1. PARTIES

This Contract is entered into by and between Contractor named on the Signature and Cover Pages for this Contract (the “Contractor”), and the STATE OF COLORADO acting by and through the Department of Human Services (the “State” or “CDHS”). Contractor and the State agree to the terms and conditions in this Contract.

2. TERM AND EFFECTIVE DATE

A. Effective Date

This Contract shall not be valid or enforceable until the Effective Date. The State shall not be bound by any provision of this Contract before the Effective Date, and shall have no obligation to pay Contractor for any Work performed or expense incurred before the Effective Date or after the expiration or sooner termination of this Contract.

B. Initial Term

The Parties' respective performances under this Contract shall commence on the Contract Performance Beginning Date shown on the Signature and Cover Pages for this Contract and shall terminate on the Initial Contract Expiration Date shown on the Signature and Cover Pages for this Contract (the "Initial Term") unless sooner terminated or further extended in accordance with the terms of this Contract.

C. Extension Terms - State's Option

If the Signature and Cover Pages for this Contract shows that the State has the Option to Extend Term, then the State, at its discretion, shall have the option to extend the performance under this Contract beyond the Initial Term for a period, or for successive periods, at the same rates and under the same terms specified in the Contract (each such period an "Extension Term"). In order to exercise this option, the State shall provide written notice to Contractor in a form substantially equivalent to §21 "Sample Option Letter." The State may include and incorporate a revised budget with the option letter, as long as the revised budget does not unilaterally change rates or terms specified in the Contract. Except as stated in §2.D, the total duration of this Contract, including the exercise of any options to extend, shall not exceed 5 years from its Performance Beginning Date, or the number of years specified on the Signature and Cover Pages if such number is less than 5 years, absent prior approval from the Chief Procurement Officer in accordance with the Colorado Procurement Code.

D. End of Term Extension

If this Contract approaches the end of its Initial Term, or any Extension Term then in place, the State, at its discretion, upon written notice to Contractor as provided in §15, may unilaterally extend such Initial Term or Extension Term for a period not to exceed 2 months (an "End of Term Extension" or "Holdover"), regardless of whether additional Extension Terms are available or not. Any such extension shall be under the same terms and conditions of the operative Contract including, but not limited to, prices, rates, and service delivery requirements. The provisions of this Contract in effect when such notice is given shall remain in effect during the End of Term Extension. The End of Term Extension shall automatically terminate upon execution of a replacement contract or modification extending the total term of the Contract.

E. Early Termination in the Public Interest

The State is entering into this Contract to serve the public interest of the State of Colorado as determined by its Governor, General Assembly, or Courts. If this Contract ceases to further the public interest of the State, the State, in its discretion, may terminate this Contract in whole or in part. A determination that this Contract should be terminated in the public interest shall not be equivalent to a State right to terminate for convenience. This subsection shall not apply to a termination of this Contract by the State for breach by Contractor, which shall be governed by §12.A.i.

i. Method and Content

The State shall notify Contractor of such termination in accordance with §15. The notice shall specify the effective date of the termination and whether it affects all or a portion of this Contract, and shall include, to the extent practicable, the public interest justification for the termination.

ii. Obligations and Rights

Upon receipt of a termination notice for termination in the public interest, Contractor shall be subject to the rights and obligations set forth in §12.A.i.a.

iii. Payments

If the State terminates this Contract in the public interest, the State shall pay Contractor an amount equal to the percentage of the total reimbursement payable under this Contract that corresponds to the percentage of Work satisfactorily completed and accepted, as determined by the State, less payments previously made. Additionally, if this Contract is less than 60% completed, as determined by the State, the State may reimburse Contractor for a portion of actual out-of-pocket expenses, not otherwise reimbursed under this Contract, incurred by Contractor which are directly attributable to the uncompleted portion of Contractor's obligations, provided that the sum of any and all reimbursement shall not exceed the maximum amount payable to Contractor hereunder.

A. Maximum Amount

Payments to Contractor are limited to the unpaid, obligated balance of the Contract Funds. The State shall not pay Contractor any amount under this Contract that exceeds the Contract Maximum for that term shown on the Signature and Cover Pages for this Contract.

B. Payment Procedures

i. Invoices and Payment

a. The State shall pay Contractor in the amounts and in accordance with the Exhibits.

b. Contractor shall initiate payment requests by invoice to the State, in a form and manner approved by the State. Invoicing is a material component of Contract performance and corresponding Deliverables. Invoices shall be due to the State within 45 days of work performed by the Contractor, unless otherwise stated in the Exhibits hereto. Invoicing shall be done accurately and per any specifications set forth in the Exhibits hereto. Time is of the essence in this regard. If Contractor fails to timely and/or properly invoice the State, the State may not be obligated to pay the bill resulting from said invoice. Failure to timely and/or properly invoice the State is a material breach of this Contract which would be cause for the State to refuse payment and/or terminate the contract on these grounds in whole or in part, at the State's discretion.

c. The State shall pay each invoice within 45 days following the State's receipt of that invoice, so long as the amount invoiced correctly represents Work completed by Contractor and previously accepted by the State during the term that the invoice covers. If the State determines that the amount of any invoice is not correct, then Contractor shall make all changes necessary to correct that invoice.

d. The acceptance of an invoice shall not constitute acceptance of any Work performed or deliverables provided under the Contract.

Amounts not paid by the State within 45 days of the State's acceptance of the invoice shall bear interest on the unpaid balance beginning on the 45th day at the rate of 1% per month, as required by §24-30-202(24)(a), C.R.S., until paid in full; provided, however, that interest shall

not accrue on unpaid amounts that the State disputes in writing. Contractor shall invoice the State separately for accrued interest on delinquent amounts, and the invoice shall reference the delinquent payment, the number of day's interest to be paid and the interest rate.

The State will review the information presented by Contractor and may make changes to its determination based on this review. iv. Available Funds-Contingency-Termination

The State is prohibited by law from making commitments beyond the term of the current State Fiscal Year. Payment to Contractor beyond the current State Fiscal Year is contingent on the appropriation and continuing availability of Contract Funds in any subsequent year (as provided in the Colorado Special Provisions). If federal funds or funds from any other non-State funds constitute all or some of the Contract Funds the State's obligation to pay Contractor shall be contingent upon such non-State funding continuing to be made available for payment. Payments to be made pursuant to this Contract shall be made only from Contract Funds, and the State's liability for such payments shall be limited to the amount remaining of such Contract Funds. If State, federal or other funds are not appropriated, or otherwise become unavailable to fund this Contract, the State may, upon written notice, terminate this Contract, in whole or in part, without incurring further liability. The State shall, however, remain obligated to pay for Services and Goods that are delivered and accepted prior to the effective date of notice of termination, and this termination shall otherwise be treated as if this Contract were terminated in the public interest as described in §2.E.

v. Option to Increase Maximum Amount

If the Signature and Cover Pages for this Contract show that the State has the Option to Increase or Decrease Maximum Amount, then the State, at its discretion, shall have the option to increase or decrease the statewide quantity of Goods and Services based upon the rates established in this Contract, and increase or decrease the maximum amount payable accordingly. In order to exercise this option, the State shall provide written notice to Contractor in a form substantially equivalent to §21 "Sample Option Letter." Delivery of Goods and performance of

A. Quarterly Reports.

In addition to any reports required pursuant to §17 or pursuant to any other Exhibit, for any contract having a term longer than 3 months, Contractor shall submit, on a quarterly basis, a written report specifying progress made for each specified performance measure and standard in this Contract. Progress reports shall be submitted to the State at the time or times specified by the State in this Contract, or, if no time is specified in this Contract, not later than 5 Business Days following the end of each calendar quarter.

B. Litigation Reporting

C. Performance Outside the State of Colorado or the United States, §24-102-206 C.R.S.

Such notice shall specify the type of Services to be performed outside the State of Colorado or the United States and the reason why it is necessary or advantageous to perform such Services at such location or locations, and such notice shall be a public record. After an Incident, Contractor shall take steps to reduce the risk of incurring a similar type of Incident in the future as directed by the State, which may include, but is not limited to, developing and implementing a remediation plan that is approved by the State, at no additional cost to the State. The State may, in its sole discretion and at Contractor's sole expense, require Contractor to engage the services of an independent, qualified, State-approved third party to conduct a security audit. Data must reflect current individual enrollment and services provided by the 15th day of each calendar month to allow BHA staff to utilize current data. The following data elements will be captured in the CiviCore JBBS database or another database as prescribed by BHA:

- a. A record for each individual who screened “positive” for a mental health disorder or substance use disorder; other screenings completed and results thereof.
- b. Basic demographic and working diagnosis information (including veteran status and pregnancy status, if applicable).
- c. For individuals in jail more than 30 days and who are admitted to the JBBS program, it is recommended that a Level of Supervision Inventory (LSI/LSI-R) risk assessment be completed.
- d. The type and dosage of medications provided for Medication Assisted Treatment (MAT). Please see **Exhibit B** for allowable medications.
- e. Number of individuals who successfully transition to community-based services upon release.
- f. Program discharge outcomes and treatment status in the community after discharge.

4.2 The Contractor agrees to respond to BHA's inquiries about data submissions within two (2) business days and work with BHA to quickly resolve any data issues.

4.3 Contractor is required to notify BHA of any staffing changes within 48 hours, as this individual's Database access will need to be removed.

Article 5 Performance Measures

5.1 Performance Measures:

- a. **Transition Tracking Outcomes.** The goal of the JBBS program is to identify treatment service needs and assist with engagement in community-based treatment services upon release. Contractor shall make reasonable efforts to contact all JBBS individuals who are successfully discharged from the program and released to the community at one, two, six and 12 months post release. The individual's treatment status shall be recorded in the CiviCore JBBS database, or another data system as prescribed by BHA. If a client remains engaged in treatment post-release, JBBS may continue to provide support through the Contractor's Recovery Support Services section of their budget, for up to 12 months. The following are the treatment status options:
 - i. Deceased – In the event of death of the individual post-release.
 - ii. In Treatment – Individual is engaged in community-based treatment services as recommended in the transition plan.
 - iii. New Crime/Regressed - Individual returned to jail for violations or committed a new crime.
 - iv. Not Applicable - Individual sentenced to Department of Corrections, Probation, Community Corrections, or treatment status not applicable at month two, six, or 12 due to prior tracking status of Deceased, New Crime/Regressed, or Treatment Completed.
 - v. Not in Treatment – Individual is reported by the community-based treatment provider as not in treatment or the individual reports to not be in treatment services as recommended on the transition plan.
 - vi. Status Unknown – Individual cannot be located.
 - vii. Treatment Completed – Individual has completed treatment as recommended in the transition plan.
- b. **Recidivism.** JBBS aims to decrease the rate of reincarceration of former JBBS participants. This approach should result in greater treatment engagement in the community and decreased recidivism through better identification and treatment of behavioral health needs.
- c. BHA may conduct an annual analysis of recidivism. The following will apply to this analysis:
 - i. JBBS participants who have received treatment services or groups will be included in the recidivism analysis.
 - ii. "Recidivism" is the analysis that will be defined as re-arrest and reincarceration for a new crime or a technical violation related to the individual's original charge.
 - iii. Recidivism Target. Programs will ensure that data in the JBBS Database pertaining to the most recent complete fiscal year (July 1 - June 30) is verified and correct by the 15th of July following the fiscal year so that the recidivism analysis may be completed by BHA.

PART THREE - MENTAL HEALTH TREATMENT (SB 18-250)

Article 1

Purpose & Target Population

1.1 Purpose. The Behavioral Health Administration (BHA) is committed to efforts to provide resources to support County Sheriffs in providing screening, assessment and treatment for mental health and substance use disorders or co-occurring disorders; as well as transition case management services to people who need such services while they are in jail. The Jail Based Behavioral Health Services (JBBS) Program has been operational since October 2011 with funding from the Correctional Treatment Cash Fund pursuant to Section 18-19-103 (5)(c)(V).

The goal of the JBBS Program is to provide appropriate behavioral health services to inmates while supporting continuity of care within the community after release from incarceration. This approach should result in greater treatment engagement in the community and decreased recidivism through better identification and treatment of behavioral health needs.

In October 2012, the Correctional Treatment Board voted to fund additional Jail Based Behavioral Health Services Programs to additional counties across the State. As of February 2022, there are JBBS programs in 47 county jails across the State of Colorado.

In May 2018 the Colorado General Assembly passed Senate Bill 18-250, which mandated the JBBS Program under Colorado Revised Statutes 27-60-106. Additional mental health funding was allocated to the JBBS program to address gaps in services for mental health disorder screening, assessment, diagnosis and treatment. Additionally, these funds may support psychiatric prescription services and purchase of medications. Sheriff's Departments that currently operate JBBS programs, as well as new applicants, are eligible to request these funds. Sheriff's Departments may submit an individual application, or they may submit a combined application if they would like to apply in conjunction with other County Sheriff's Departments.

To carry out the JBBS program, Sheriff's Departments may partner with local community provider(s) who can demonstrate the ability to provide services within the jail, and the capacity to provide or link individuals released from jail to free or low-cost services in the community.

1.2 Target Population. Adults 18 years of age and older that are residing in the county jail with substance use disorder or co-occurring substance use and mental health disorders. In this regard, the Contractor, in accordance with the terms and conditions of this Contract, shall develop, maintain, and provide behavioral health services in the county jails for individuals highlighted in section 1.2. The Contractor, in providing required services hereunder, shall utilize

and maintain a partnership with community provider(s)/individuals that are licensed (LAC, LPC, LCSW or LMFT), who are in good standing with the Department of Regulatory Agencies (DORA), have the ability to provide services within the jail or through televideo options, and have the capacity to provide free or low-cost services in the community to inmates upon release.

Article 2 Activities & Services

2.1 Services. It is best practice that all jails should be utilizing evidence-based screening tool(s) and practices to screen for any potential mental health and/or substance use disorders and withdrawal, as well as suicide risk.

The Contractor shall:

- a.** Provide adequate staff to complete behavioral health screenings, prescribe psychiatric medications as necessary; and provide mental health counseling, substance use disorder treatment and transitional care coordination.
- b.** Upon identification of an individual who may be a candidate for JBBS services, a referral by jail staff should be made to a JBBS clinician within 48 hours, or, when the individual is medically cleared to be screened, via the appropriate channels (e.g. inmate kite, email).
- c.** Assess all individuals booked into the jail facility for psychiatric medication needs by requesting and reviewing medical and prescription history.
- d.** Have access to psychiatric medications, as defined by the medication formulary established pursuant to section 27-70-103 or by their contracted medical provider.
- e.** Coordinate services with local community behavioral health providers prior to the release of an inmate to ensure continuity of care following his or her release from the jail.

2.2 Training and Meetings. The Contractor shall provide training to improve correctional staff responses to people with mental illness. The Contractor shall determine the amount of training necessary to ensure, at a minimum, a group of trained staff is able to cover all time shifts. The training should provide sufficient opportunities for hands-on experiential learning, such as role play and group problem solving exercises. Cross-training opportunities shall be provided to behavioral health personnel and other stakeholders to help improve cross-system understanding. BHA is able to provide assistance with training the Medical Team staff regarding the MAT services and resources across the state.

- a.** Program Orientation: The Contractor shall attend a mandatory orientation session with the BHA Program Manager and Fiscal Staff, to be organized by BHA as soon as it is practicable execution of the contract.
- b.** Program Meetings and Required Training: Program meetings and other required training will be scheduled throughout the term of the JBBS Program contract. This includes the JBBS Learning Community, JBBS Round Table, and the JBBS Quarterly Workgroup.

2.3 Evidence-Based Practices. The Contractor shall use evidence-based and promising practices within the screening and service delivery structure to support effective outcomes. The use of a risk/need/responsivity (RNR) model is encouraged to assess various factors such as substance use disorders, mental illness, cognitive or physical impairments, financial issues, family dynamics, housing instability, developmental disabilities, low literacy levels, and lack of reliable transportation, all of which may need to be addressed to support success.

2.4 Individualized Service Provision. The Contractor shall link individuals referred to the program to community based behavioral health supports and services, as appropriate based on the specific needs of the individual to ensure wraparound services are in place to reduce the risk of the individual returning into the justice system.

Article 3 Standards and Requirements

3.1 Mental Health Treatment Provider. The subcontracted mental health treatment provider/individual must be licensed and in good standing with the Department of Regulatory Agencies (DORA). The subcontracted mental health treatment provider(s) must adhere to all rules and regulations set forth by their license and are prohibited from practicing outside their scope of training.

PART FOUR - COMPETENCY ENHANCEMENT (SB 19-223)

Article 1 Purpose & Target Population

1.1 Purpose. In May 2019, the Colorado General Assembly passed Senate Bill 19-223; legislation that mandates the provision of interim mental health services for individuals who have been court-ordered for inpatient competency restoration and who are waiting for admission to an inpatient bed. To compensate for these specialty services, SB 19-223 allocates funding to the Jail Based Behavioral Health Services (JBBS) program to address gaps in services in the jail for those with mental health disorders that are awaiting restoration services.

- a.** The jail competency enhancement funding is used to provide interim mental health services to individuals who are in jail and have been court-ordered to the Colorado Department of Human Services (CDHS) to receive competency restoration services.
- b.** Funding is also to be used to provide mental health services to individuals who are returning to the jail after receiving restoration services at a CDHS designated inpatient restoration site.

c. Coordination of services with the Forensic Support Team (FST) and, if assigned, Court Liaisons (Bridges) shall occur when a court order has been received for an evaluation and/or when an individual is identified to be in crisis by the jail at the time of booking or while incarcerated.

1.2 Target Population. Adults 18 years of age and older that are awaiting an in-custody competency evaluation, awaiting inpatient competency restoration services, are suspected of becoming incompetent to proceed while in jail, or are returning from a CDHS designated inpatient restoration site after receiving restoration services, and who meet any of the following criteria:

- a. Have a serious and persistent mental health disorder.
- b. Are experiencing acute psychosis or major mood dysregulation.
- c. Have substance use issues, especially if suspicion of intoxication is present.

- a. When a client has been ordered by the court to be evaluated for competency, found incompetent to proceed (ITP), and/or when inpatient restoration has been ordered.
- b. Upon return from a CDHS designated inpatient restoration site.
- c. Jail identifies the individual to be in crisis at booking or during the jail stay as defined in section 1.2 Target Population of this statement of work.
- d. Priority should be given to individuals who have been found incompetent to proceed and are awaiting admission to the state hospital. Priority should also include individuals who are awaiting a competency evaluation and are highly acute and/or in crisis.

2.2 Court Ordered Treatment Level of Care Type. Taking into consideration the court-ordered competency evaluation, current clinical presentation, any assessment or evaluation, and placement of an individual within the jail, treatment services and contact standards should be based on the following three categories:

- a. High Clinical Acuity:
 - Non-compliant with medication, may require the use of forced medications
 - Meets 27-65 criteria (i.e., threats or attempts at suicide or seriously bodily harm to self; homicidal or violent acts, attempts, or threats towards others; incapable of making informed decisions or providing for own essential needs without supervision placing themselves at risk for substantial bodily harm, aka gravely disabled)

- Placed in a special management unit due to significant medical or behavioral health concerns
- Significant behavioral concerns including verbal and physical threats or need for physical restraint or other involuntary control methods
- Unable or unwilling to perform activities of daily living (i.e., catatonic, immobile, consistently not eating/drinking/bathing)
- Significant risk behavior (unsafe behaviors, such as those listed above, of any type more than 50% of the time)
 - Client has little or no insight into risks
 - Client with significant/severe cognitive or emotional problems that could be barriers to safer behavior
 - Client who has no understanding of or control of behavior

These individuals are in need of immediate coordination of transfer to a CDHS designated inpatient restoration site or consideration for an alternative means of crisis intervention. They should have daily contact and access to crisis intervention and stabilization services. The Contractor will work with the FST Program Coordinator to appropriately triage admission or alternative intervention.

b. Moderate Clinical Acuity:

- Increased or decreased behaviors from either low acuity or high acuity units and/or monitoring
- Generally compliant with psychotropic medication and jail based behavioral health or other resources (under some circumstances may be non-compliant with medications, actively experiencing symptoms of a mental health disorder, but not posing a significant or immediate risk of danger to self or others)
- Housing in the general population or transitioning from a special management unit
- In general population with psychotropic medication compliance decreasing to less than 80% of the time
- Temporary medical conditions
- Increased ability or willingness to perform activities of daily living from the previous baseline
- Moderate risk behavior (unsafe behaviors of any type more than 20-50% of the time)
 - Client has a poor understanding of risks
 - Client has mild/moderate cognitive or emotional problems that could be a barrier to safer behavior

These individuals should have daily contact with the jail medical and/or mental health team. Efforts shall be made to assist in the stabilization of these individuals through clinically indicated regular and frequent contact with mental health clinicians. If clinically appropriate, these individuals should be assessed for and offered treatment services.

These treatment services should include, but are not limited to, groups, individuals, medication management, crisis intervention, and / or MAT.

c. Low Clinical Acuity:

- Consistently taking psychotropic medication on their own accord (at least 80% of the time)

- Actively engaging in jail based behavioral health or other resources
- Occasional risk behavior (client has a fair understanding of risks - unsafe behaviors of any type less than 20% of the time)

These individuals should have daily contact with the medical and/or mental health services team. Efforts shall be made to assist in the stabilization of these individuals through clinically indicated regular and frequent contact with mental health clinicians. If clinically appropriate, these individuals should be assessed for and offered treatment services. These services include, but are not limited to, groups, individuals, medication management, crisis intervention, and / or MAT. Based on clinical acuity, this population may be better suited for outpatient restoration. Competency enhancement program (CEP) should work with and/or refer these individuals to the Forensic Navigator for potential community transition planning. Contractor shall coordinate services with the assigned Forensic Navigator(s).

2.3 Jail Identified Treatment Level of Care Type. At booking, the Contractor shall identify individuals that are referenced in section 1.2 “Target Population” and provide treatment services while the individual is awaiting a court hearing. These services include, but are not limited to, groups, individuals, medication management, crisis intervention, and / or MAT. These provisional services are an attempt to intervene and stabilize the identified individual before court-ordered competency is raised.

a. Jail Booking Screening and Referral. The Contractor shall ensure that individuals are screened within 48 hours from booking and referred for additional treatment services based upon the results of the screens. The Contractor shall employ evidence-based curricula, addressing the following areas listed below. All tools are subject to approval by the Behavioral Health Administration BHA):

Further assessment details shall be shared with the assigned Forensic Navigator(s), informing the Navigators when individuals are placed on or taken off safety protocols.

2.4 Jail Mental Health Evaluation. The Contractor shall ensure that a mental health evaluation is performed promptly on all individuals that have been identified as the “Target Population” referenced in section 1.2, either through the court-ordered referral process or through the jail-identified process. A jail mental health evaluation shall identify treatment needs while the individual is awaiting court proceedings or a CDHS designated inpatient restoration site bed. Mental Health Evaluations shall be shared with the assigned Forensic Navigator(s).

Upon the individual's return from an CDHS designated inpatient restoration site, the Contractor shall save a copy of the individual's discharge plan within the same day that individual returns. Once a copy is received, the Contractor shall ensure follow-up care is provided, according to that plan, within 24 hours upon return, as well as provide continual treatment services until the person is released from jail. The Contractor should make every attempt to continue the individuals on the prescribed course of treatment to include prescribed medications. Medications should not be altered solely based on cost or philosophy. Treatment courses should only be changed if medically or clinically indicated.

2.7 Outpatient Restoration Plan. When the Contractor becomes aware that a client's competency and/or clinical status has improved (due to jail based behavioral health services, sobriety, or medication management), the Contractor shall work in collaboration with the Forensic Navigator to identify community supports and/or existing protective factors that would aid in a community transition/re-entry.

PART SIX - JAIL MEDICATION ASSISTED TREATMENT (SB 19-008)

Article 1 Purpose & Target Population

1.1 Purpose. Senate Bill 19-008 concerns treatment of individuals with substance use disorders who come into contact with the criminal justice system. Section 6 of the bill requires jails that receive funding through the jail-based behavioral health services program to allow medication-assisted treatment to be provided to individuals in the jail. The jail may enter into agreements with community agencies and organizations to assist in the development and administration of medication-assisted treatment. "Medication-assisted treatment" or "MAT" means a combination of behavioral therapy and medications approved by the Federal Food and Drug Administration to treat SUD disorders.

1.2 Target Population. 18 years of age and older, residing in county jail(s), SB 19-008 enacts policies related to the involvement of persons with substance use disorders in the criminal justice system.

Article 2 Activities & Services

- a. Have a policy in place for the provision of Medication-Assisted Treatment (MAT) and how it will be implemented. A copy of this policy will be provided to BHA before MAT services are provided. If a policy is not provided and MAT services are not offered, an explanation as to why will be provided to BHA prior to any BHA JBBS funds being issued. See Part Seven, Article 1.5 for more details on how this needs to be submitted.
- b. Identify program appropriate individuals via screening.
- c. Link persons with SUD with a community based clinical care provider.
- d. Initiate MAT for SUD and retain in MAT/optimize retention to MAT while in jail.

- c. Jail payroll expenses for interventions, medical staff, and medications.
- d. Facility and equipment upgrades related to MAT.
- e. Training and staff development for MAT Invoice requests are due to BHA as expenses are incurred. Only one month's expenses are allowed per invoice.

Article 3 Standards and Requirements

3.1 General Accounting Encumbrance. This program will be funded by a General Accounting Encumbrance (GAE). Payment to Contractor is made from available funds encumbered and shared across multiple contractors. The State may increase or decrease the total funds encumbered at its sole discretion and without formal notice to the Contractor. The liability of the State for such payments is limited to the encumbered amount remaining of such funds.

3.2 Program Policies and Plans.

- a. Contractor shall adhere to the policy or plan for its jail submitted to satisfy the deliverable described in Part Seven, Article 1.5.
- b. A Sheriff who is the custodian of a county jail or city and county jail may enter into agreements with community agencies, behavioral health organizations, and substance use disorder treatment organizations to assist in the development and administration of medication-assisted treatment in the jail.

3.3 License Requirements.

- a. Providers licensed as an opioid medication assisted treatment (OMAT) program shall adhere to 2 CCR 502-1 Behavioral Health Rules regarding 21.320: Opioid Medication Assisted Treatment (OMAT).
- b. Providers handling controlled substances shall adhere to 2 CCR 502-1 Behavioral Health Rules regarding 21.300: Controlled Substance License Requirements, which includes direction on the safe storage and handling of controlled substances.

3.4 Level of Program/Care. OMAT provider facilities shall meet ASAM Level 1 Outpatient Treatment or 2.1 Intensive Outpatient level of care.

3.5 Tiered MAT Funding.

a. Contractors will be provided with funding for MAT services based on the following tiered system created by BHA:

TIER 1. This is the base tier, a starting point for jails that may have high barriers and/or resource shortage. It is primarily for jails that only offer Vivitrol and Buprenorphine continuations for pregnant individuals. If Contractor at this tier anticipates spending over \$5,000 in a year, it must provide a budget to BHA for pre-approval.

TIER 2. This is the middle tier for established programs, but these programs may have some barriers and are not offering a full FDA MAT medication list yet. This is primarily for jails that offer continuations for inmates for Buprenorphine products as well as Vivitrol. An additional \$10,000 may be offered if Methadone is offered as a continuation for inmates. If Contractor at this tier anticipates spending over \$35,000 in a year, it must provide a budget to BHA for pre-approval.

TIER 3. This is the top tier for established programs. It should include full induction and continuation of all FDA approved medications. Jails in this group would submit a budget (could be \$150,000 or more) for their MAT program, submit a work plan outlining how they will screen, refer, provide medications while incarcerated, and transfer care of those individuals to community MAT providers upon release.

b. MAT funding based on Tiers will be based on Program Manager's discussion with the contracted jail. If a program chooses to prove eligibility for a higher tier, this will be taken into consideration for the following contract year. A jail will stay within one tier for an entire contract year but can move up or down depending on proved eligibility and need.

H. Cultural Responsiveness in Service Delivery

1. The Behavioral Health Administration expects funding dollars to support equity in access, services provided, and behavioral health outcomes among individuals of all cultures, gender identities, sexual orientations, races, and ethnicities. The U.S. Department of Health and Human Services (HHS) Think Cultural Health website (<https://thinkculturalhealth.hhs.gov/>) also features information, continuing education opportunities, resources, and more for health and health care professionals to learn about culturally and linguistically appropriate services, or CLAS.

Treatment in this context includes the treatment of opioid use disorder. Funds also cannot be provided to any individual who or organization that provides or permits marijuana use for the purposes of treating

- J. Cash Reserves: The City does not by this Agreement irrevocably pledge present cash reserves for payments in future fiscal years, and this Agreement is not intended to create a multiple-fiscal year debt of the City.

B. Corrective Action

The State will notify the Contractor of non-compliance and subsequently, after consultation with the Contractor, will establish a schedule for the Contractor to cure non-compliance. ASSURANCES OF COMPLIANCE WITH CIVIL RIGHTS REQUIREMENTS

ASSURANCES OF COMPLIANCE WITH TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

As a condition of receipt of federal financial assistance from the Department of the Treasury, the Subrecipient provides the assurances stated herein. The federal financial assistance may include federal grants, loans and Agreements to provide assistance to the Subrecipient's beneficiaries, the use or rent of Federal land or property at below market value, Federal training, a loan of Federal personnel, subsidies, and other arrangements with the intention of providing assistance. Federal financial assistance does not encompass Agreements of guarantee or insurance, regulated programs, licenses, procurement Agreements by the Federal government at market value, or programs that provide direct benefits.

The assurances apply to all federal financial assistance from or funds made available through the Department of the Treasury, including any assistance that the Subrecipient may request in the future.

The Civil Rights Restoration Act of 1987 provides that the provisions of the assurances apply to all of the operations of the Subrecipient's program(s) and activity(ies), so long as any portion of the Subrecipient's program(s) or activity(ies) is federally assisted in the manner prescribed above.

1. Subrecipient ensures its current and future compliance with Title VI of the Civil Rights Act of 1964, as amended, which prohibits exclusion from participation, denial of the benefits of, or subjection to discrimination under programs and activities receiving federal financial assistance, of any person in the United States on the ground of race, color, or national origin (42 U.S.C. § 2000d *et seq.*), as implemented by the Department of the Treasury Title VI regulations at 31 CFR Part 22 and other pertinent executive orders such as Executive Order 13166, directives, circulars, policies, memoranda, and/or guidance documents.

Subrecipient understands that denying a person access to its programs, services, and activities because of LEP is a form of national origin discrimination prohibited under Title VI of the Civil Rights Act of 1964 and the Department of the Treasury's implementing regulations. Accordingly, Subrecipient shall

initiate reasonable steps, or comply with the Department of the Treasury's directives, to ensure that LEP persons have meaningful access to its programs, services, and activities. Subrecipient understands and agrees that meaningful access may entail providing language assistance services, including oral interpretation and written translation where necessary, to ensure effective communication in the Subrecipient's programs, services, and activities.

3. Subrecipient agrees to consider the need for language services for LEP persons when Subrecipient develops applicable budgets and conducts programs, services, and activities. As a resource, the Department of the Treasury has published its LEP guidance at 70 FR 6067. For more information on taking reasonable steps to provide meaningful access for LEP persons, please visit <http://www.lep.gov>.
4. Subrecipient acknowledges and agrees that compliance with the assurances constitutes a condition of continued receipt of federal financial assistance and is binding upon Subrecipient and Subrecipient's successors, transferees, and assignees for the period in which such assistance is provided.
5. Subrecipient acknowledges and agrees that it must require any sub-grantees, contractors, subcontractors, successors, transferees, and assignees to comply with assurances 1-4 above, and agrees to incorporate the following language in every Agreement or agreement subject to Title VI and its regulations between the Subrecipient and the Subrecipient's sub-grantees, Contractors, Subcontractors, successors, transferees, and assignees:

The sub-grantee, Contractor, Subcontractor, successor, transferee, and assignee shall comply with Title VI of the Civil Rights Act of 1964, which prohibits Subrecipients of federal financial assistance from excluding from a program or activity, denying benefits of, or otherwise discriminating against a person on the basis of race, color, or national origin (42 U.S.C. § 2000d et seq.), as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, which are herein incorporated by reference and made a part of this Agreement (or agreement). Title VI also includes protection to persons with "Limited English Proficiency" in any program or activity receiving federal financial assistance, 42

U.S.C. § 2000d et seq., as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, and herein incorporated by reference and made a part of this Agreement or agreement.

6. Subrecipient understands and agrees that if any real property or structure is provided or improved with the aid of federal financial assistance by the Department of the Treasury, this assurance obligates the Subrecipient, or in the case of a subsequent transfer, the transferee, for the period during which the real property or structure is used for a purpose for which the federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. If any personal property is provided, this assurance obligates the Subrecipient for the period during which it retains ownership or possession of the property.
7. Subrecipient shall cooperate in any enforcement or compliance review activities by the Department of the Treasury of the aforementioned obligations. Enforcement may include

investigation, arbitration, mediation, litigation, and monitoring of any settlement agreements that may result from these actions. The Subrecipient shall comply with information requests, on-site compliance reviews and reporting requirements.

Subrecipient also must inform the Department of the Treasury if Subrecipient has received no complaints under Title VI.
9. Subrecipient must provide documentation of an administrative agency's or court's findings of non-compliance of Title VI and efforts to address the non-compliance, including any voluntary compliance or other agreements between the Subrecipient and the administrative agency that made the finding. If the Subrecipient settles a case or matter alleging such discrimination, the Subrecipient must provide documentation of the settlement. If Subrecipient has not been the subject of any court or administrative agency finding of discrimination, please so state.
