The Denver District Attorney's Office and the Asian Pacific Development Center (APDC) have received funding to support the Denver Anti-Trafficking Alliance (DATA): a multidisciplinary task force that implements victim-centered and coordinated approaches to identifying victims of sex and labor trafficking, addresses the individualized needs of victims through services, and investigates and prosecutes sex and labor trafficking cases in the City and County of Denver. The project increases DATA's infrastructure and creates a formalized collaboration between law enforcement and community and system-based service providers to address all forms of human trafficking. This project enhances the existing DATA to include formalized policies and procedures that focus on coordinated victim-centered approaches that incorporate survivor input, and multifaceted collaborative methods for investigating and prosecuting cases. These enhancements result in long term systems change, an increase in comprehensive services for victims of human trafficking, and ultimately the reduction and prevention of human trafficking in the City and County of Denver.

This contract reflects the \$750,000.00 award received by the DA's Office (15POVC-22-GK-03658-HT). APDC has a separate award budget.
