*from date of last letter extension

Scope of work:

Denver opened auxiliary shelters in April 2020 to help provide appropriate spacing, medical triage and other supports for people experiencing homelessness as part of the city’s overall response during the COVID-19 emergency. Auxiliary shelters provide support for up to 765 men at the National Western Complex and 300 women at the Denver Coliseum overnight. Auxiliary shelters are available 24/7 and typically serve up to several hundred additional guests during the day who are accessing food and services.

These shelters provide relief for existing shelters that were not previously able to meet CDC guidance for spacing to reduce the risk of transmission of COVID-19. Guests at the shelters are provided medical services through the Colorado Coalition for the Homeless, support through partner service provider agencies such as the Denver Rescue Mission and Catholic Charities. This contract with KM Concessions provides support for food, snacks and beverages at both facilities, ensuring that there are meals for at least 2500 individuals each day. The contract supports food service at the auxiliary shelters through June 30, 2021.

Was this contractor selected by competitive process? No **If not, why not?** Emergency Procurement

Has this contractor provided these services to the City before? Yes No
