Councilman Paul Kashmann  
Members of Denver City Council

Dear Councilman Kashmann and Members of City Council:

The Denver Police Foundation, a Colorado nonprofit, charitable organization was created to enhance public safety and law enforcement in the Denver Community. Our mission is: To act as an independent and unique funding and advocacy resource for the Denver Police Department to enhance public safety and law enforcement in the Denver Community.

As part of this mission, we support a number of initiatives that assist our DPD officers. In this vein, our Board has discussed the bill "For an Ordinance creating a new survivor benefit for employees of the City and County of Denver." We believe that passage of this bill would benefit our officers. On behalf of the Denver Police Foundation and its Board, we support this effort.

Thank you,

A handwritten signature in blue ink that reads "Jane Prancan".

Jane Prancan  
Executive Director
