

Denver Zoning Code Text Amendment Modernizing Zoning Variances Land Use Transportation and Infrastructure Committee City Council Draft - 4/11/2023

Denver currently offers two key procedures for allowing flexibility from zoning standards: the administrative adjustment and the variance. A recent survey asked applicants, city staff, and other stakeholders how these procedures could be improved and highlighted key areas for change. The proposed text amendment focuses on updating the thresholds for eligibility and approval criteria to provide greater flexibility and address practical challenges of building in Denver. The Planning Board Draft reflects corrections and minor revisions to the Public Review Draft, which was published on January 24, 2023.

The proposed changes to the Denver Zoning Code include:

- Processing claims based on federal law (such as the American Disabilities Act and Federal Fair Housing Act) as administrative adjustments, rather than variances.
- Allowing approval of a variance or adjustment if the request would result in an increase of income-restricted units.
- Addressing minor errors in permitting and construction through an administrative adjustment or variance.
- Expanding the definition of unusual physical circumstances to support preservation of existing buildings and established trees.
- Updating the allowances for certain administrative adjustments to allow less impactful changes to be approved at the staff level, rather than through a Board of Adjustment hearing.

ARTICLE 10. GENERAL DESIGN STANDARDS

required to provide 25 spaces as shared vehicle parking (60 maximum allowed spaces multiplied by 125 percent = 75 allowed spaces. 100 existing spaces minus 75 allowed spaces = 25 spaces required to be provided as shared vehicle parking).

SECTION 10.4.3 BICYCLE PARKING

10.4.3.1 Applicability

Section 10.4.2, General Applicability, shall apply, with the following exceptions:

- A. This Section 10.4.3 Bicycle Parking shall not apply in the D-C, D-TD, or D-CV zone districts. See Section 8.3.1.5, Off-Street Parking Requirements, for applicable bicycle parking standards for these districts.

10.4.3.2 Calculation

- A. When a primary use's required amount of bicycle parking is 2 spaces or less, the use shall provide a minimum of 2 bicycle parking spaces in a fixed rack bicycle parking facility.
- B. In determining the number of bicycle parking spaces required, fractional spaces are rounded to the nearest whole number, with one-half counted as an additional space.
- C. In determining the number of bicycle parking spaces that must be sited in an enclosed bicycle facility or a fixed rack bicycle facility, fractional spaces are rounded to the nearest whole number, with one-half counted as an additional space.
- D. All required spaces "per square feet" are measured as gross floor area, unless otherwise specified.
- E. For residential uses, the bicycle parking requirement shall be calculated separately for separate residential buildings.
- F. Where any building or zone lot contains two or more uses having different bicycle parking requirements, the bicycle parking requirements for each use shall apply proportionally to the extent of that use's gross floor area in the building or on the zone lot.

10.4.3.3 Bicycle Parking Exceptions

A. Reductions in Required Amount ~~of Bicycle Parking by Administrative Adjustment~~

The Zoning Administrator may adjust the bicycle parking requirement in one of the following ways: ~~as described below according to Section 12.4.5, Administrative Adjustment.~~

- 1. A reduction in the overall number of bicycle parking spaces required for a primary use, up to a maximum 20% reduction. A reduction in the overall number of spaces does not change the proportional (%) distribution of the required spaces to an enclosed or fixed bicycle rack parking facility; or
- 2. ~~An adjustment~~ **modification** in the number of bicycle parking spaces that must be provided in either an enclosed or fixed bicycle rack parking facility, up to a maximum 20% adjustment, provided any reduction in the number of spaces provided in one type of parking facility shall be providing in the other type of parking facility.
 - a. For example: When a total of 20 bicycle parking spaces is required and 10 shall be provided in an enclosed storage facility and 10 shall be provided in a fixed bicycle rack parking facility, the Zoning Administrator may ~~modify grant an adjustment to~~ the amount that must be enclosed, resulting in a reduction from the original 10 enclosed spaces to 8 enclosed spaces. That would require a total of 12 spaces in a fixed bicycle rack parking facility.

B. Preservation of Existing Trees

If, in order to comply with bicycle parking requirements, it would be necessary to remove mature, existing trees, the Zoning Administrator may allow reasonable reductions in the number of required bicycle parking spaces. ~~Requests for this exception from the minimum bicycle parking requirements shall be reviewed according to Section 12.4.5, Administrative Adjustment.~~

10.4.3.4 Required Types of Bicycle Parking Facilities

In order to meet the minimum required bike parking spaces, there are two types of bicycle parking facilities that may be required. The description and minimum standards for each type of bicycle parking facility are as follows. Such facilities may be placed on private property or within the public right-of-way. Facilities in the public right-of-way require a permit by the Department of Transportation and Infrastructure ("DOTI").

A. Enclosed Bicycle Parking Facility

An enclosed bicycle parking facility shall be provided through various methods provided it meet the following minimum standards:

1. Shall provide enclosed bicycle storage in lockers, a room within a building, or within a parking structure.
2. All types of enclosed bicycle storage shall be easily accessible to all building occupants and to public entrances and walkways, secure, well lighted and weather resistant.
3. Each storage space shall provide a minimum of 15 square feet in area. The Zoning Administrator may reduce the minimum area up to 6 square feet if a more efficient layout is provided.

B. Fixed Bicycle Rack Parking Facility

A fixed bicycle rack parking facility shall be provided through various methods provided it meet the following minimum design standards:

1. Fixed bicycle racks shall be securely anchored.
2. Fixed bicycle racks must be publicly accessible to building entrances and walkways.
3. Spacing of the racks shall provide clear and maneuverable access.
4. Where two bikes can be locked on both sides without conflict, each side can be counted as one required space.

SECTION 10.4.4 MINIMUM AND MAXIMUM VEHICLE PARKING

10.4.4.1 Applicability

Section 10.4.2, General Applicability, shall apply.

10.4.4.2 Calculations

A. General Rule

1. In determining the minimum number of vehicle parking spaces required or the maximum number of vehicle parking spaces allowed, fractional spaces are rounded to the nearest whole number, with one-half counted as an additional space.
2. Except when shared parking is allowed (see Section 10.4.5.4 Shared Vehicle Parking), when a zone lot is used for a combination of uses, the minimum vehicle parking requirement shall be the sum of the requirements for each use and may be used jointly. In areas where maximum vehicle parking standards apply, except when shared parking for off-site uses is being provided according to Section 10.4.5.4, Shared Vehicle Parking, where a zone lot contains multiple primary uses subject to maximum parking standards, the total

1. Definition

“Internal drives” mean the part of a Off-Street Parking Area used for vehicular circulation, but which do not abut parking stalls in a manner that allows their use for vehicular access to the parking stalls.

2. Minimum Internal Drive Dimensions

- Internal drives shall be a minimum width of 10 feet for one-way traffic and shall be a minimum width of 20 feet for two-way traffic except for development under the Town House, Row House, or Garden Court building forms.

- c. The Zoning Administrator may reduce the minimum internal drive width standard ~~in accordance with when necessary to relieve hardship associated with providing safe vehicle access and circulation on unusually small or narrow zone lots. Any such request for reduction shall be reviewed according to~~ Section 12.4.5, Administrative Adjustments.

B. Vehicular Access

The following standards shall apply in all zone districts to all Off-Street Parking Areas:

1. Access to and egress from each parking space shall be obtained with no more than a standard two-movement entrance or exit from the parking space by a vehicle parking there.
2. Curb cuts for vehicular access from the public right-of-way and vehicle stacking space on the parking lot proximate to any entry pay station or other control device are subject to review by the Department of Transportation and Infrastructure ("DOTI") according to Section 10.4.6.3.B.3, below. "Vehicular Access from the public right-of-way" means the part of the parking lot used for vehicles to transition between the public right-of-way and the parking lot.

12.4.5.3 Review Process

A. Initiation

The owner of the subject property, ~~or the owner's authorized agent, a public utility, or the Manager of Community Planning and Development~~ may initiate an application for an administrative adjustment.

B. Pre-Application Meeting

A pre-application meeting is mandatory before submittal of an application for administrative adjustment. See Section 12.3.2, Pre-Application Meeting/Concept Plan Review.

C. Application and Fees

1. **Concurrent Review for Administrative Adjustments**

~~Requests for administrative adjustments may be submitted concurrently with any other required zoning application according to Section 12.3.3.9, Concurrent Applications. In such cases, the Zoning Administrator shall review and take action on the administrative adjustment during the review of the primary application.~~

2. **Submittal in Writing**

All applications for administrative adjustments shall be filed in writing with Community Planning and Development. The applicant shall pay all required fees at the same time the application is submitted. See Section 12.3.3, Submission of Applications.

D. **Timing of Administrative Adjustment Requests**

1. **Adjustments Authorized for Pre-Development Requests**

- a. The Zoning Administrator may approve administrative adjustments in response to a written request made prior to the formal submittal of a Site Development Plan, zoning permit, or Zone Lot amendment application. The Zoning Administrator may approve a pre-development decision on the requested adjustment if it is necessary to enable the applicant to submit a complete development application for review.
 - i. For example, the Zoning Administrator may approve a request to adjust the Primary Street Setback before formal review of the construction of a new single unit dwelling, because a final decision on the Primary Street Setback is necessary for the applicant to prepare development plans for the new dwelling that demonstrate compliance with all applicable zoning standards.
- b. The Zoning Administrator shall not approve administrative adjustments prior to formal submittal of a Site Development Plan or zoning permit for development in an approved PUD District, unless the terms of the PUD District Plan and documents expressly authorize administrative adjustments according to this Section 12.4.5.

2. **Administrative Adjustments to Pending Zoning Applications**

The Zoning Administrator may ~~grant approve~~ administrative adjustments ~~as part of the review of a pending zoning application otherwise required by this Code according to submitted concurrently with any other required zoning application according to Section 12.3.3.9, Concurrent Applications, the allowances and limits stated in Section 12.5.3, Permitted Types of Administrative Adjustments, below;~~ except that the Zoning Administrator may ~~grant approve~~ administrative adjustments to a pending ~~s~~Site ~~d~~Development ~~p~~Plan or zoning permit for development in an approved PUD District only when the terms of the PUD District Plan and documents expressly authorize administrative adjustments according to this Section 12.4.5.

3. **Administrative Adjustments to Approved Applications, Plans and Permits**

1. **General Allowance**

- a. The Zoning Administrator may ~~grant~~ approve administrative adjustments to a previously approved application, plan or permit approved pursuant to this Code, ~~except that~~
- b. ~~t~~The Zoning Administrator may only ~~approve~~ grant administrative adjustments to a previously approved ~~s~~Site ~~d~~Development ~~p~~Plan or zoning permit for development in an approved PUD District ~~only~~ when the terms of the PUD District Plan and documents expressly authorize administrative adjustments according to this Section 12.4.5.

2. **Limits on Authority to Grant Adjustments**

- c. The Zoning Administrator ~~may approve administrative adjustments to a previously approved plan or permit according to the allowances and limits stated in Section 12.4.5.3, Permitted Types of Administrative Adjustments, below. In no circumstance, however, shall the Zoning Administrator~~ shall not approve an administrative adjustment to a previously approved application, plan or permit that qualifies as an "amendment" ~~under~~ according to Section 12.3.7.2, Amendments to Approved Applications, Plans or Permits.

E. **Review, Referral and Final Decision by Zoning Administrator**

1. The Zoning Administrator may refer the administrative adjustment application to other affected or interested parties and agencies for review and comment, as deemed necessary to make a decision on the application.
2. In deciding to approve, approve with conditions, or deny the proposed adjustment, the Zoning Administrator shall consider relevant comments of all interested parties and agencies.
3. The Zoning Administrator may attach any condition to approval of an administrative adjustment reasonably necessary to protect the health, safety and welfare of the community, to secure substantially the objectives of the modified standard, and to minimize adverse impacts on adjacent properties.

12.4.5.4 **Review Criteria**

~~Except for the administrative adjustments allowed in Section 12.4.5.2.A through F above, t~~The Zoning Administrator may approve an ~~A~~administrative ~~A~~adjustment only upon finding that the adjustment complies with at least one of the following review criteria supporting justifying circumstances:

- A. ~~The adjustment is necessary to satisfy the federal requirements for reasonable accommodation of housing for protected groups under the Federal Fair Housing Act as provided in Section 12.4.5.3.B.2.; or~~
- B. ~~The adjustment is necessary to eliminate a substantial burden on religious exercise as guaranteed by the federal Religious Land Use and Institutionalized Persons Act of 2000 as provided in Section 12.4.5.3.B.1.; or~~
- C. ~~The adjustment is necessary to satisfy the mandates under any other federal law or requirements as provided in Section 12.4.5.3.B.3.; or~~
- D. ~~All of the following criteria have been met.; or~~
 1. ~~The requested adjustment is consistent with the stated intent and purpose of this Code.~~

- ~~2. The requested adjustment is consistent with the stated intent and purpose of the applicable zone district.~~
- ~~3. The requested adjustment is consistent with the stated intent and purpose of a previously approved PUD District Plan, as applicable.~~
- ~~4. The requested adjustment will have no significant adverse impact on the health, safety, or general welfare of surrounding property owners or the general public, or such impacts will be substantially mitigated.~~
- ~~5. The requested adjustment is needed to compensate for unnecessary hardship. For purposes of satisfying these administrative adjustment review criteria, determination of "unnecessary hardship" shall mean the application satisfies the review criteria for a zoning variance stated in Sections 12.4.7.5 and 12.4.7.6, except compliance with the criteria stated in Section 12.4.7.5.E, Nonconforming or Compliant Uses in Existing Structures, shall not be applicable to an application for administrative adjustment.~~

E. Neighborhood Compatibility

The Zoning Administrator may grant an administrative adjustment when:

1. The property could be reasonably developed in conformity with the provisions of this Code, but the proposed adjustment will result in a building form that is more compatible than a project that complies with this Code, in terms of building height, siting, and design elements, with similar building forms in the existing neighborhood in which the subject property is located; or
2. A proposed adjustment to Zone Lot area or Zone Lot dimensions will result in a Zone Lot that is as or more compatible with the pattern of Zone Lots in the existing neighborhood in which the subject property is located.
3. For purposes of making a determination of whether the subject property, with the proposed adjustment, would be more compatible with the existing neighborhood, "existing neighborhood" means any Zone Lot or similar building form on a Zone Lot that is located on the same Face Block, opposite Face Block, or adjacent Face Block to the subject property. The "existing neighborhood" may extend beyond the aforementioned limits if the Zoning Administrator deems it reasonable and necessary to make a determination of compatibility with the most relevant existing neighborhood.
4. An Applicant shall not request an administrative adjustment according to this Section 12.4.5.4.A, Neighborhood Compatibility when the subject property contains a Historic Structure or is located in a Landmark District. Instead, the Applicant may seek an administrative adjustment according to Section 12.4.5.2.B, Administrative Adjustments for Historic Structures or Properties Located in a Landmark District.

F. Unusual Physical Conditions or Circumstances

The Zoning Administrator may grant an administrative adjustment when the adjustment is necessary to provide reasonable relief from unusual physical conditions or circumstances and the Applicant shows that all the following criteria (F.1 through F.5) are met:

1. There are unusual physical circumstances or conditions, including but not limited to:
 - a. Irregularity, narrowness or shallowness of the lot;
 - b. Exceptional topographical or other physical conditions peculiar to the affected property;
 - c. The circumstances or conditions relate to drainage conditions and challenges, not including location in a designated floodplain;
 - d. Presence of Established Trees that would otherwise be removed with the strict application of standards; or

- e. Unusual physical circumstances or conditions arising from a Nonconforming or Compliant Structure existing on the subject property or on an abutting Zone Lot.
 - i. For example, an applicant proposes combining two zone lots (a zone lot amendment). One of the zone lots contains an existing single-unit residence that is located 7.5 feet from one of the side interior zone lot lines. After the proposed zone lot combination, the new zone lot is much wider than what it was before, which triggers a change in the zoning side interior setback requirement for the existing home, increasing from 7.5 feet to 10 feet. With no proposed physical expansion of the existing home's footprint, the existing structure would violate the new 10-foot setback standard after the proposed zone lot combination as it relates to the unamended zone lot line (violating the review criteria to approve the zone lot amendment). In this case, the applicant may seek an administrative adjustment of the required side interior setback standard under this subsection to allow the zone lot amendment to be approved. The request should meet the criterion that, if granted, the adjustment will neither create a new zoning violation nor increase the amount or degree of the previous noncompliance for the exterior wall that sits in the newly required 10-foot side interior setback from the unamended zone lot line– the home was setback 7.5 feet from that zone lot line before the zone lot amendment and will still be setback 7.5 feet after the zone lot amendment.
 - ii. For example, an applicant proposes to convert the interior space of their single-unit dwelling's attached garage from vehicle storage to habitable/living space. No physical expansions or additions to the building are proposed. The exterior wall that enclosed the attached garage currently violates the side setback standard (per this Code, the structure is compliant as to the side setback). When changed from garage space to living space, the zoning side setback applicable to the previous garage wall increases. Although no physical change or expansion of the exterior wall is proposed, the change in use of the interior space results in an increase in the degree/amount of the existing structure's noncompliance with the side setback standard (violating the review criteria to approve a zone lot amendment). In this case, the applicant may seek an administrative adjustment of the required side setback standard under this subsection to allow the change in interior space and the zone lot amendment. The request should meet the criterion that the adjustment will neither create a new zoning violation nor increase the amount or degree of the previous noncompliance for the exterior wall in the side setback.
- 2. The circumstances or conditions do not exist throughout the neighborhood or zone district in which the property is located, or the circumstances or conditions relate to drainage conditions and challenges found consistently throughout the neighborhood or zone district in which the property is located; except for those adjustments based on drainage conditions, as described in subsection F.1.c above, or those based on Nonconforming or Compliant Structures, as described in subsection F.1.e. above.
- 3. The unusual physical circumstances or conditions have not been created by the Applicant.
- 4. Would not substantially or permanently impair the reasonable use and enjoyment or development of the subject property or adjacent property.
- 5. The unusual physical condition or circumstance causes the need for the adjustment.
- 6. The proposed design addresses any concerns raised by the Zoning Administrator or other city agencies in their review of the request.
- G. **Affordable Housing**
The Zoning Administrator may grant an administrative adjustment when:

1. The proposed development or design would result in more Income Restricted Units than would be created without the administrative adjustment;
2. The adjustment to the subject standard cannot be accomplished through any specific incentives available in this Code or in mandates for the provision of Income Restricted Units under other City laws;
3. The purpose of the adjusted standard will still be achieved or substantially advanced if the adjustment is approved;
4. Would not substantially or permanently impair the reasonable use and enjoyment or development of the subject property or adjacent property.
5. The proposed design addresses any concerns raised by the Zoning Administrator or other city agencies in their review of the request.

H. Other Required Findings

For administrative adjustments to certain standards by building form authorized by Section 12.4.5.2.G, and where the right-most column of Tables 12.4.5.G.3-1 and 12.4.5.G.3-2 refer to applicable review criteria that are not specifically stated in this Section 12.4.5.4, the Zoning Administrator shall apply those particular review criteria stated in the Tables.

12.4.5.5 Requirements and Limitations After Administrative Adjustment Approval

A. Administrative Adjustments to Approved Plans or Permits

Adjustments to an approved plan or permit shall be noted on a revised plan or permit, which shall be plainly marked as "Revised," and submitted to the Zoning Administrator. The Zoning Administrator shall note the terms of the approved administrative adjustment directly on the revised plan or permit and affix ~~his~~their signature and the date of approval. If the original plan or permit was required to be recorded, the Zoning Administrator shall record such revised plan or permit in the real property records of the Denver County Clerk and Recorder within 30 days of the Zoning Administrator's approval of the adjustment.

B. Noted on Pending Application

The Zoning Administrator shall specify any approved administrative adjustment from building form or design standards and the justifications for such adjustment on the pending zoning application for which the adjustments were sought. Alternately, the Zoning Administrator may include such final determination, in writing, as part of staff report for a required public hearing.

C. Expiration

1. Administrative adjustments approved under Section 12.4.5.3.D.1. Adjustments Authorized for Pre-Development Requests, expire 180 days after the approval date unless either (1) a complete application for a Site Development Plan including the approved administrative adjustment is submitted; or (2) an application for a Zoning Permit including the approved administrative adjustment is submitted.
2. As applicable, an approved administrative adjustment shall be valid for the same time frame as the approval with which it was joined or for the same time frame as the originally approved plan or permit.
3. In all other cases, an administrative adjustment shall be valid for the same time frame and have the same effect as the zoning application with which it is joined, as such application is ultimately approved.

- e. Transportation requirements, including the modal split for people and freight, by volume type and characteristics of traffic generation to and from the site; trip purposes and whether trip purposes can be shared by other uses on the site;
- f. Parking requirements, turnover and generation, ratio of the number of spaces required per unit area or activity, and the potential for shared parking with other uses;
- g. The amount and nature of any external effects generated on the premises, including but not limited to noise, smoke, odor, glare, vibration, radiation and fumes;
- h. Any special public utility requirements for serving the proposed use, including but not limited to water supply, waste water, pre-treatment of wastes and emissions required or recommended, and any significant power structures and communications towers or facilities; and
- i. The type and extent of impacts on adjacent properties created by the proposed use in comparison to impacts from other uses permitted in the zone district.

SECTION 12.4.7 VARIANCE

12.4.7.1 ~~When Authorized Purpose~~

The Board of Adjustment may authorize variances from the terms of this Code ~~pursuant to the charter~~, subject to terms and conditions fixed by the Board of Adjustment, as will not be contrary to the public interest ~~and where owing to justifying circumstances, deviation from, owing to unusual conditions or disability or owing to a property's historic designation, or where a variance would produce a more compatible development~~, literal enforcement ~~or application of the provisions of this Code is reasonable. will result in an unnecessary hardship.~~

12.4.7.2 Related Procedure

Under certain circumstances, modifications of this Code's standards may be permitted according to the ~~Administrative Adjustment~~ procedure in Section 12.4.5, without resorting to this ~~Variance~~ procedure. ~~The Zoning Administrator may grant administrative adjustments to relieve unnecessary hardship and practical difficulties, without review by the Board of Adjustment for a variance.~~

12.4.7.3 ~~Applicability and Limitations on Variances for Signs~~

A. ~~Applicability~~

~~The Board of Adjustment may approve variances to all Zone Lot, Building Form, and Development standards found in Articles 1 through 10 and to use limitations found in Article 11 of this Code, unless expressly prohibited or limited by this Section 12.4.7.3.~~

B. ~~Limitations on Variances to Uses, Zone District Waivers/Conditions, and PUD District Plans~~

~~The Board of Adjustment may approve a variance only if the variance:~~

1. ~~Would not authorize the operation of a Pprimary, aAccessory, or tTemporary tUse other than those uses specifically enumerated as permitted Pprimary, aAccessory, or tTemporary tUses for the zone district in which the property is located.~~
2. ~~Would not grant a change to either (a) a waiver or condition attached to an approved rezoning, or (b) an approved PUD District plan that would constitute an "amendment" under Section 12.3.7.2, Amendments to Approved Applications, Plans and Permits, or (c) an approved GDP that would constitute an "amendment" under Section 12.3.7.2, Amendments to Approved Applications, Plans and Permits.~~

C. ~~Administrative Adjustment Required Before Variance Application~~

~~An application for a variance shall not be submitted to the Board of Adjustment unless the applicant shall have first submitted a request for an administrative adjustment to the Zoning Ad-~~

ministrator and such request has been finally denied. This provision shall only apply when the subject of the variance application falls within the Zoning Administrator's authority to provide relief according to Section 12.4.5, Administrative Adjustments.

D. General Limitations on Sign Variances

No variance from the provisions of Division 10.10, Signs, on permitted signs shall be granted or authorized by the Board of Adjustment, which would result in any of the following:

1. Any variance from the provisions of Section 10.10.21, Outdoor General Advertising Devices;
2. An existing roof sign that is higher than 32 feet above grade or a new or existing projecting sign that is higher than 32 feet above grade;
3. A new roof sign;
4. A new projecting sign that exceeds 20 square feet in sign area in a Residential Zone District or in the MX-2x, MS-2x, or O-1 zone districts; or that exceeds 50 square feet in sign area in the MX-2A, MX-2, MX-3A, MX-3, MS-2, MS-3, I-MX, I-A, or M-IMX zone districts; or that exceeds 80 square feet in sign area in all other zone districts;
5. A new or existing projecting sign where more than 1 other sign is maintained or is to be maintained for the same primary use on the same building front;
6. A new or existing ground sign that is higher than 32 feet above grade, except that a variance permitting the maintenance of an existing ground sign that is not higher than 35 feet above grade may be granted where said ground sign and all other signs for the same primary use comply with all other applicable provisions of Division 10.10, Signs;
7. A new or existing sign with a sign area larger than that which is permitted under the provisions of Division 10.10, Signs, for the primary use in the zone district in which the primary use is or will be maintained, except that a variance permitting the maintenance of an existing sign with a sign area up to 50 percent larger than the maximum sign size permitted under the provisions of Division 10.10, Signs, for the primary use in the zone district in which the use by right is maintained may be granted where no other signs are maintained for the same primary use on the same building front and where the total area of signs maintained for the same primary use does not exceed that permitted under the applicable provisions of Division 10.10, Signs; or
8. A greater total area of signs than that which is permitted under the provisions of Division 10.10, Signs, for the primary use in the zone district in which the primary use is or will be maintained.

E. Variances for Signs for Religious Assembly Uses

Notwithstanding the limitations set forth in this Section 12.4.7.3.C, Limitations on Variances for Signs, the Board of Adjustment shall have the power to grant variances from the provisions of Division 10.10, Signs, for signs that identify Religious Assembly uses when such signs are located on the same Zone Lot as the permitted Religious Assembly use.

12.4.7.4 Review Process

A. Initiation

The owner of the subject property, ~~or~~ the owner's authorized agent or a public utility may initiate an application for a variance.

B. Mandatory Pre-Application Meeting

A pre-application meeting between the Applicant and CPD is mandatory before submittal of an application for a variance to the Board of Adjustment. See Section 12.3.2, Pre-Application Meeting/Concept Plan Review.

C. Application and Fees

All applications for variance shall be filed in writing according to the rules of the Board of Adjustment. The applicant shall pay all required fees at the same time the application is submitted. See Section 12.3.3, Application.

D. Public Hearing and Decision by Board of Adjustment

1. Following notice and a public hearing according to the rules of the Board of Adjustment, the Board of Adjustment shall approve, approve with conditions, or deny the variance request based on whether the ~~a~~Applicant has demonstrated compliance with evidenced an unnecessary hardship according to the review criteria in both Sections 12.4.7.5 and 12.4.7.6 below, and subject to any limitations in Section 12.4.7.37 ~~regarding variances for signs.~~
2. The Board may attach any condition to a variance approval necessary to protect the health, safety and welfare of the community and minimize adverse impacts on adjacent properties, including but not limited to a condition changing the location or dimensions of a proposed development directly related to the request for a variance.

12.4.7.5 Review Criteria -~~Unnecessary Hardship-Justifying Circumstances~~

The Board of Adjustment may grant a variance only if it finds that there are justifying circumstances ~~there is an unnecessary hardship~~ whereby the application satisfies the criteria of **any one of Sections 12.4.7.6.A. through G in addition to satisfying the general review criteria in Section 12.4.7.5, paragraph A. or B. or C. or D. or E.** of this subsection ~~and satisfies the criteria of Section 12.4.7.5, Review Criteria - Applicable to All Variance Requests.~~

A. ~~Disability~~

1. ~~There is a disability affecting the owners or tenants of the property or any member of the family of an owner or tenant who resides on the property, which impairs the ability of the disabled person to utilize or access the property.~~

A. Unusual Physical Conditions or Circumstances

The variance is necessary to provide reasonable relief from unusual physical conditions or circumstances and the Applicant shows that all the following criteria (1-5) are met:

1. There are unusual physical circumstances or conditions, including, without limitation:
 - a. Irregularity, narrowness or shallowness of the lot; ~~or~~
 - b. Exceptional topographical or other physical conditions peculiar to the affected property; ~~or~~
 - c. Circumstances or conditions related to drainage conditions and challenges, not including location in a designated floodplain;
 - d. Presence of Established Trees that would otherwise be removed with the strict application of standards; or
 - e. Unusual physical circumstances or conditions arising from a ~~N~~onconforming or ~~C~~ompliant ~~S~~tructure existing on the affected property or on an abutting Zone Lot.
2. The circumstances or conditions do not exist throughout the neighborhood or zone district in which the property is located; except for those adjustments based on drainage

~~conditions, as described in subsection A.1.c above, or those based on Nonconforming or Compliant Structures, as described in subsection A.1.e. above.], or the circumstances or conditions relate to drainage conditions and challenges found consistently throughout the neighborhood or zone district in which the property is located;~~

3. The unusual physical circumstances or conditions have not been created by the applicant.
4. The unusual physical condition or circumstance causes the need for the variance.

B. Neighborhood Compatibility with Existing Neighborhood

1. The property could be reasonably developed in conformity with the provisions of this Code, but the proposed ~~adjustment or~~ variance will result in a building form that is more compatible ~~than a project that complies with this Code~~, in terms of ~~b~~Bbuilding ~~H~~height, siting, and design elements, with the existing neighborhood in which the subject property is located; ~~or In making a determination of whether the subject property, with the proposed variance, would be more compatible with the existing neighborhood, the decision-making body may choose not to consider primary or accessory buildings in the existing neighborhood that have been granted variances or administrative adjustments based on unusual physical circumstances or conditions of such properties:~~
2. A proposed variance to Zone Lot area or Zone Lot dimensions will result in a Zone Lot that is as or more compatible with the pattern of Zone Lots in the existing neighborhood in which the subject property is located.
3. For purposes of making a determination of whether the subject property, with the proposed variance, would be more compatible with the existing neighborhood, "existing neighborhood" shall mean any Zzone Llot or similar building form on a Zzone Llot that is located on the same Fface Bblock, opposite Fface Bblock, or adjacent Fface Bblock to the subject property. The "existing neighborhood" may extend beyond the aforementioned limits if the Board of Adjustment finds the expansion is reasonable and necessary to make a determination of compatibility with the most relevant existing neighborhood.
 - a. ~~In making a determination of whether the subject property, with the proposed variance, would be more compatible with the existing neighborhood, the decision-making body may choose not to consider primary or accessory buildings in the existing neighborhood that have been granted variances or administrative adjustments based on unusual physical circumstances or conditions of such properties:~~
4. ~~For changes in building or site elements within the rear 35% of a zone lot: Any similar zone lot or building on a zone lot which is located on the same face block or on an adjacent face block (i.e., across a rear property line or rear alley):~~
5. ~~For changes in building or site elements within the front 65% of a zone lot: Any zone lot or primary building on a zone lot which is located on the same face block or the face block across a public street from the subject building:~~
6. ~~For purposes of a variance review only, the Board of Adjustment may consider similar buildings located beyond the same face block, opposite face block, or adjacent face block from the subject building if the Board deems doing so reasonable and necessary to make its determination of compatibility with the existing neighborhood. This allowance does not apply to review of a request for an administrative adjustment:~~

C. Nonconforming or Compliant Uses in Existing Structures

A variance to increase the floor area occupied by a ~~n~~Nonconforming or ~~c~~Compliant ~~u~~Use in an existing structure may be granted only if the Board of Adjustment finds the following conditions to exist:
