REVIEW CRITERIA

<p>General Review Criteria: The proposal must comply with all of the general review criteria DZC Sec. 12.4.10.7</p>	<p><input type="checkbox"/> Consistency with Adopted Plans: The proposed official map amendment is consistent with the City's adopted plans, or the proposed rezoning is necessary to provide land for a community need that was not anticipated at the time of adoption of the City's Plan. Please provide an attachment describing relevant adopted plans and how proposed map amendment is consistent with those plan recommendations; or, describe how the map amendment is necessary to provide for an unanticipated community need.</p> <p><input type="checkbox"/> Uniformity of District Regulations and Restrictions: The proposed official map amendment results in regulations and restrictions that are uniform for each kind of building throughout each district having the same classification and bearing the same symbol or designation on the official map, but the regulations in one district may differ from those in other districts.</p> <p><input type="checkbox"/> Public Health, Safety and General Welfare: The proposed official map amendment furthers the public health, safety, and general welfare of the City.</p>
<p>Additional Review Criteria for Non-Legislative Rezonings: The proposal must comply with both of the additional review criteria DZC Sec. 12.4.10.8</p>	<p>Justifying Circumstances - One of the following circumstances exists:</p> <p><input type="checkbox"/> The existing zoning of the land was the result of an error.</p> <p><input type="checkbox"/> The existing zoning of the land was based on a mistake of fact.</p> <p><input type="checkbox"/> The existing zoning of the land failed to take into account the constraints on development created by the natural characteristics of the land, including, but not limited to, steep slopes, floodplain, unstable soils, and inadequate drainage.</p> <p><input type="checkbox"/> Since the date of the approval of the existing Zone District, there has been a change to such a degree that the proposed rezoning is in the public interest. Such change may include:</p> <p style="margin-left: 20px;">a. Changed or changing conditions in a particular area, or in the city generally; or</p> <p style="margin-left: 20px;">b. A City adopted plan; or</p> <p style="margin-left: 20px;">c. That the City adopted the Denver Zoning Code and the property retained Former Chapter 59 zoning.</p> <p><input type="checkbox"/> It is in the public interest to encourage a departure from the existing zoning through application of supplemental zoning regulations that are consistent with the intent and purpose of, and meet the specific criteria stated in, Article 9, Division 9.4 (Overlay Zone Districts), of this Code. Please provide an attachment describing the justifying circumstance.</p> <p><input type="checkbox"/> The proposed official map amendment is consistent with the description of the applicable neighborhood context, and with the stated purpose and intent of the proposed Zone District. Please provide an attachment describing how the above criterion is met.</p>

RE: **Denargo Market Phase III and Phase IV
2520 Wewatta Way and 2901 N. Broadway Street
Zone Map Amendment
2019I-00176**

Ladies and Gentlemen,

This document will serve as supporting documentation for the Zone Map Amendment Application for 2520 Wewatta Way (2.49 acres) and 2901 N. Broadway Street (1.42 acres) which are currently zoned C-MX-8, DO-7 and C-MX-16, DO-7, respectively. Both zone lots will undergo rezoning to match the zone lot boundaries to the tax lot boundaries. The exhibit included in the application illustrates the “downzone” intention and intent of matching zone lot boundaries to tax lot boundaries.

2520 Wewatta Way will be rezoned for Urban Center – Residential Mixed Use – 8 stories maximum height (C-MX-8), River North Design Overlay District (DO-7) and 2901 N. Broadway Street will be rezoned for Urban Center – Residential Mixed Use – 16 stories maximum height (C-MX-16), River North Design Overlay District (DO-7).

Review Criteria complying with DZC Sec. 12.4.10.7:

1. Consistency with Adopted Plans

There are currently 3 plans adopted by the City which pertain to the parcels: Blueprint Denver 2019, Comprehensive Plan 2040, and River North Plan 2003. The rezoning of these parcels complies with the goals of the adopted plans.

Blueprint Denver 2019

Rezoning the parcels so the zone lot boundaries match the tax lot boundaries is consistent with the rezoning components of the Blueprint Denver 2019 as listed below:

- Neighborhood Context
Rezoning to C-MX-8, DO-7/C-MX-16, DO-7 will be compatible with the existing zone lots as they stand today. Matching the zone lot boundaries with the tax lot boundaries will allow for the development of two high-density mixed-use neighborhood assets. The proposed new zoning is consistent with the Blueprint Denver Neighborhood Context Map for an Urban Center context. The Urban Center neighborhood context describes an area of higher residential density with street activation, walkability and access to amenities.

- Future Places
The C-MX-8, DO-7/C-MX-16, DO-7 zone districts are consistent with the goals and strategies of the Blueprint Denver 2040 Future Places Map for this area. The proposed rezone areas fall within the high residential areas in D and C context designations. Blueprint Denver identifies buildings in these contexts as the tallest of residential places with high lot coverage and shallow setbacks.
- Street Type
Both proposed Urban Center zone districts are located along a Mixed-Use Collector with proximity and direct access to a Mixed-Use Arterial. Matching the zone lot and tax lot boundaries will allow for prominent multi-story mixed-use buildings. This will allow for the goals of the Mixed-Use Collector to be achieved through redevelopment. The full redevelopment will provide pedestrian-oriented transportation methods though detached walks.
- Growth Strategy – High and High-Medium Residential Areas in D and C Contexts
The River North area is identified as an area of growth. As noted on page 50 of Denver Blueprint, these D and C Context areas are expected to take on 5% of employment and 15% of housing in Denver by 2040. The rezone and full development of Denargo Market Phases III and IV will provide additional bedrooms and multifamily units for the future housing needs of the River North neighborhood.

Denver Comprehensive Plan 2040

Rezoning the C-MX-8, DO-7/C-MX-16, DO-7 parcels so the zone lot boundaries match the tax lot boundaries is consistent with the vision elements of the Denver Comprehensive Plan 2040 as listed below:

- Equitable, Affordable and Inclusive, Goal 3, Strategy B – Use land use regulations to enable and encourage the private development of affordable, missing middle and mixed-income housing, especially where close to transit (p. 28).
 - o With these two planned high-density residential developments, affordable apartments units will either be provided as part of the projects or linkage fees will be paid to contribute towards affordable housing funding.
- Strong and Authentic Neighborhoods, Goal 2, Strategy D – Use urban design to contribute to economic viability, public health, safety, environmental well-being, neighborhood culture, and quality of life (p. 34).
 - o The rezoning of these parcels will bring these parcels and development goals in line with the adopted plans for the area. The full development of Denargo Market Phases III and IV will help to build a strong and authentic neighborhood and improve the economic viability and neighborhood culture with new housing opportunities.
- Connected, Safe and Accessible Places, Goal 6, Strategy A – Create a citywide network

for bicycling, walking and rolling that is safe and accessible to people of all ages and abilities (p. 41).

- o As part of the Denargo Market Phases III and IV developments, the existing street frontages will be enhanced and updated to provide an enhanced pedestrian corridor along Wewatta Way. Existing City streetlights will also be replaced and added per the current City standard.
- Economically Diverse and Vibrant, Goal 7, Strategy A – Encourage the development of creative districts (p. 47).
 - o The Denargo Market Phases III and IV developments will incorporate a mixture of uses that will enhance the River North neighborhood context. These mixed uses will continue to make the River North neighborhood a desirable community to both live and work. These developments will continue the enhancement of this creative arts district.
- Environmentally Resilient, Goal 8, Strategy B – Encourage mixed-use communities where residents can live, work and play in their own neighborhoods (p. 54).
 - o The future redevelopments of these parcels will meet the City’s commitment to environmental standards and provide new housing opportunities for many. These developments will allow many to both live and work in the creative River North neighborhood.
- Healthy and Active, Goal 2, Strategy A – Ensure equitable access to parks and recreation amenities for all residents (p. 58).
 - o The Denargo Market Phases III and IV developments will provide fitness centers as an amenity for future residents. Additionally, the close proximity to the downtown core, parks and recreation facilities, and the South Platte River will provide future residents with opportunities to enjoy the community.

River North Plan 2003

Rezoning the C-MX-8, DO-7/C-MX-16, DO-7 parcels so the zone lot boundaries match the tax lot boundaries is consistent with specific goals listed in the General Framework of the River North Plan 2003 along with helping to resolve issues identified.

- Much of the land in the study area is currently underutilized.
 - o The proposed rezoning and boundary shifts would allow the sites to be redeveloped into an area that is consistent with adopted plans for the neighborhood.
- The current zoning boundaries do not allow for appropriate development and design standards for the proposed developments.
 - o The rezoning and realignment of the zone lot boundaries will bring them in line with the residential mixed-use designation and tax lot boundaries.
- Create opportunities for employees of current and future employers to live within the study boundaries and seek to connect residents of adjacent neighborhoods with jobs within the Plan’s boundaries.
 - o The proposed zone districts would provide an opportunity to redevelop the

parcels into a high-density residential area that would provide housing for residents that look to work and live in the neighborhood.

- Build upon the unique land uses that exist and identify redevelopment sites and opportunities that foster creation of a compatible mix of uses.
 - o Rezoning these parcels to C-MX-8, DO-7/C-MX-16, DO-7 so the zone lot boundaries match the tax lot boundaries would bring a mixture of uses that will incorporate residential units along with a retail or restaurant component.
- Improve and create new connections within the River North Area, to downtown, and to nearby neighborhoods especially improved pedestrian and bicycle connections.
 - o Pedestrian connections will be provided by means of enhanced detached walks along the project frontages.
- By adding new development to the current uses and structures, create a unique environment both in terms of an eclectic mix of uses and exciting, innovative architecture.
 - o High-quality architectural design elements and site features would be incorporated into the projects that will enhance the character of the neighborhood.

2. Uniformity of District Regulations and Restrictions

This application seeks to rezone the parcels to C-MX-8, DO-7/C-MX-16, DO-7 so the zone lot boundaries match the tax lot boundaries. These zone districts are consistent with the purpose of the River North Design Overlay and adopted plans for the area. The new proposed zone districts will support and meet the City’s vision for this area.

3. Public Health, Safety and General Welfare

The development of high-density residential buildings will improve the general welfare of the public by either providing affordable housing units as part of the developments or by paying the linkage fees. In addition, accessible sidewalk connectivity will be provided along the project frontages which will enhance the neighborhood area.

Additional Review Criteria for Non-Legislative Rezonings (DZC Sec. 12.4.10.8):

4. Justifying Circumstances

The Justifying Circumstances are found in Section 12.4.10.8.A. The parcels qualify under subsection A.4(b). The City has adopted plans, specifically Blueprint Denver and the River North Plan 2003, that promote Urban Center development context for these parcel areas.

The rezoning of these parcels would meet the specific criteria for overlay districts as outlined in DZC Section 9.4.5.1.B. The full development of the Denargo Market Phases III and IV parcels will reinforce the desired character for the developing River North neighborhood. The proposed zone lots will be consistent with the City of Denver adopted River North Plan 2003, as outlined above, in that the developments would generate opportunities for both housing and employment, and foster creation of a

compatible mix of uses. Rezoning both parcels will bring a mixture of uses that will incorporate residential units along with a retail or restaurant component.

5. Consistency with Neighborhood Context, Zone District Purpose and Intent

The requested C-MX-8, DO-7/C-MX-16, DO-7 zoning is consistent with the adjacent neighborhood context, zone district purpose and intent as the parcels listed above are bordered by PUD-G #12, R-MU-30, C-MX-8, and C-MX-16 properties. Blueprint Denver specifically notes this neighborhood area is of Urban Center context with requirements for high residential development with buildings that are generally the tallest of the residential plans in this context. The proposed zone map amendment will allow for this Urban Center context to be realized.

According to the Denver Zoning Code (“DZC”) Section 7.2.2, the general purpose of the Mixed-Use Districts is intended to:

- promote safe, active, and pedestrian-scaled, diverse areas using building forms that clearly define and activate the public street edge
- enhance the convenience, ease and enjoyment of transit, walking, shopping and public gathering within and around the city’s neighborhoods
- ensure new development contributes positively to established residential neighborhoods and character and improves the transition between commercial development and adjacent residential neighborhoods
- focused on creating mixed, diverse neighborhoods
- require pedestrian enhancements
- have shallow front setback range, with high build-to requirements

The Denargo Market Phases III and IV developments will be consistent in meeting these DZC goals for a new Mixed-Use district and will provide pedestrian connectivity through the construction of detached walks along the mixed-use collector street.

The specific intent of the C-MX-8, DO-7/C-MX-16, DO-7 zone districts applies to areas served primarily by major arterial streets where a building scale of 3 to 12 stories is desired. The Denargo Market Phases III and IV developments meet the C-MX-8/C-MX-12 intent of the DZC because of proximity and direct access to a Mixed-Use Arterial and the story requirements of each respective zone district.

Summary of Request

As presented within this letter, the re-zoning of the specified parcels is beneficial in that it allows for the unencumbered development of a high-density residential product that will both serve and improve the surrounding neighborhood community.
