

Denver City Council Members:

Rafael Espinosa, Kevin Flynn, Paul Lopez, Kendra Black, Mary Beth Susman, Paul Kashmann, Jolon Clark, Chris Herndon, Albus Brooks, Wayne New, Stacie Gilmore, Robin Kneich, Debbie Ortega

I am writing to respectfully ask you to vote *No* on the ill-conceived and expensive Platte to Park Hill Drainage Project (Council Bill CB16-0306).

I share concerns expressed by many of my neighbors:

- Platte to Park Hill provides flood protection for I-70, RTD, and new development in the "Corridor of Opportunity."
 - Why should Denver homeowners pay for a project that does not address storm water flooding for homes in Denver neighborhoods?
 - Why should Denver homeowners – rather than the project developers – pay for flood protection for I-70, RTD, and new development in the "Corridor of Opportunity"?
 - Why does the city keep telling us that the project is unrelated to I-70, when numerous public documents – and common sense – tell us that it is for I-70 and related development?
- How can the city claim to care about cost of housing yet plan to double fees for Denver homeowners to subsidize new development?
- Why did the city wait until November, 2015, to begin talking about the Cole open channel and digging up the City Park Golf Course, when they knew about it from at least January, 2015?
- Why did the city rush the I-70 Intergovernmental Agreement (including the timeline for this plan) through the lame duck Council in June, 2015?
- Why won't the city address the numerous questions raised about this plan by neighbors?
- Why did City Council go on a junket with over 100 parties with vested interest in their vote on this plan? Did they buy your vote?
- Why don't neighborhood, community, and citizen voices matter?

I ask you to vote *No* on CB16-0306, then start an honest and transparent conversation about stormwater drainage. We need to:

- Use homeowners' money for existing flooding issues, based on the 2014 Stormwater Master Plan's \$1.5B list of projects
- Ask for the investors in the I-70, North Denver Collaborative, RTD North Metro, and National Western Center redevelopment projects to fund their own infrastructure.
- Require future residential fee increases to be voted on by Council

Thank you for your attention.
