

Amendment to Council Bill 22-0685 concerning volume-based pricing system for trash services

Councilmember Ortega

June 6, 2022

Councilmembers,

I move to amend **CB22-0685** as follows:

1. On page 6, line 4, strike "the manager of transportation and infrastructure" and replace with "City Council"
2. On page 6, line 5, after the word "study" add "conducted by manager of transportation and infrastructure."
3. On page 6, line 5, strike "through an update to the rules and"
3. On page 6, strike lines 6, 7, and 8.

PURPOSE OF THE AMENDMENT

The amendment gives City Council the power to set and update the fee structure, based on a cost-of-service study by DOTI and removes that authority from the Manager of Transportation and Infrastructure to increase fees.

If the amendment passes it will not require a delay in publication
