Is this contract subject to: W/MBE DBE SBE XO101 ACDBE N/A

WBE/MBE/DBE commitments (construction, design, DEN concession contracts): N/A

Who are the subcontractors to this contract? N/A

EXECUTIVE SUMMARY

The Legacy Lofts project participates in the D3 program, in which the Denver Housing Authority (DHA) will own the land and lease the improvements to Colorado Coalition for the Homeless (CCH) for 99 years. This project will comprise three separate ownership structures in a single building, located adjacent to the Stout Street Health Clinic in the Five Points neighborhood.

1. The first structure is a 75-bed recuperative care center, partially financed by New Markets Tax Credits and \$797,101 in City Community Development Block Grant (CDBG) funds, a grant requiring that the recuperative care center be operated for seven years.

To be completed by Mayor's Legislative Team:

Resolution/Bill Number: RR20 1421

Date Entered: _____

2. The second structure is a 9% Low Income Housing Tax Credit (LIHTC) project, to be owned by Legacy Lofts LIHTC LLLP, comprising 64 studio and one-bedroom apartments. The City will invest \$2,202,899 in gap financing in this structure as a performance loan, comprised of HOME funds. There will be 13 HOME units for this portion. Twenty-eight (44%) of the units will be affordable at 30% of area median income (AMI), 13 units (20%) will be affordable at 40% of AMI, 12 units (19%) will be affordable at 50% of AMI, and 11 units (17%) will be affordable at 60% of AMI.

3. The third structure is a 4% LIHTC project, to be owned by Legacy Lofts PAB LLLP, comprising 34 studio and one-bedroom apartments. The City will invest \$1,100,000 in gap financing in this structure as a performance loan, comprising HOME Investment Partnerships Program, Neighborhood Stabilization Program II, and the Housing for the Mentally Ill fund. There will be 3 HOME units for this portion. Fourteen (41%) of the units will be affordable at 30% of AMI, 7 units (21%) will be affordable at 40% of AMI, 8 units (24%) will be affordable at 50% of AMI, and 5 units (15%) will be affordable at 60% of AMI.

For these three investments, the City will require covenants on the 9% and 4% leaseholds to restrict all combined 98 units. Gap financing for the 9% and 4% LIHTC projects will be in the form of performance loans for 99 years. These investments, totaling \$4,100,000 represent \$41,837 per restricted unit, restricted for 60 years. There will be no deed restrictions on the CDBG investment in the recuperative care center, but the loan will be recourse to CCH.

Additionally, this project requires \$750,000 in supportive services gap financing, which will be contracted at a later date in the form of two contracts, one for each of the 4% and 9% housing structures. Collectively, these supportive housing contracts will represent an investment of \$510 per unit per year of the 15-year supportive services contract. With these supportive services contracts taken into account, this project will have a total of five separate contracts.

All units and services will serve the chronically homeless, sourcing 50% of the units from OneHome. Also, many of those served will have co-occurring disorders, including mental illness.

To be completed by Mayor's Legislative Team:
