

DENVER
THE MILE HIGH CITY

CHARTs -Comprehensive Housing and Residential Treatment Services

History:

- Put in place to address frequent users of the detox system
- All are high utilizers of the detox
- Many are homeless or are chronically homeless
- All have alcohol / substance use history and many have mental health needs

Plan:

- Provide treatment and behavioral health needs to this population to help break the cycle
- Intensive residential treatment
- Access to behavioral health and medical needs
- Ongoing case management with focus on housing

Successes: (2015 program completions)

- Over 90% reduction in hi cost services
- Over 90% housed
- Received benefits or employment 100%
