This request will amend the amount of the contract to \$950,000 to cover emergency board up services by CPD, DPD, and DFD.

This contract is currently utilized by CPD and Safety and could include board up services for City owned buildings as well as privately owned properties. CPD most often uses these services to attempt to deny admittance to neglect and derelict buildings or locations where the safety of the public could be harmed if they had access to the location (i.e. a partial building collapse or fire). Safety uses this contract most often to secure a building where a break in or vandalism has occurred, and the residence or business must be properly secured to prevent further theft, damage or injury.
