Melissa Thate, Housing Stability Director

Department of Housing Stability

Five-Year Strategic Plan Goals

By 2026, HOST and its partners will:

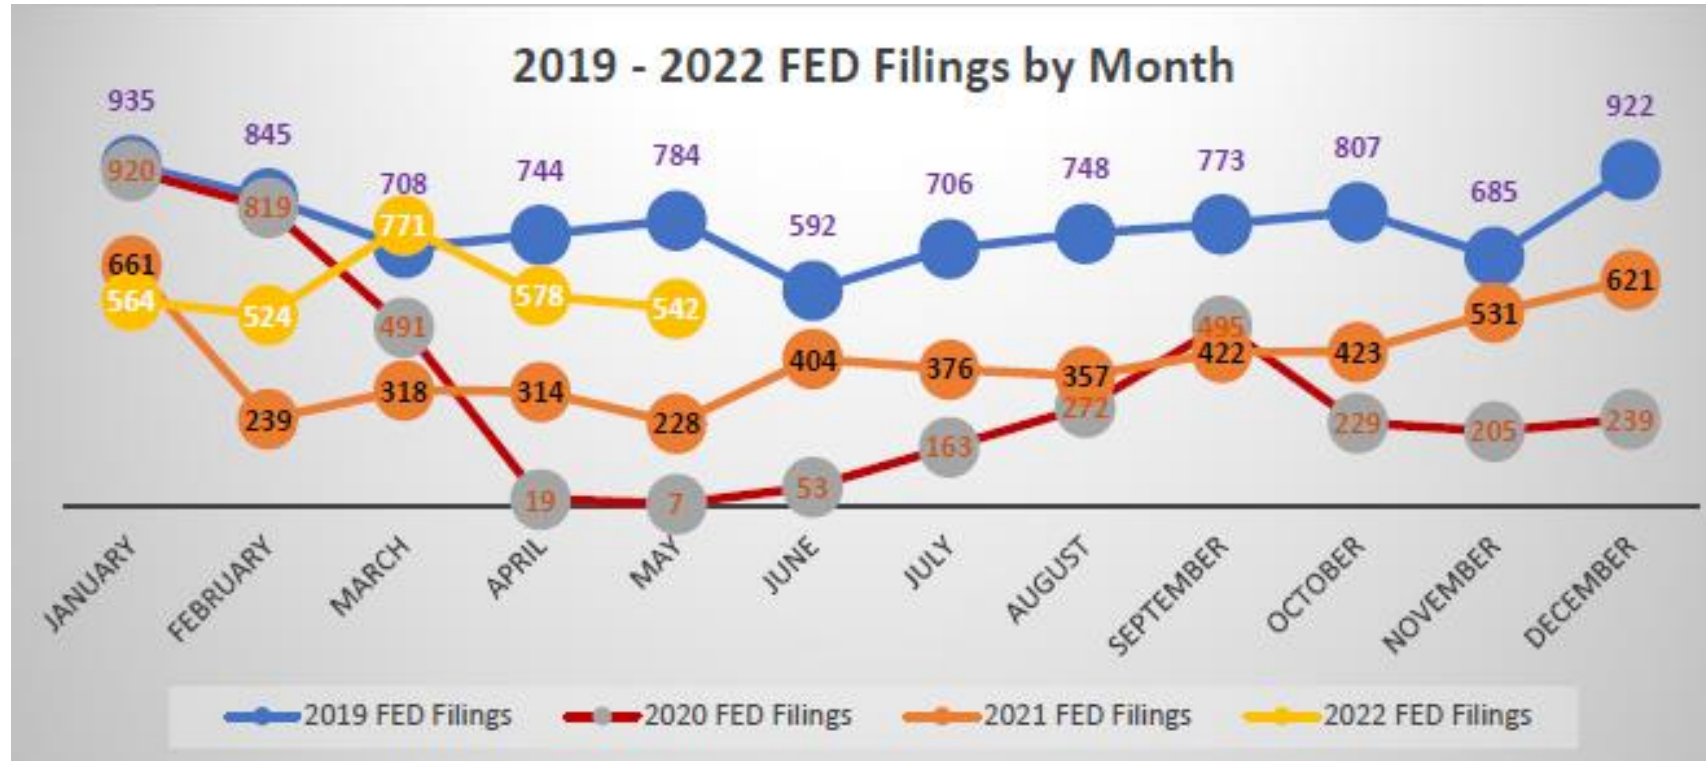

- Reduce the number of evictions filed by 25% from 8,800 to 6,600 annually

In 2022:

- Serve more than 6,000 households in stability programs, including rent, and utility assistance and eviction legal defense to prevent evictions
- Provide legal counsel in eviction proceedings for at least 2,000 households annually and increase proportion of low- and moderate-income households facing eviction who have legal representation

Background – Eviction Legal Services

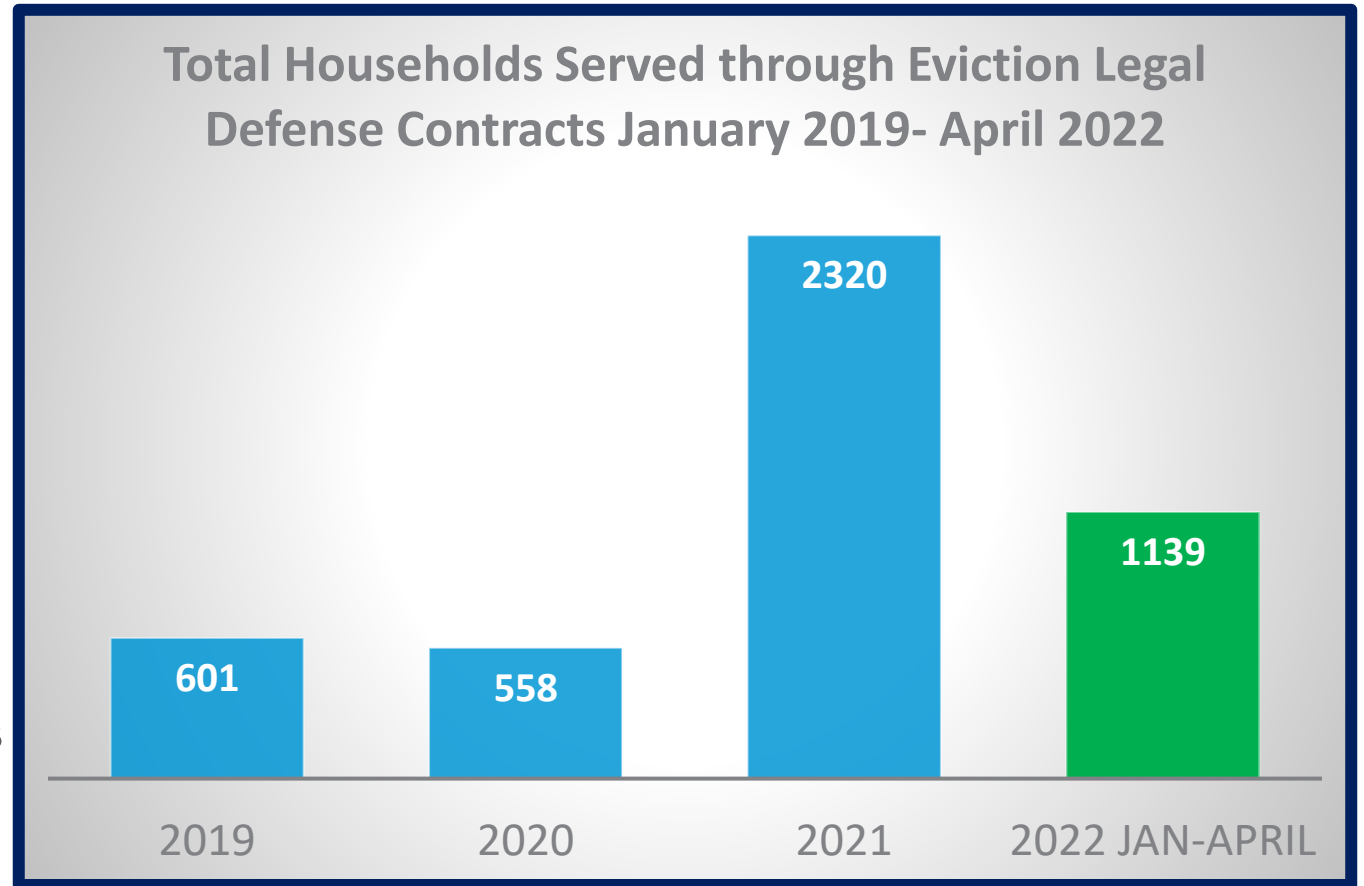

Tenant Legal Services Ordinance

- June 7, 2021, City Council adopted an ordinance creating Chapter 27, Article 9 of the Denver Revised Municipal Code
- Subject to appropriation, the intent of the article is to:
 - Codify access to free legal services and representation for low to moderate-income individuals experiencing eviction
 - Require the creation of an annual report that analyzes implementation and performance metrics in order to assess the continued needs of Denver residents
 - Require landlords to disclose to tenants certain information regarding access to full legal representation in eviction proceedings
- As of January 1st, 2022, landlords are legally required to provide tenants the Denver Tenant Rights & Resources when executing a lease, issuing an eviction notice, or when an affordable housing provider issues a notice to terminate a tenant's subsidy

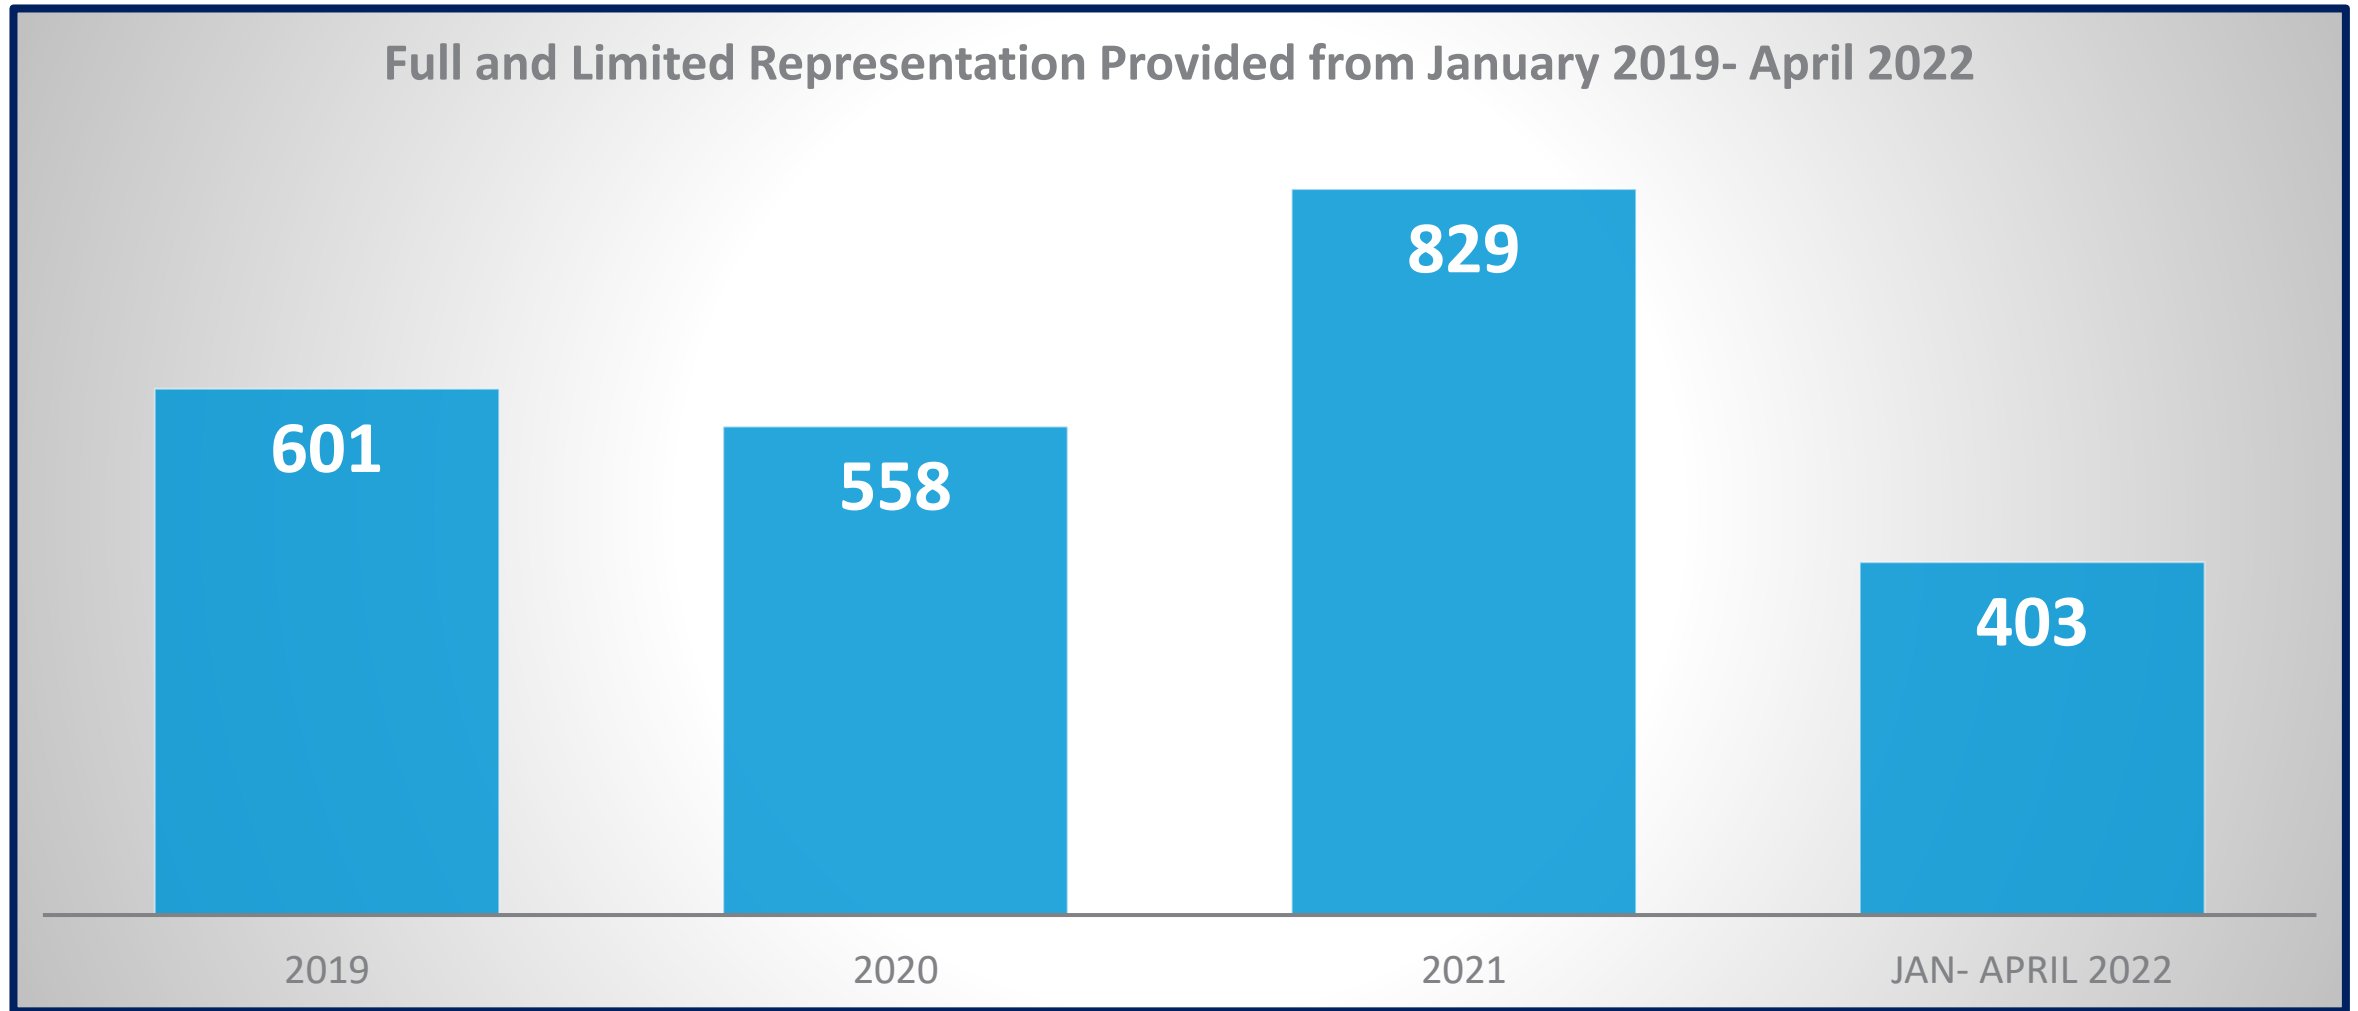

Eviction Legal Services Outcomes

- 2019: Served 601 households
- 2020: Served 558 households
- 2021: Served 2320 households
- 2022 (Jan-April): Served 1139 households

Eviction Legal Services – Outcomes

Eviction Legal Services Funding

2022 and 2023 amounts subject to change due to multi-year contracts/funding

Funding Sources

- 2019-2023: Affordable Housing Fund
- 2021-2022: General Fund (Coronavirus Special Revenue Fund)
- 2022-2023: American Rescue Plan Act (ARPA)

Eviction Legal Services – Data and Coordination

- Previous partnership with Denver County Court and UC Berkeley's People Lab to analyze eviction data to better target outreach to households regarding available resources
- Increased data collection to align with tenant legal services ordinance requirements, equity dashboard to evaluate households served through an equity lens, and ongoing data collection and analysis of Denver County Court eviction data
- Creation of eviction prevention working group and bi-weekly meetings with HOST staff and eviction legal service providers
- Ongoing coordination between HOST, eviction legal service providers, rent/utility assistance providers, community navigators, and others
