OED is actively identifying additional partnership opportunities that result in increased outcomes for Denver's residents:

Recruitment/outreach (mainly to disconnected youth, homeless, and ex-offender populations)

Increased access to services/use of community space for program services (GES, Westwood, Five Points, Northeast Park Hill)

Technical training/pre-apprenticeship opportunities (middle-skill occupations in high demand industries)

Transitional employment programs that work with the most vulnerable populations (chronically unemployed, newly released/formerly incarcerated)

OUTCOMES PARTNERS REPORTING
