RE: SOCSV- 202263930-00
STATE OF COLORADO
Acting by and through the Department of Health Care Policy and Financing
Medicaid Incentive Revenue

To whom it may concern:

We are requesting for the contract between Denver Human Services (DHS) and the Colorado Department of Health Care Policy and Financing (CDHPF) to be reprocessed as a new agreement. The contract was previously processed as an amendment under Jaggaer record SOCSV-2020-55468-01 which produced numerical discrepancies that can only be corrected by reprocessing the contract as a new request. Additionally, reprocessing will allow for the processing of future contract items, such as amendments and option letters.

DHS Contract Administration is requesting to process the Medicaid Incentive Revenue document through our City contracts system, in order to attach charter signatures, and ensure a Fully Executed copy is deposited within our City contracts repository. For any questions or concerns, please contact DHS Contract Administration at DHS_Contracting_Services@denvergov.org.

Sincerely,

Jay Morein
Executive Director
Denver Human Services
