I am reaching out to let you know that I am in the process of applying to the City of Denver for a change in my property's zoning so I can convert my single-story 2-car garage into a guest house and to have that space available as a future option (hopefully long into the future) should I need it, as I plan to age in place, as they say. I am an older person so this issue is ripe for me.

The property, 2212 S Franklin St., Denver 80210, is in the University Neighborhood. I have lived here since 2016. The size of the property and the orientation of the current 2-car garage which has alley access, offer an ideal site for this project. The property can also accommodate at least one off the street parking spot, as it does now, even without a garage.

I am very aware of maintaining a community look and feel and this project will prioritize this throughout.

If you have any concerns and/or questions please contact me at: ma159@columbia.edu or write to me at the below address.
