5. Describe the proposed ordinance, including what the proposed ordinance is intended to accomplish, who's involved

a. Scope of Work

This is an amendment request for the contract language. On pg. 3 (item 1.d) the contract states that DBS will submit reimbursement requests at 80% of the project costs and DBS will pay 20%. While DBS will pay the Local Match portions of the project, the funding ratios are different between the two tasks (Task 1: bicycles and Task 2: stations as shown in Exhibit 3). As well, the City needs to pay DBS 100% to receive the maximum reimbursement from CDOT. At the completion of the project, DBS will reimburse the City for any Local Match and Local Agency Overmatch on the two tasks. The amendment clarifies this reimbursement language on pg. 3 (item 1.d) to match the funding schedule breakdown. There is not affect to scope of work or overall budget.
