes single fan.	\$850	5.0%	\$807.50
EXPP-PL2000-FAN-EXT-F	Replacement external fan Express Plus Power Link. Includes single fan.	\$1,100	5.0%	\$1,045.00
EXPP-PL2000-FAN-PROTON-F	Replacement proton fan for Express Plus Power Link. Includes single fan. Each Power Link has one fan per cable.	\$680	5.0%	\$646.00
EXPP-PL2000-FANS-LCC-F	Replacement liquid cooled cable backpack fans for Express Plus Power Link 2000, this part includes two fans.	\$1,390	5.0%	\$1,320.50
EXPP-PL2000-LOWER-COVER-MB-F	Replacement Mercedes-Benz branded lower cover for Express Plus Power Link with display. 1 per station, includes lower vinyl.	\$1,130	5.0%	\$1,073.50
EXPP-PL2000-LVSURGE	Replacement Low Voltage Surge Suppressor (48V) for Express Plus Power Link 2000	\$150	5.0%	\$142.50
EXPP-PL2000-POWER-PATH-LUG-F	Replacement power path lug for Express Plus Power Link 2000	\$5,960	5.0%	\$5,662.00
EXPP-PL2000-PUMP-F	Replacement Pump for the Express Plus Power Link.	\$3,590	5.0%	\$3,410.50
EXPP-PL2000-PUMP-RESERVOIR-F	Replacement Pump & Reservoir for the Express Plus Power Link.	\$2,780	5.0%	\$2,641.00
EXPP-PL2000-REAR-COVER-LOWER-F	Replacement rear lower cover for the Express Plus Power Link	\$2,100	5.0%	\$1,995.00
EXPP-PL2000-REAR-COVER-UPPER-F	Replacement rear upper cover for the Express Plus Power Link	\$1,690	5.0%	\$1,605.50
EXPP-PL2000-SIDEPANEL-LH-F	Replacement left side pedestal panel with cable exit for Express Plus Power Link 2000	\$1,100	5.0%	\$1,045.00
EXPP-PL2000-SIDEPANEL-RH-F	Replacement right side pedestal panel with cable exit for Express Plus Power Link 2000	\$1,100	5.0%	\$1,045.00
EXPP-PL2000-SSLAN-BOARD-F	Replacement SSLAN board for the Express Plus Power Link	\$910	5.0%	\$864.50
EXPP-PL2000-UPPER-COVER-MB-F	Replacement Mercedes-Benz branded upper cover for Express Plus Power Link with display. 1 per station, includes upper vinyl.	\$1,060	5.0%	\$1,007.00
PAYMENT-PEDESTAL-CHIP-PD	CPE250 Credit Card Chip Reader terminal and pedestal kit	\$2,680	5.0%	\$2,546.00
PAYMENT-READER-P68-CHIP-CPE250-F	CPE250 Integrated EMV Chip Reader Terminal Retrofit Kit for Express 250 Station. Includes Credit Card Chip Reader Terminal and mounting hardware kit	\$1,570	5.0%	\$1,491.50

9990102	Extended factory parts & labor warranty - 36 additional months, 3 years total (+11% per year for years 6-10). Travel not included, charged at actual cost +10%.	+24%	+24%	+24%
Service				
9990017	Maintenance & Repair. Kempower on-site corrective maintenance service performed by Kempower engineer or authorized partner. Service can include, but is not limited to: - Preventive or periodical maintenance and repair; Commissioning (daily rate).	\$ 1,825	0.1%	\$1,823.18
9990005	Service Hourly Rate. Kempower service performed by Kempower personnel or authorized partner. Hourly rate is available only inside the country where personnel is based. Spare parts, overtime, travel and accommodation costs will be agreed and charged separately. Charge per hour, minimum 2 hour. Service can include, but is not limited to: - Startup and commissioning - Preventive or periodical maintenance and repair	\$ 235	0.1%	\$234.77
9990018	Hourly rate for overtime (Daily work hours exceeding 8 hours up or basic hourly rate out of working days). Overtime shall be agreed in advance.	\$ 353	0.1%	\$352.65
9990019	Actual time spent travelling by Kempower personnel. Travel time is calculated to and from the Kempower office, the work site or the accommodation. Minimum charge 2 hours	\$ 131	0.1%	\$130.87
9990020	Travel costs includes transportation and travel fares, e.g. tax, rental car or public transportation. Final costs will be charged according to actual costs + 10%. If Service van or personal car is used, includes a fixed mileage fee of \$1.00/mi.	Actual + 10%	Actual + 10%	Actual + 10%
9990021	If one-way travel to and from the Kempower office, the work site or the accommodation where travel has began is more than 2 hours, 1 day accommodation cost will be added to service costs. Final costs will be charged according to actual costs + 10%.	Actual + 10%	Actual + 10%	Actual + 10%

Kempower Academy: Instructor-Led Training

9990051	USER AND TECHNOLOGY TRAINING (online). Half-day training for user and technology training. Target audience: Charger buyers/operators. Training agenda: - Kempower company presentation - General Kempower technology training - Customer's Kempower charger user training - Most common failures and how to prevent them - ChargEye cloud service introduction Online trainings are arranged via Teams. Training length is maximum 4 hours for online trainings. One-time, up to 25 attendees online.	\$ 1,569	0.1%	\$1,567.43
9990050	USER AND TECHNOLOGY TRAINING (online). Full-day training for user and technology training. Target audience: Charger buyers/operators. Training agenda: - Kempower company presentation - General Kempower technology training - Customer's Kempower charger user training - Most common failures and how to prevent them - ChargEye cloud service introduction Onsite trainings at Kempower Headquarters in Durham. Training length is maximum 8 hours for online trainings. One-time, up to 5 attendees in person.	\$ 2,984	0.1%	\$2,981.02
9990066	USER AND TECHNOLOGY TRAINING (online). Full-day training for user and technology training. Target audience: Charger buyers/operators. Training agenda: - Kempower company presentation - General Kempower technology training - Customer's Kempower charger user training - Most common failures and how to prevent them - ChargEye cloud service introduction Onsite trainings at Kempower Headquarters in Durham. Training length is maximum 8 hours for online trainings. One-time, 6-10 attendees in person.	\$ 4,668	0.1%	\$4,663.33
9990047	INSTALLATION TRAINING (online). Half-day certification training for installing Kempower charging equipment. Target audience: Charger mechanical and electrical installers. After the training you are able to route and connect the cables, install the CPU and satellites, and know the key safety concerns. You are able to perform the electrical safety test, fill the report and send it to the correct personnel. Online trainings are arranged via Teams. Training length is maximum 4 hours for online trainings.	\$ 1,569	0.1%	\$1,567.43
9990046	INSTALLATION TRAINING (in person). Full-day certification training for installing Kempower charging equipment. Target audience: Charger mechanical and electrical installers. After the training you are able to route and connect the cables, install the CPU and satellites, and know the key safety concerns. You are able to perform the electrical safety test, fill the report and send it to the correct personnel. Onsite trainings are arranged at Kempower Headquarters. Training length is maximum 8 hours for onsite trainings. One-time, up to 5 attendees in person.	\$ 2,984	0.1%	\$2,981.02
9990067	INSTALLATION TRAINING (in person). Full-day certification training for installing Kempower charging equipment. Target audience: Charger mechanical and electrical installers. After the training you are able to route and connect the cables, install the CPU and satellites, and know the key safety concerns. You are able to perform the electrical safety test, fill the report and send it to the correct personnel. Onsite trainings are arranged at Kempower Headquarters. Training length is maximum 8 hours for onsite trainings. One-time, 6-10 attendees in person.	\$ 4,671	0.1%	\$4,666.33

9990053	COMMISSIONING TRAINING (online). Half-day certification training for Commissioning Kempower charging equipment. Target audience: Charger commissioners. After the training you are able to critically review the installation, configure the system using the Kempower commissioning tool, perform necessary troubleshooting to find installation errors, perform the commissioning check, fill the commissioning checklist and upload the necessary documents onto the ChargeEye Cloud System. Online trainings are arranged via Teams. Training length is maximum 4 hours for online trainings.	\$ 1,569	0.1%	\$1,567.43
9990052	COMMISSIONING TRAINING (in person). Half-day certification training for Commissioning Kempower charging equipment. Target audience: Charger commissioners. After the training you are able to critically review the installation, configure the system using the Kempower commissioning tool, perform necessary troubleshooting to find installation errors, perform the commissioning check, fill the commissioning checklist and upload the necessary documents onto the ChargeEye Cloud System. Onsite trainings are at Kempower Headquarters. Training length is maximum 8 hours for onsite trainings. One-time, up to 5 attendees in person.	\$ 2,984	0.1%	\$2,981.02
9990068	COMMISSIONING TRAINING (in person). Half-day certification training for Commissioning Kempower charging equipment. Target audience: Charger commissioners. After the training you are able to critically review the installation, configure the system using the Kempower commissioning tool, perform necessary troubleshooting to find installation errors, perform the commissioning check, fill the commissioning checklist and upload the necessary documents onto the ChargeEye Cloud System. Onsite trainings are at Kempower Headquarters. Training length is maximum 8 hours for onsite trainings. One-time, 6-10 attendees in person.	\$ 4,671	0.1%	\$4,666.33
9990049	SERVICE AND MAINTENANCE TRAINING (online). Half-day certification training for service and maintenance of Kempower charging equipment. Target audience: Clients and partners' maintenance technicians. After this training, you know how to follow the preventive maintenance plan, and you can perform all preventive maintenance tasks. You know the critical safety concerns regarding charger maintenance. You know how to perform troubleshooting and diagnostics utilizing ChargeEye cloud. You have gained some hands-on experience with Kempower chargers, and you can use the ChargeEye commissioning and maintenance tools. You are given access to Kempower Service documentation. Online trainings are arranged via Teams. Training length is maximum 4 hours for online trainings.	\$ 1,569	0.1%	\$1,567.43
9990048	SERVICE AND MAINTENANCE TRAINING (in person). Half-day certification training for service and maintenance of Kempower charging equipment. Target audience: Clients and partners' maintenance technicians. After this training, you know how to follow the preventive maintenance plan, and you can perform all preventive maintenance tasks. You know the critical safety concerns regarding charger maintenance. You know how to perform troubleshooting and diagnostics utilizing ChargeEye cloud. You have gained some hands-on experience with Kempower chargers, and you can use the ChargeEye commissioning and maintenance tools. You are given access to Kempower Service documentation. Online trainings are arranged via Teams. Training length is maximum 8 hours for onsite trainings. One-time, up to 5 attendees in person.	\$ 2,984	0.1%	\$2,981.02
9990069	SERVICE AND MAINTENANCE TRAINING (in person). Half-day certification training for service and maintenance of Kempower charging equipment. Target audience: Clients and partners' maintenance technicians. After this training, you know how to follow the preventive maintenance plan, and you can perform all preventive maintenance tasks. You know the critical safety concerns regarding charger maintenance. You know how to perform troubleshooting and diagnostics utilizing ChargeEye cloud. You have gained some hands-on experience with Kempower chargers, and you can use the ChargeEye commissioning and maintenance tools. You are given access to Kempower Service documentation. Online trainings are arranged via Teams. Training length is maximum 8 hours for onsite trainings. One-time, 6-10 attendees in person.	\$ 4,671	0.1%	\$4,666.33

9990070	2-DAY HANDS-ON TECHNICAL TRAINING (in person) Two-day hands-on training on installation, commissioning, maintenance and service tasks. No certification granted. Participants must be certified to attend the training. Held at Kempower Headquarters. Max. 5 attendees. Topics covered are a collection of hands-on exercises in installation, commissioning and maintenance. Minimal classroom training included.	\$ 4,914	0.1%	\$4,909.09
9990035	3-DAY HANDS-ON TECHNICAL TRAINING (in person) Three-day certification training for installation, commissioning, maintenance and service for Kempower charging equipment. Held at Kempower HQ. Max. 5 attendees. Topics covered are the contents of installation, commissioning and maintenance trainings. More focus is given on hands-on repair and troubleshooting exercises, and a factory tour either virtually or live is included. Lunches and coffee for both days are included.	\$ 7,043	0.1%	\$7,035.96
