9 premises cultivation licenses.  
10

11 **BE IT ENACTED BY THE COUNCIL OF THE CITY AND COUNTY OF DENVER:**

20 **Sec. 24-501. Purpose and legislative intent.**

21  
22 The Colorado Medical Marijuana Code, Article 43.3 of Title 12, C.R.S., (the  
23 CMMC) affords to counties and municipalities the local option to determine whether  
24 or not to allow and to license certain medical marijuana businesses within their  
25 respective jurisdictions. The purpose of this Article XII is to affirmatively authorize  
26 such licensing in the City and County of Denver as provided in § 12-43.3-301 (2)(a),  
27 C.R.S., as amended, and to establish specific standards and procedures for local  
28 licensing of medical marijuana centers, medical marijuana infused products  
29 manufacturers, and optional premises medical marijuana cultivation operations.  
30 Furthermore, this Article XII is intended to exercise the authority granted by the  
31 CMMC for the city to adopt licensing requirements that are, in some cases,  
32 supplemental to or stricter than the requirements set forth in state law.  
33  
34

35 **Sec. 24-502. Defined terms.**

46 (a) *Criteria for licensing; waiver of public hearings.* The director shall  
47 consider and act upon all local license applications in accordance with the standards

49 public hearing shall be required for any class of licensing pursuant to § 12-43.3-302,

1 C.R.S., as amended, and the director's decision to grant or deny a license shall be

27 issuance of any local license, the director shall make a finding and determination as  
28 to the good moral character of the applicant in accordance with the standards and  
29 procedures set forth in the CMMC. In so doing, the director may incorporate any  
30 findings as to good character previously made by the state licensing authority, and  
31 shall not be required to perform a criminal background check if the state licensing  
32 authority has already performed a criminal background check on the applicant.  
33  
34

### 35 **Sec. 24-508. Licensing requirements—medical marijuana centers.**

36  
37 In addition to the requirements set forth in the CMMC, the following  
38 requirements shall apply to the issuance of any local license for a medical marijuana

41 (a) *Tax bond.* Before the director issues a local license to an applicant for a  
42 medical marijuana center license, the applicant shall procure and file with the city  
43 evidence of good and sufficient bond in the amount of five thousand dollars  
44 (\$5,000.00) with corporate surety thereon duly licensed to do business with the state

46 applicant shall report and pay all city sales and use taxes as provided by law. A  
47 corporate surety shall not be required to make payments to the city claiming under  
48 such bond until a final determination of failure to pay taxes due to the city has been  
49 made by the Manager of Finance or a court of competent jurisdiction. All bonds

1 required pursuant to this subsection shall be renewed at such times as the  
2 bondholder's license is renewed. The renewal may be accomplished through a  
3 continuation certificate issued by the surety.  
4

5 (b) *Area maps.* All applications for medical marijuana center licensing submitted  
6 pursuant to this Article XII shall include an area map drawn to scale indicating land uses of

30 same applicant submitted a license application for a medical marijuana dispensary  
31 under Article XI of this Chapter 24 prior to March 1, 2010, was exempt from the  
32 spacing requirements set forth in Article XI, and subsequently received a license

36 licensed premises or of any premises licensed under Article XI of this Chapter 24,

42 prior to March 1, 2010, was exempt from the spacing requirement set forth in Article  
43 XI, and subsequently received a license under Article XI.  
44

45 (4) Within one thousand (1,000) feet of any alcohol or drug treatment  
46 facility. The thousand-foot distance shall be computed by direct measurement from  
47 the nearest property line of the land used for alcohol or drug treatment facility  
48 purposes to the nearest portion of the property upon which the medical marijuana  
49 center license is proposed to be located, using a route of direct pedestrian access.

3 Article XI.  
4

5 (5) The spacing requirements set forth in paragraphs (2), (3) and (4) of this

43 (b) *Sanitation, product labeling, and public health standards.* Sanitary  
44 standards for medical marijuana marijuana-infused products manufacturing shall be

6

7  
8               (a)     *Compliance with current zoning.*  
9

10              (1) A local optional premises cultivation license may be issued in any zone district

6 licensed premises are located, either in support or opposition to the renewal of the  
7 license. The optional premises cultivation license shall be eligible for renewal in its  
8 current compliant or non-conforming location unless it is shown by a preponderance of  
9 the evidence presented at the hearing that:

10  
11 a. The existence of the medical marijuana cultivation on the  
12 licensed premises has frustrated the implementation of the city's  
13 comprehensive plan and any adopted neighborhood plan  
14 applicable to the subject property;

15  
16 b. The existence of the medical marijuana cultivation operation on  
17 the licensed premises has negatively affected nearby properties or  
18 the neighborhood in general, including by way of example any  
19 adverse effects caused by excessive noise, odors, vehicular traffic,  
20 or any negative effects on nearby property values;

21  
22 c. The existence of the medical marijuana cultivation operation has  
23 caused crime rates to increase in the surrounding neighborhood; or

24  
25 d. The continued existence of a licensed medical marijuana  
26 cultivation operation in the subject location will have a deleterious  
27 impact on public health, safety and the general welfare of the  
28 neighborhood or the city.

29  
30 (b) *Provisions related to cross-jurisdictional licensing.* Any applicant for a  
31 medical marijuana center license or a medical marijuana-infused products license in  
32 Denver may obtain an optional premise cultivation license in a jurisdiction other than

12 existing optional premises cultivation operation including, by way of  
13 example, death, divorce, bankruptcy, court order, or any *force majeure*  
14 that may prevent the incumbent licensee from continuing to operate in the  
15 subject location;  
16

17 (2) The transfer of ownership is required due merely to corporate  
18 restructuring or any other change in the legal structure of the incumbent  
19 owner and licensee; or  
20

21 (3) The transfer of ownership is required because the medical marijuana  
22 center or the medical marijuana-infused products manufacturing license  
23 with which the optional premises cultivation license is associated is being  
24 transferred to a new owner.  
25  
26
