REVIEW CRITERIA - AFFIRM THE PROPOSED ADU REZONING COMPLIES WITH THE CRITERIA BELOW BY CHECKING THE BOX NEXT TO EACH CRITERION

<p>General Review Criteria: The proposal must comply with all of the general review criteria. (Check box to the right to affirm)</p> <p>DZC Sec. 12.4.10.7</p>	<p><input checked="" type="checkbox"/> Consistency with Adopted Plans: The proposed official map amendment is consistent with the City's adopted plans, or the proposed rezoning is necessary to provide land for a community need that was not anticipated at the time of adoption of the City's Plan.</p> <p>Denver Comprehensive Plan 2040 The proposed map amendment is consistent with the strategies in the adopted Denver Comprehensive Plan 2040, including:</p> <ul style="list-style-type: none"> • Goal 2, Strategy A. Equitable, Affordable and Inclusive - "Create a greater mix of housing options in every neighborhood for all individuals and families" (p. 28). The proposed zone district allows for an additional dwelling unit that is accessory to the primary single-unit dwelling use. Accessory dwelling units can provide housing for individuals or families with different incomes, ages, and needs compatible with the single-unit neighborhoods. • Goal 8, Strategy A. Environmentally Resilient - "Promote infill development where infrastructure and services are already in place" (p. 54). The proposed map amendment will allow an additional housing unit on the site of an existing home where infrastructure and services such as water, stormwater, and streets already exist. This allows Denver to grow responsibly and promotes land conservation. <p>Blueprint Denver The proposed map amendment is consistent with the applicable neighborhood context, places, street type, and strategies in <i>Blueprint Denver</i>, including:</p> <ul style="list-style-type: none"> • Policy 4, Strategy E - Diversify housing choice through the expansion of accessory dwelling units throughout all residential areas. <p>Neighborhood/ Small Area Plan (list all, if applicable): _____</p>

Additional Review Criteria for Non-Legislative Rezoning: The proposal must comply with both of the additional review criteria.

(Check boxes to affirm.)

DZC Sec. 12.4.10.8

☒ **Justifying Circumstances - One of the following circumstances exists:**
Since the date of the approval of the existing Zone District, there has been a change to such a degree that the proposed rezoning is in the public interest. Such change may include:

a. Changed or changing conditions in a particular area, or in the city generally; or,

b. A City adopted plan; or

c. That the City adopted the Denver Zoning Code and the property retained Former Chapter 59 zoning.

The proposed map amendment application identifies the adoption of *Blueprint Denver* as the Justifying Circumstance. As discussed above, *Blueprint Denver* specifically recommends the city diversify housing choice through the expansion of accessory dwelling units throughout all residential areas. The plan was adopted after the date of approval of the existing zone districts. Therefore, this is an appropriate justifying circumstance for the proposed rezoning.

☐ **The proposed official map amendment is consistent with the description of the applicable neighborhood context, and with the stated purpose and intent of the proposed Zone District.**

The proposed map amendment is consistent with the neighborhood context description, stated purpose and intent of the proposed E-SU-D1x Zone District.

Within our 8,520 ft² lot, approximately 1700 ft² is taken up by our home with another 350 ft² utilized to grow our own fruits and vegetables across several raised garden beds. We are grateful that this leaves us with an abundance of space to potentially include a detached additional dwelling unit in the southeast corner of our backyard where a small shed currently sits (see figure 1 below; this shed will be moved across our yard).

We are aiming to add a 450 ft² ADU that adheres to our city's height restrictions as well as allows for access to the sewage easement we have across the northern side of our back yard. In order to avoid increasing the carbon footprint of our home, we plan to utilize solar energy to power this home thanks to an open tree line, sloped roof design, and advantageous southern facing exposure. (see image inspiration in Figure 2 below)

For now, this home's purpose will be to house Becky's aging mother who, after losing her husband (Becky's step-father) to covid, needs to live closer to Becky who has no other siblings to care for her mother. Housing costs in Denver and surrounding areas are prohibiting us from finding other proximal and affordable locations.

In years to come, this detached dwelling unit will be positioned to offer an energy-efficient, diversified, and affordable housing option to Denver residents in need.

As required by DRMC § 12-96, a meeting of the above-referenced Registered Neighborhood Organization

was held on 8-7-2022 , with 36 members in attendance.

With a total of 36 members voting,

16 voted to support (or to not oppose) the application;

20 voted to oppose the application; and

0 voted to abstain on the issue.

It is therefore resolved, with a total of 36 members voting in aggregate:

The position of the above-referenced Registered Neighborhood Organization is that Denver City Council

oppose Application # 2022I-00076 .

Comments: The survey results are in from the neighborhood and sent out via Survey Monkey. A Zoom informational call was also held where the Martinez family were present. We had 36 respondents so almost 10% of the neighborhood participate. Of the 36 we had 55.56% oppose and 44.44% support. I will be filing with the city a position statement with these results since we do not have a 10 member board, the neighbors have spoken as to their desires with Mayfair Park. The rezoning is very controversial and the survey results show a slight margin for opposition. Please take this as the official position statement for the majority of participants from the Mayfair Park community that the majority is opposing the rezoning.

Change of Zoning Request

Dear Mr. Haigh,

On behalf of the homeowners at Jaydyn Court @ Lowry, we strongly oppose this applicant's request. Jaydyn Court HOA property abuts directly to the South of Mayfair Park Neighborhood. Our addresses are 309, 319, 329 and 339 (18 unit townhome community).

We worry that if you grant this zoning request, others will also want zoning changes and ADU's will be built adjacent to our townhomes. This would be detrimental to the character of both neighborhoods. It would cause problems between neighbors should these ADU's be rented out later from investors who only care about receiving rental income. Mayfair Park is NOT set up to handle this type of zoning change.

In addition, we played a pivotal role in keeping Boulevard One from obtaining this type of zoning which would have allowed ADUs, so it is understandable why we don't want it.

This Board along with its owners, request that you deny the applicants request.

Thank you.

Application 20221-00076

Dr. Mr. Haigh,

Please accept this communication as my official notice of opposition to changing the zoning code for this applicant to allow them to add an ADU. I strongly oppose this and respectfully request that the planning board deny this application to change zoning code.

We strongly opposed any ADU zoning during the build out of Boulevard One (just across the street from this applicant). Our neighborhood isn't set up for ADU's. ADU's goes against the character of Mayfair Park Neighborhood and this just opens the doors for others to add ADU's should this one applicant be granted their request.

On top of what I have mentioned, Oneida Street is already having problems with numerous street parking of vehicles due in part to one car garages and households having more than 3 vehicles. Allowing an ADU being constructed at any home in our neighborhood brings more families, more congestion, more cars and more problems between neighbors.

Please deny this request to the above mentioned applicant.

Thank you in advance for listening to my concerns.

STRONGLY OPPOSE THIS APPLICANT FOR ZONING CHANGE

To Whom It May Concern;

Please deny this request. I own property in Mayfair Park Neighborhood and do not want to see ADU's built in the neighborhood. This neighborhood does not need ADU's and many homes will start requesting zoning changes if this is allowed due to large lots. ADU's are not in character of this neighborhood.

I would also like to point out that this applicant has used a foggy plastic over to make it difficult to read the zoning notice, I request this applicant also be denied for failure to provide a clear cover so all could read the zoning notice. Please see attached photos.

I request you deny this applicant.

Sincerely,

Hon Kei Chan

Regarding: 100 Oneida Re-Zone Opposition

This is in opposition to the request to re-zone 100 Oneida Street. The appropriate course of action is a simple variance request, not a re-zone.

This is not a hardship per the variance request criteria, the owners of the property have the ability to provide a suitable living space for their family within the current zoning guidelines. Granting such a request would set a dangerous precedent that could cause the entire neighborhood of Mayfair Park to be re-zoned. A rezoning is not desired by the owners within the neighborhood, and inappropriate for a number of reasons:

1. Currently our neighborhood is considered a "suburban" neighborhood, allowing for large yards, open space and quiet streets. We are separated from the urban core of the city by neighborhoods such as Crestmoor, Hilltop, and Country Club, none of which allow for ADUs. It is illogical to increase the density of the current suburban neighborhood and send the message that low density is for the wealthy.

2. Our sewer easements all run in the rear of our lots- 7.5' on each side of property lines before a structure can be built. An ADU should not be permitted to encroach on this easement. Encroachment will jeopardize the available yard space, giving the ADU minimal separation from the main residence creating the appearance of one massive structure with no open space.

3. The overwhelming majority of homes in the neighborhood do not have alleyways. Encroachment will cause the removal of front loaded garages as it incentivizes long driveways to the rear of the lot. Currently, our backyards are not permitted to have two story structures and there is a maximum height of allowance of 17 feet. This restriction creates space between houses, which space would be lost. Further, privacy between backyards and neighbors would be lost as those living in the ADUs would be able to look directly over into the neighbor's house.

4. Finally, ADUs create a safety issue. They will cause street parking and congestion to increase as the number of residents could significantly increase. We have many families and small children in this neighborhood and increased traffic could be a safety issue.

100 Oneida Re-Zone Opposition

This request does not meet all of the criteria for a re-zoning approval.

Step 2 in the rezoinng guide was not conducted in our neighborhood. This is the first time neighbors have been made aware of this request and we have been left with 5 days to respond.

This should be a simple variance request, not a re-zone.

Denver Planning Committee:

We have just today been made aware that rezoning of our neighborhood (Mayfair Park) to allow ADU's (Accessory Dwelling Units). is being considered by Denver Planning. We as well as none of the neighbors we have spoken to have not had any prior knowledge of this.

We are writing to object to the re-zoning of our neighborhood to allow ADUs. This would be objectionable for a number of reasons including:

1. This is not desired by the owners in this neighborhood.
2. Our neighborhood is surrounded by neighborhoods, none of which allow ADU's (eg. Crestmoor, Montclair, and Hilltop).
3. There is not the space to allow the needed infrastructure for ADUs (eg. sewer easements all run in the rear of our lots and there is virtually no alley access to our homes).
4. Privacy in our backyards would be lost if structures were allowed on the back of properties.
5. Increased traffic congestion, which is already a problem, would increase leading to more safety issues especially for the many children in the neighborhood and for the Denver Language School which is central to the neighborhood.

Thank for your consideration.

Your comment:

Dear Denver City Council and Mayfair Park Neighbors,

Regarding the proposed zoning change for 100 Oneida St. to allow for an ADU, I have owned my home in the neighborhood for 19 years and I fully support my fellow property owner's request. This family's scenario is a real life example of why the concept of "granny flats" originally came to be. Not only do they serve our City's need for more housing density, but in concept they provide a housing solution that strengthens extended family bonds as well as contributing to diversity by enabling people to live in neighborhoods they otherwise can no longer afford to due to escalating housing costs.

Another factor that makes this property an ideal choice for the neighborhood's first ADU is the location within Mayfair Park. First of all, the lot backs to a drainage area, not another backyard. Secondly, the property sides to 1st Avenue so it will give our community the opportunity to regularly observe the aesthetic impact of this new housing type since we drive by it

everyday.

Some people will argue that property owners motivated by profit will create ADUs to use as rental properties since there is no deed restriction requirement that a family member occupy the ADU into perpetuity. Personally I am willing to accept that trade off in order to maintain more of the existing housing stock, and thus the resulting original neighborhood feel of Mayfair Park. The creation of ADUs will increase property values, thereby making it less likely that every original ranch style house that goes on the market will be purchased by a developer to scrape. But the creation of ADUs isn't just a "necessary evil" to slow down the spread of million dollar infill homes. When landlords live immediately nextdoor to their tenants, this scenario typically results in the attraction of more concientious renters. A good example of this is the popularity over the years of carriage house rentals in older parts of Denver. Not only are they highly desirable properties to own, but the neighbors enjoy having them as a unique part of the housing mix as well.

Thank you for your consideration of my viewpoint.

Sincerely,

Rebekah Fisher

Your comment:

I think ADU's are amazing and I'm fully supportive of this movement in all Denver neighborhoods. ADU's are an excellent way to achieve density in our existing neighborhood fabric. I truly believe ADU's can allow older residents to remain on site near loved ones and they can offer property owners more financial flexibility. I think we should equalize the gross imbalance of ADU zoned lots in handful of select neighborhoods and the city should allow all property owners the right to build these structures on their properties if they desire in the city of Denver. ADU's might be presently expensive to build and financing one has it challenges, but everyone in Crestmoor/Mayfair Park neighborhoods that I've ever spoken with would support Becky and Pete and give them a right to construct this ADU. Why should a few city council members be able to buy votes and cater to their constituents in other neighborhoods getting D1 zoning in place and high-siding the rest of us? Make ADU options available to all or no one in the city of Denver. Do what's right and allow ADU's everywhere lot sizes allow.

RE: Opposition to Applicant # 20221-00076
100 Oneida Street, Denver CO 80220
Change of Zoning Request

Dear Mr. Haigh,

On behalf of the homeowners at Jaydyn Court @ Lowry, we strongly oppose this applicant's request. Jaydyn Court HOA property abuts directly to the South of Mayfair Park Neighborhood. Our addresses are 309, 319, 329 and 339 (18 unit townhome community).

We worry that if you grant this zoning request, others will also want zoning changes and ADU's will be built adjacent to our townhomes. This would be detrimental to the character of both neighborhoods. It would cause problems between neighbors should these ADU's be rented out later from investors who only care about receiving rental income. Mayfair Park is NOT set up to handle this type of zoning change.

In addition, we played a pivotal role in keeping Boulevard One from obtaining this type of zoning which would have allowed ADUs, so it is understandable why we don't want it.

This Board along with its owners, request that you deny the applicants request.

Thank you.

STRONGLY OPPOSE THIS APPLICANT FOR ZONING CHANGE

To Whom It May Concern;

Please deny this request. I own property in Mayfair Park Neighborhood and do not want to see ADU's built in the neighborhood. This neighborhood does not need ADU's and many homes will start requesting zoning changes if this is allowed due to large lots. ADU's are not in character of this neighborhood.

I would also like to point out that this applicant has used a foggy plastic over to make it difficult to read the zoning notice, I request this applicant also be denied for failure to provide a clear cover so all could read the zoning notice. Please see attached photos.

I request you deny this applicant.

Sincerely,

RE: Opposition to Change Zoning to E-SU-D1x
Application 20221-00076

Dr. Mr. Haigh,

Please accept this communication as my official notice of opposition to changing the zoning code for this applicant to allow them to add an ADU. I strongly oppose this and respectfully request that the planning board deny this application to change zoning code.

We strongly opposed any ADU zoning during the build out of Boulevard One (just across the street from this applicant). Our neighborhood isn't set up for ADU's. ADU's goes against the character of Mayfair Park Neighborhood and this just opens the doors for others to add ADU's should this one applicant be granted their request.

On top of what I have mentioned, Oneida Street is already having problems with numerous street parking of vehicles due in part to one car garages and households having more than 3 vehicles. Allowing an ADU being constructed at any home in our neighborhood brings more families, more congestion, more cars and more problems between neighbors.

Please deny this request to the above mentioned applicant.

Thank you in advance for listening to my concerns.

I'm writing to support the rezoning application for the ADU at 100 Onieda street. ADU's are a great way to support families in our neighborhood. They allow aging parents to live "at home" with their adult children in an affordable way. They are also great for adult children who may not be able to fly the nest. In addition as housing gets more expensive they could be rented out and supplement income for house poor folks. These dwellings are tiny homes that encourage nuclear families, help resolve the housing shortage, and could provide financial stability for homeowners in a way that does not detract or strain our neighborhood. I hope you approve the rezoning application.

Thank you for your time.

Hi, Rob,

I live at 181 Newport Street, just one block over from Becky Martinez at 100 Oneida Street. I want to express my support for the zoning request to allow an ADU in the backyard at that address. It supports affordable housing goals for the city without changing the character of the neighborhood.

Hello Rob,
I'm writing to express my support for the ADU approval in my neighborhood.
I know Becky Martinez is requesting approval and I support her effort.
Let me know what else I can do to help make that happen.
Thanks,
