Dear Ms. Haynes,

Please accept this letter of support in the naming of the park at 52nd and Steele after Lorraine Granado. I was very lucky to work with Lorraine in the lawsuit that gave the neighborhood this park. I know she worked very hard to get justice for the neighborhood after the toxic spill. I think it is proper and just that the park she fought to acquire be named after her, especially now after her passing. I will cherish the time we spent working together on behalf of Swansea. My husband will miss her dearly as they grew up together in Swansea all their lives.

Sincerely,

Louis and Debbie Gomez
