CONTRACT TERMS & AMOUNT

- Contract term
 - Five (5) years from the date of execution (DOE)
- Contract amount
 - Not to exceed \$65,000,000

BUSINESS CASE SUMMARY

- The list of upcoming capital improvement projects in the five-year plan is extensive.
- As our facilities get older, the amount of needed maintenance increases
- Whether the project is inside our facilities, on the airfield or on the roadways and parking lots, each project will require quality assurance inspection and may require special inspections services
- This contract will provide quality assurance inspection and special inspections services to all capital improvement and maintenance projects on DEN property
