5. Describe the proposed ordinance, including what the proposed ordinance is intended to accomplish, who's involved

a. Scope of Work

The vender, EZLinks Golf, Inc., will provide a hosted solution for scheduling and POS for City of Denver golf courses.

Stacie,

It is a trade situation. We give them tee times to sell at each course based on the attached schedule, which will be included in the agreement. If they sell them they keep the revenue. If they don't sell them they don't get paid. The times and days selected are our slower times. So this helps us because the vendor will be promoting our slower times while trying to sell the trade times. It is truly a win-win situation. At the end of each year we can evaluate the trade and adjust the number of rounds or decide to pay cash rather than trade for all or a portion of the costs.

If you like I can explain in more detail over the phone.

720-913-0761.

Thanks,

Scott
