

CITY COUNCIL ORDINANCE REQUEST SUMMARY – AECOM Technical Services Inc.

Name: PLANE-201736128-00 – AECOM Technical Services Inc.
Term: 3 years original, with option to extend by one period for two (2) years
Amount: \$10,000,000.00 (original contract value)

Scope of work: This amendment requests that the term be extend by one period for two (2) years as allowed in original contract language via amendment. No additional contract dollars are being added.

This contract with AECOM Technical Services, Inc. (AECOM) has allowed the Business Technologies Division at Denver International Airport (DEN) to procure professional services on an as-needed basis for design, project management, technical documentation, and software and system support services. A continuation of services will be provided for new and ongoing projects in electronics, information technology, and telecommunications systems. AECOM is heavily involved in ongoing projects (e.g. Concourse Expansion Program, Parking Revenue Control System Replacement, Physical Access Control System Replacement), conducting a new Request for Proposal (RFP) process would cause adverse impacts to these ongoing projects. The budget/fee structure was established as part of the original RFP responses and rates proposed/awarded and budget is based on historical usage.
