# What We've Done So Far

# What We Need to Do

## Committee work

- Develop vetting strategy for maps
- Approve maps for community consideration
- Vote on final maps

## Community engagement

- 6 community meetings throughout February and March
- Maptitude for Redistricting public portal available
- Staff available to assist with community meetings

## Partnership development

- Created outreach materials for council offices
- Connected with Census partners
- Connected with boards and commissions
- Working with OSEI

## Approved Resolution

Interviewed each councilmember one-on-one over the past several weeks to understand your council district boundaries, community concerns, and issues.

We also discussed the content of the 2012 resolution outlining principles and procedure. The following themes emerged from those discussions.

- Increase community participation
  - Language access
  - Digital access and participation
  - More public meetings
  - More engagement *prior* to public hearing
- Increase transparency
  - Increase public access to council meetings and materials
- Respect community identity
  - Clarify how we define 'neighborhood'

# Approved Resolution

---

- **Section 1 – Key Changes**
- Sec.1.2: Sent language to OSEI for feedback
- Sec.1.5: Removed the word "traditional" and added the word "colloquial" to acknowledge neighborhood boundaries are not always in alignment with statistical neighborhood boundaries
- Sec. 1.7: Kept this paragraph because 9 councilmembers were in favor and 3 took issue, respecting incumbent addresses.
