2 ORDINANCE NO. _____
3 SERIES OF 2021

COUNCIL BILL NO. 21-1182
4 COMMITTEE OF REFERENCE:
5 Safety, Housing, Education and Homelessness

6 A BILL

7 **For an ordinance amending article XI of chapter 24, D.R.M.C., to ban the sale of**
8 **flavored tobacco products and accessories.**
9

10 **WHEREAS**, the 2009 federal Family Smoking Prevention and Tobacco Control Act
11 (“Tobacco Control Act”) banned the manufacture of candy- and fruit-flavored cigarettes largely
12 because these flavored products are marketed to youth and young adults and younger smokers
13 were more likely than older smokers to have tried these products;

14 **WHEREAS**, mentholated and flavored products have been shown to be “starter” products
15 for youth who begin using tobacco and these products help establish tobacco habits that can lead
16 to long-term addiction;

17 **WHEREAS**, by masking the natural harshness and taste of tobacco, menthol and other
18 flavors make these products easier to use, harder to quit, and more appealing to youth;

19 **WHEREAS**, due to tobacco companies’ well-documented history of predatory marketing,
20 youth, people of color, people with low-incomes, and people who identify as LGBTQ+ are
21 significantly more likely to use flavored tobacco products, particularly menthol cigarettes, and
22 disproportionately bear the burden of tobacco-related harm;

23 **WHEREAS**, more than four in five Black smokers and seven in ten young LGBTQ+
24 smokers use menthol cigarettes;

25 **WHEREAS**, menthol cigarettes are of particular concern because despite decreases in
26 overall cigarette use, the proportion of cigarette smokers who use menthol cigarettes continues to
27 rise;

28 **WHEREAS**, scientific reviews by the federal Food and Drug Administration (“FDA”) and the
29 Tobacco Products Scientific Advisory Committee (“TPSAC”) found marketing of menthol cigarettes
30 likely increases the prevalence of smoking among the entire population, but especially among
31 youth, African Americans, and possibly Hispanic and Latino individuals; and that menthol
32 cigarettes are associated with increased initiation and progression to regular cigarette smoking,
33 increased dependence on cigarettes, and reduced success in smoking cessation, especially

1 among African American menthol smokers;

2 **WHEREAS**, smoking menthol cigarettes is also associated with being more likely to use
3 cigars and reduced likelihood of successfully quitting smoking.

4 **WHEREAS**, consumption of flavored tobacco products has grown in recent years;

5 **WHEREAS**, research studies support the efficacy of policies restricting the sale of flavored
6 tobacco products;

7 **WHEREAS**, well-enforced laws aimed at businesses that sell tobacco products are more
8 equitable and provide greater public health benefits than laws enforced against individuals. For
9 this reason, more than forty of the nation's leading public health organizations have called for state
10 and local governments to reform or eliminate laws, policies, and enforcement practices that target
11 individuals and endorsed holding businesses and industry actors accountable for violations of
12 tobacco control laws; and

13 **WHEREAS**, the City and County of Denver finds that a narrow prohibition on the sale of
14 flavored tobacco products by licensed tobacco retailers is appropriate to protect public health and
15 advance health equity. The City and County of Denver does not intend and nothing in this
16 Ordinance shall be interpreted to authorize enforcement against any person not operating as or on
17 behalf of a retail tobacco store.

18

19 **BE IT ENACTED BY THE COUNCIL OF THE CITY AND COUNTY OF DENVER:**
