**A BILL**

**For an ordinance relating to the Denver Zoning Code, to modify certain building form standards in response to slot home construction.**

**WHEREAS**, the City Council desires to amend the Denver Zoning Code to implement the land use recommendations relating to the modification of certain existing building form standards in response to construction of certain multi-unit residential structures consisting of attached dwelling units arranged side-by-side and primarily perpendicular to the street, also referred to as slot homes; and

**WHEREAS**, in conjunction with the foregoing desired modifications, the City Council finds it reasonably necessary to rename the Suburban Town House 2.5 (S-TH-2.5) and Urban Edge Town House 2.5 (E-TH-2.5) zone districts to Suburban Row House 2.5 (S-RH-2.5) and Urban Edge Row House 2.5 (E-RH-2.5) zone districts, respectively, in order to eliminate confusion, provide clarity and transparency concerning the building forms authorized under the renamed S-RH-2.5 and E-RH-2.5 zone districts, and in order to promote the public health safety and general welfare; and

**WHEREAS**, the City Council has determined on the basis of evidence and testimony presented at the public hearing that amending the Denver Zoning Code as set forth herein is consistent with the City’s adopted plans, furthers the public health, safety and general welfare, and will result in regulations and restrictions that are uniform within zone districts where residential uses are permitted.
