5. General description or background of proposed request. Attach executive summary if more space needed:

This is the seventh amendment for the contract with Deighton Associates LTD. Denver has contracted with Deighton since 1996 for software and consulting services related to asset management of street and alley pavement, curb and gutter and pedestrian curb ramp. The services Deighton provides include Denver specific data collection applications used on tablet computers, automated data collection using sensor equipped vehicles, data analysis including development and calculation of condition indices and metrics, recommendations for multi-year and annual work programs, and development of dashboards to visualize data. The system links to Denver GIS which allows for detailed mapping and display of data.
