5. General description or background of proposed request. Attach executive summary if more space needed:

This grant, totaling \$842,544, supports a coordinated, multi-agency initiative focused on identifying, investigating, and dismantling major drug trafficking organizations operating throughout the Denver metropolitan Front Range region. Special emphasis is placed on combatting the trafficking of fentanyl, cocaine, methamphetamine, heroin, and other substances linked to both national and international criminal networks.

Established in 1999, the Front Range Task Force has operated under the fiduciary leadership of the Denver Police Department since its inception. Through this funding, the Front Range Task Force will continue to foster strong interagency collaboration among law enforcement and prosecutorial partners, addressing both ongoing and emerging challenges related to drug trafficking. The initiative is designed to enhance public and officer safety while ensuring operations remain efficient, effective, and in full compliance with constitutional standards.

Scope of work:

Grant funds will support the continued operation and strategic enforcement of the multi-agency Front Range Task Force targeting major drug trafficking organizations within the Denver metropolitan Front Range area. Funding will be used to cover personnel costs of the Task Force Commander, to ensure effective oversight of the task force and adequate management of both ongoing and emerging investigations. Investigative overtime and travel expenses will support extended operations, surveillance activities, and interagency coordination, including participation in national and international enforcement efforts. The grant will also cover essential Task Force operating costs such as communications, office supplies, and logistical support directly tied to enforcement activities. Additionally, funds will be used to procure critical law enforcement equipment, including technical investigative tools that enhance operational safety and effectiveness. Service-related costs—such as vehicle leases, software maintenance, service contracts, investigative contracts, and equipment rentals—will be covered as needed to support complex, multi-layered investigations. All expenditures under this scope will ensure the successful implementation of the project's objectives, enabling the Task Force to operate efficiently, respond proactively to evolving threats, and produce measurable results in reducing drug trafficking activity across the Denver metropolitan region.
