

## Comcast Digital Equity Programs in Denver

### Comcast Lift Zones

Comcast is supporting Wi-Fi connected Lift Zones at the 32 community centers listed below.

Our Lift Zone investment allows these organizations to offer more online resources to their clients and visitors.

We are also providing temporary Wi-Fi services for a shelter the City is operating to care for migrants arriving in Denver seeking help. Shelter location: 375 S Zuni St, Denver 80223

## **In-Kind Support for Digital Equity Partners - Video Production, Air Time**

Comcast donates video production services and air time to help our nonprofit partners tell their story. We are able to produce 30-second spots that we donate air time to run on cable channels, highlight in social media posts, and feature in other communications. Example spots are listed below.

For Cleo Parker Robinson Dance “STREAM” theatre tech program - two spots:

## **Community Events**

Comcast often partners with local organizations to promote awareness of digital equity programs and celebrate contributions of additional technology equipment and support for digital skills building programs.

We would value partnering with the City of Denver to hold more events helping community members learn about available digital literacy resources, similar to this event we held with the Denver Broncos at the Denver Broncos Boys & Girls Club in Montbello in November 2022:

### **Comcast, Broncos team up to donate technology for kids from Boys & Girls Clubs of Metro Denver**

Nov 30, 2022

On Tuesday, the Broncos partnered with Comcast for a Giving Tuesday donation for children of Boys & Girls Clubs of Metro Denver.
