##	MARIJUANA EXTRACTION OUTSIDE OF A LICENSED MARIJUANA FACILITY	\$ 25.00

SPECIFICS AND CONDITIONS:

This is an annual permit for the extraction of cannabinoids using alcohol/ethanol outside of a licensed marijuana facility. The intent of this permit is to ensure extraction processes are performed safely when performed outside of a licensed marijuana facility, and is not intended to replace any other required permits.

1. Any heat or vacuum applied during any portion of the extraction process shall be produced from equipment listed for use with flammable liquids/vapors OR from a source that is non-fuel fired and/or non-electrified.
2. A maximum of 32 ounces of alcohol or ethanol may be used during each extraction process.
3. All extraction equipment must be used in accordance with manufacturer's listing.
4. Annual *Denver Fire Department Fire Prevention* fire safety inspection is required.
5. Heated extraction processes shall be conducted outdoors, unless the equipment is specifically listed for indoor use.

This is your actual PERMIT. This is not an Invoice. DO NOT SEND MONEY! Our records indicate the permit fee shown above was credited to your account on 00/00/2014 with Ck. No. _____ by FF NAME.

Please place this permit in a conspicuous place. Your copies of our recent fire inspections must also be kept readily available for our review. Questions should be directed to the *Denver Fire Prevention Bureau* at the phone number shown above.

This permit shall not be construed to mean approval of any violation of the Fire/Building Code(s) and Standards adopted by the City and County of Denver, if such violations exist.
