**5. General description or background of proposed request. Attach executive summary if more space needed:**

The proposed changes to the Downtown Historic District Tax Rebate Program will clarify ambiguities in one eligibility criterion, and will change the application and payment deadlines. One eligibility criterion states that the street facades must be "substantially original in appearance". The proposal is to change that criterion to allow property owners who have not made façade alterations since the historic district was designated, or who have made changes that comply with the *Design Guidelines for Denver Landmark Structures and Districts*, to be eligible for the tax rebate program.

Furthermore, the current application deadline of September 1st precedes the Mayor's annual budget proposal and budget adoption by City Council. The proposed deadline of December 1<sup>st</sup> will better align the application deadline to follow the budget announcement and adoption. The proposed payment deadline of December 1 of the following year gives the Department of Finance twelve months from the application deadline to complete payments to eligible recipients, comparable to the current timeline.

**6. City Attorney assigned to this request (if applicable):** Charles Solomon
