### 5. General description or background of proposed request. Attach executive summary if more space needed:

This request is for an amendment between OTG DEN Venture, LLC, and Denver International Airport (DEN) to right size this contract based on the increased cost of designing and building a Concession at DEN. This amendment will help the concessionaire amortize their investment by accounting for the increased capital costs incurred between the time they submitted their proposal and the time they began designing and constructing the concession

No funding or capital investment will be provided by DEN, as the space was turned over as-is. This project supports Vision 100's goal of "Growing Our Infrastructure" by adding new concession opportunities to meet future passenger demands, which will enhance the customer experience and increase non-aeronautical revenue.
