GM CERTIFIED UPFITS:

- a. **PUSH BUMPER**- Supply & install a Setina PB400 model push bumper assembly.

- b. **INTEGRATED BATTERY JUMPER CABLE KIT**- Install a jumper cable quick disconnect junction connected to the factory main starting battery and mounted to the passenger side of the push bumper with a protective cap for when not in use. Supply a booster cable set with junction mating connector.
- c. **SIREN SPEAKER** - Supply & install a Sound Off 100-watt siren speaker assembly behind the front grille. A weather-tight harness will connect the speaker into the central controller.
- d. **GRILLE LIGHTS**- Supply & install a pair of Sound-Off M-Power TRIO LEDs into the front grille, positioned in a recessed and undercover position. Each light will provide red/blue/white color outputs and be tied into the central controller.
- e. **LIGHTBAR**- Supply & install a roof mounted Whelen 48" Liberty-II DUO lightbar with vehicle specific hook mounting kit. The bars LED modules will provide red on driver side and blue on passenger side, with amber as the secondary color in the rear to provide traffic director functions, and white as a secondary color in the front and on both sides to provide Scene lighting.
- f. **MIRROR LIGHTS**- Supply & install a pair of Sound Off M-Power TRIO LEDs to the side view mirror assemblies. Each light will provide red/blue/white color outputs and be tied into the central controller.
- g. **CONSOLE & LAPTOP MOUNT ASSEMBLY**- - Supply & install a #7170-0784-05 Gamber Johnson center console assembly mounted between the front driver and passenger seats. The assembly will include a dual cup holder, an armrest assembly, a pair of Magnetic Mic holders, a mounting faceplate for the Sound Off light and siren controller, mount new DIA spec'd Harris XG-25 radios and the Harris M7300 radio, as well as and an upgrade to include the 9" Mongoose laptop motion and swing arm mount assembly.
- h. **SIREN & LIGHT CONTROLLER**- Supply & install a Sound Off Blueprint control system with, remote node mounted under hood, Blue Print 400-series remote head siren assembly, central controller, and console mounted remote control panel. All emergency sound and lighting components will be connected into the central controller with a custom machine crimped harness assembly.
- i. **ANTENNA**- Supply & install a pair of roof-mounted Larson brand #NMOKHFUDFME antenna base assemblies.
- j. **PRISONER PARTITION**- Supply & install a front prisoner partition assembly with coated-polycarbonate upper portion, horizontal sliding window, recess panel, and lower extension close out panels.
- k. **REAR DOOR DISABLE** – Disable the door locks and handles on the second-row prisoner doors
- l. **CARGO PARTITION**- Supply & install a cargo partition assembly behind the second-row seats, with a steel lower panel and polycarbonate upper window.
- m. **LICENSE PLATE LIGHTS**- Supply & install a pair of Sound Off M-Power TRIO LEDs surface mounted to the rear liftgate on either side of the license plate. Each light will provide red/blue/white color outputs and be tied into the central controller.
- n. **REAR CORNER LIGHTS**- Supply & install a pair of solo LED insert into both of the factory rear taillamp assemblies. The driver side light will be red and the passenger side light will be blue, both will be tied into the central controller.
- o. **KT6J7PK**- Supply & install a harness assembly to provide Park Kill feature to your light and siren controls.
- p. **RUNNING BOARD LIGHTS**- Supply & install a 61" Sound Off SL series strip light mounted on both the driver and passenger side vehicle running boards. The light assemblies will provide red and blue outputs and will be wired into the central controller.
- q. **TRAFFIC DIRECTOR**- Supply & install a Sound Off 6-module M-Power traffic director mounted rear-facing out the rear window glass. Driver side modules will be dual color red/amber, and passenger side modules will be dual color blue/amber. This assembly will provide both red/blue warning as well as standard amber traffic director patterns.
- r. **BED COVER** – Supply and install a hard, roll up, and lockable bed cover

- h. **K9 KENNEL INSERT** - Supply & install an American Aluminum K9 Kennel assembly to mount in the second-row seating area. The unit will come with a black powder coat finish, a red/white LED dome light, a no-spill water bowl, and the rubber floor liner.
- i. **K9 ELECTRONICS** - Supply & install a 10" fan with a HD metal fan guard mounted on a 2nd row entry door, a Heat Alarm Pro system with LCD interactive display mounted to the dash at the base of the driver side A-pillar, and the Ace Watchdog cell phone notification system. The heat alert system will trigger automatic dual window drop, fan activation, and can provide triggers for additional sound or light outputs.
- j. **EXTENDED RUN CALIBRATION**- Register, supply & install a factory GM calibration that will provide extended run time to allow for the vehicle to stay running with AC on for the K9 when the key FOB has been removed from the vehicle.
- k. **SECURE IDLE FUNCTION**- Supply & install an idle protection system that will allow the officer to exit the vehicle with the keys/FOB and leave the vehicle running. Any attempt to press the brake and shift the vehicle out of park will result in the vehicle turning off.
- l. **CARGO SLIDE OUT** - Supply & install a custom Extend-Bed 60" slide out unit into the vehicle truck bed. The unit will be ordered per DIA specs, and installed per manufacturer specs. The sample image below has been supplied by the manufacturer to confirm the product they will be supplying.

Note: the assembly includes a driver side bomb box to match the passenger side one shown in the image

- m. **TRAFFIC DIRECTOR**- Supply & install a Sound Off 6-module M-Power traffic director thru-bolted to the roof of the cap and mounted rear-facing out the back truck cap glass. Driver side modules will be dual color red/amber, and passenger side modules will be dual color blue/amber. This assembly will provide both red/blue warning as well as standard amber traffic director patterns per DIA provided specs.
- n. **TAIL GATE SEAM LIGHTS**- Supply & install a pair of Sound Off M-Power single color LEDs surface mounted in the seam between the top of the rear bumper and the bottom of the rear tailgate. The driver side light will be red and the passenger side light will be blue, both will be tied into the central controller.
- o. **REAR CORNER LIGHTS**- Supply & install a pair of solo LED insert into both of the factory rear taillamp assemblies. The driver side light will be red and the passenger side light will be blue, both will be tied into the central controller.
- p. **TRUCK CAP** - Supply & install a 100XR series Leer truck cap, thru-bolted onto the factory 5.5ft truck bed top rails. The cap will come painted to match the vehicle body color, will include a solid front window, a lockable rear glass door, a 12V LED dome light.
- q. **SIDE LIGHTS** - Supply and install running board lights (red on driver side and blue on passenger side).
- r. **WINDOW TINT**- All windows tinted at 30% including topper windows.
