The Sheriff's Department currently owns the Syscon Justice Systems', Jail Management System called "TAG Elite". This is their core application used to manage the Downtown Detention Center and County Jail located on Smith Rd. As a part of this contract, Syscon provides technical support and maintenance of the application. This contract amendment will allow the Sheriff's Dept. to continue to pay for the support and maintenance services for one additional year. This will be the last amendment needed for this service as the new Jail Management System provided by the Act 1 Group dba ATIMS, will go live in 2020. At that time, the Sheriff's Department will then solely be working with ATIMS under a different contract.
