Return completed form to rezoning@denvergov.org

October 13, 2022

Director Aldrete,

I am writing to express my support of the proposed Santa Fe Active Centers and Corridors Design Overlay (DO-8) Rezoning Application. Discussions about this design overlay began in 2017 with my predecessor, Paul Lopez, and the La Alma Lincoln Park (LALP) Registered Neighborhood Association. Now, five years later, its necessity is all the clearer—the City received more than 70 conceptual development proposals along Santa Fe Drive in just two years.

Current zoning allows uses that tend not to encourage pedestrian activity at the street level. LALP residents and business owners are concerned about losing the pedestrian-oriented mixed-use character of Santa Fe Drive and other small commercial nodes after witnessing a wave of residential-only redevelopment projects.

The community supports the DO-8 overlay because it has stronger requirements for active ground floor uses, transparency, setbacks, and café seating to encourage a pedestrian environment consistent with the surrounding residential area.

I anticipate the proposed overlay will facilitate a wide variety of improvements, including:

- More active, pedestrian-friendly streets;
- Increased access to opportunity and improved financial sustainability by requiring new development to include non-residential uses that contribute to jobs, services, and amenities;
- Concurrent residential and commercial growth, rather than losing goods and service to housing; and
- A preserved sense of place, assuring LALP residents and Santa Fe business owners that Santa Fe will continue to be a vibrant commercial corridor for decades to come.

My goal is to amplify the local cultures that have been essential to the health and wellbeing of LALP residents. District 3 neighborhoods have a rich history of doing for one another, building community institutions, and fighting for social justice. Our history and culture are vital and dynamic—they have been passed down and new generations have taken up the values. I take very seriously the responsibility of preserving and furthering the conditions that make those achievements possible. Accordingly, I enthusiastically support this community driven project and eagerly await its passage and implementation.

Sincerely,

Honorable Council President Jamie Torres

Denver City Council, District 3

Bannock St, Room 451

Denver, CO 80202

District3@denvergov.org | 720-337-3333

City and County of Denver CITY COUNCIL

City and County Building 1437 Bannock Street, Room 451 Denver, CO 80202 p: 720.337,7777 jolon.clark@denvergov.org

November 28, 2022

Director Aldrete,

I am writing to express my support of the proposed Santa Fe Active Centers and Corridors Design Overlay (DO-8) Rezoning Application. Through the hard work of District 3 Councilwoman Jamie Torres this project has finally made it to this stage after many years of work by her office and the office of Councilman Paul Lopez.

Current zoning allows uses that tend not to encourage pedestrian activity at the street level. LALP residents and business owners are concerned about losing the pedestrian-oriented mixed-use character of Santa Fe Drive and other small commercial nodes after witnessing a wave of residential-only redevelopment projects. I have seen this also begin to happen in places like Old South Pearl Street in my district and I have great concerns for the future of our embedded commercial areas. This application is a step in the right direction for Santa Fe and all of our embedded commercial areas.

The community supports the DO-8 overlay because it has stronger requirements for active ground floor uses, transparency, setbacks, and cafe seating to encourage a pedestrian environment consistent with the surrounding residential area.

Thank you for your consideration of this application and I am available for any questions you may have.

Councilman Jolon Clark

District 7

1. Consistency with Adopted Plans

The following adopted plans apply to this application:

- Denver Comprehensive Plan 2040
- Blueprint Denver
- La Alma/Lincoln Park Neighborhood Plan
- Baker Neighborhood Plan

Denver Comprehensive Plan 2040

The proposed rezoning is consistent with many of the adopted Denver Comprehensive Plan 2040 strategies, including:

Equitable, Affordable, and Inclusive Goal 1, Strategy C: "Improve equitable access to resources that improve quality of life" (p. 28)

• This rezoning will ensure much-needed goods and services remain along Santa Fe, a long-standing mixed-use area, and continue to provide residents with the high quality of life they have experienced for decades.

Strong and Authentic Neighborhoods Goal 1, Strategy A, D: "Build a network of well-connected, vibrant, mixed-use, centers and corridors and Encourage quality infill development that is consistent with the surrounding neighborhood and offers opportunities for increased amenities" (p. 34).

• The DO-8's strong ground floor active use requirements will ensure new development along Santa Fe is consistent with the existing mixed-use character.

Strong and Authentic Neighborhoods Goal 2, Strategy C: "Create people-oriented places that embrace community character with thoughtful transitions, aspirational design and an engaging public realm" (p. 34).

 The regulations in the DO-8 place enhanced pedestrian-oriented design standards on key commercial corridors.

Strong and Authentic Neighborhoods Goal 4, Strategy A: "Grow and support neighborhood serving businesses" (p. 35).

• The rezoning will ensure commercial space remains available along Santa Fe by requiring non-residential active uses on the ground floor.

Economically Diverse and Vibrant Goal 3, Strategy A: "Promote small, locally-owned businesses and restaurants that reflect the unique character of Denver" (p. 46).

• The rezoning will help maintain and grow the availability of commercial space in embedded local corridors, thereby reducing competition and business displacement.

Environmentally Resilient Goal 8, Strategy B: "Encourage mixed-use communities where residents can live, work, and play in their own neighborhoods" (p. 54).

 Allowing the DO-8 along Santa Fe will encourage ground floor active uses with residential above leading to mixed-use communities.

Blueprint Denver

Blueprint Denver was adopted in 2019 as a supplement to Comprehensive Plan 2040 and establishes an integrated framework for the city's land use and transportation decisions. There are six key components of Blueprint Denver that apply to this rezoning proposal:

- 1. Neighborhood Context
- 2. Place
- 3. Street Type
- 4. Growth Area Strategy
- 5. Plan Policies and Strategies
- 6. Equity Concepts
- 1. Blueprint Denver Future Neighborhood Context

In *Blueprint Denver*, future neighborhood contexts are used to help understand differences between land use, built form, and mobility at a high scale, between neighborhoods. The subject properties are shown on the context map as Urban, General Urban, and Urban Center neighborhood contexts. The description is used to guide appropriate zone districts (p. 66).

The Urban neighborhood context, mapped between 3rd Ave. and 6th Ave., predominantly contains "small, multi-unit residential and low-intensity mixed-use buildings ... embedded in single-unit and two-unit residential areas. Block patterns are a regular grid with consistent alley access. Where they occur, multi-unit buildings are low-scale. Mixed-use buildings are sited in a pedestrian-friendly manner near the street" (p. 222). U-MS-3 is a zone district within the Urban neighborhood context and is intended to promote safe, active, and pedestrian-scaled areas through building forms that clearly define and activate the public street edge. The zone district is intended to enhance the convenience, ease and enjoyment of transit, walking, shopping and public gathering (DZC 5.2.3.1 and 5.2.5.1).

The General Urban neighborhood context, mapped primarily along 8th Ave., is "predominantly multi-unit structures. 1-unit and 2-unit residential and low scale mixed-use are embedded within the multi-unit areas. Block patterns are generally regular with consistent alley access. Buildings are medium scale and close to the street" (p. 137). C-MS-5 is currently mapped along 8th Ave. and is proposed to remain in this proposal. While C-MS-5 is in the Urban Center Context, it's intent to be primarily located along collector or arterial street corridors, and the allowed building forms are similar to the main street districts in the General Urban context.

The Urban Center neighborhood context, mapped along Santa Fe from 6th Ave. to 13th Ave., is described as "a high mix of uses throughout the area, with multi-unit residential typically in multi-story, mixed-use building forms. Block patterns are generally regular with consistent alley access. Larger scale buildings close to the street" (p. 137). C-MS-5 and C-MS-8 are both zone districts within the Urban Center neighborhood context. These districts are intended to promote safe, active, and pedestrian-scaled commercial streets through the use of building forms that clearly define and activate the public street edge, and enhance the convenience, ease and enjoyment of transit, walking, shopping and public gathering along the city's commercial streets (DZC 7.2.4.1).

The application of the DO-8 Overlay is consistent with the Blueprint future neighborhood contexts of Urban, General Urban, and Urban Center because it will promote active, pedestrian friendly streets that will be compatible with the existing residential areas.

2. Blueprint Denver Future Place Types

The subject properties are designed as Community Corridor, along Santa Fe, and Local Corridor, along 8th Ave. Blueprint describes corridors as "mixed-use places of different scales oriented along a street. They provide spaces for people to engage in social activities and entertainment, such as shopping and dining. Corridors are often embedded in neighborhoods and serve nearby residents" (p. 140). Main Street districts "are typically applied linearly along entire block faces of commercial, industrial, main, mixed-use and residential arterial streets... and should be applied where a higher degree of walkability and pedestrian activity and active Street Level retail is desired" (DZC 5.2.5.1 and 7.2.4.1). Additionally, applying the DO-8 will result in standards that align even better with character traits of the Community and Local Corridor place types than the current design standards of the Main Streets districts through increased setbacks, more flexible build-to range, and mandatory portions of ground level non-residential active uses.

3. Blueprint Denver Street Types

In Blueprint Denver, future street types work in concert with future places to evaluate the appropriateness of the intensity of the adjacent development (p. 67). The three volume classifications of Local, Collector, and Arterial, are further refined by six types of surrounding context. Both Santa Fe and 8th Ave. are identified as Main Street Arterials, which are "characterized by a mix of uses including retail, services and restaurants, as well as residential. Buildings are pedestrian-oriented, with little front setback, a continuous street wall, and high transparency. Street level uses are highly activated, including café seating in the right-of-way" (p. 158). The Main Street districts are consistent with this description. Furthermore, the regulations in the proposed DO-8 have stronger requirements for active ground floor uses, transparency, setbacks, and café seating to encourage a pedestrian environment consistent with the Main Street designation.

4. Blueprint Denver Growth Strategy

Blueprint Denver's growth strategy map is a version of the future places map, showing the aspiration for distributing future growth in Denver (p. 51). The properties along Santa Fe are part of the Community Centers and Corridors growth strategy where the city anticipates seeing 20% of new jobs and 25% of new housing. The properties along 8th Ave. are designated as "all other areas of the city" where the city anticipates seeing 10% of new jobs and 20% of new housing. The proposed map amendment to apply DO-8 will ensure that housing growth and employment growth both occur, rather than new housing resulting in a net loss of goods and services and degrading the embedded local corridors.

5. Blueprint Denver Plan Policies and Strategies

Blueprint Denver contains numerous recommendations related to pedestrian-oriented design and arrangement of uses in mixed use areas. Land Use and Built Form, Design quality and preservation, Policy 4, recommends "ensur[ing] an active pedestrian friendly environment that provides a true mixed use character in centers and corridors" (p. 103). This rezoning applies an overlay that would preserve and reinforce a mixed use character. The overlay also contains standards specifically recommended in sub-policy 4.A below:

A. "Require strong street-level active use standards for local centers and corridors. This may include a prohibition on residential units for a portion of the street level building. Given the intent of these small-scale places to provide services embedded in the neighborhood, it is important for them to provide more than residential uses" (p. 103).

Land Use and Build Form, General Policy 11: *Implement plan recommendations through city-led legislative rezonings and text amendments* (p. 79).

This rezoning is large in area and legislative to implement the city's adopted plans.

6. Blueprint Denver Equity Concepts

Blueprint Denver has three equity concepts: Improving access to opportunity, reducing vulnerability to displacement, and expanding housing and jobs diversity. Blueprint Denver states the equity concepts "should be used to evaluate large area rezonings" (p. 67) and therefore are applicable to this rezoning proposal.

Access to Opportunity

The area along Santa Fe Blvd. in the Lincoln Park and Baker neighborhoods has average access to opportunity, defined as access to basic goods, services, and amenities to improve quality of life. This area scores highly on social determinants of health and access to public parks and healthy foods. North of 6th Ave. has less access to healthcare and a lower life expectancy, but greater access to transit and centers and corridors. South of 6th Ave. has greater access to healthcare and a higher life expectancy but less access to transit and centers and corridors. The entire area is less equitable in terms of child obesity. The proposed overlay will increase access to opportunity by ensuring any new development includes non-residential uses that contribute to jobs, services, and amenities in this area.

Vulnerability to Displacement

North of 6th Ave. is identified as an area that is vulnerable to involuntary displacement based on all three indicators – educational attainment, rental occupancy, and median household income. Whereas the area South of 6th Ave. scores as not vulnerable on all three indicators. While no specific development is proposed with this rezoning, all new developments will be subject to the city's expanding housing affordability requirements, which were adopted in June 2022. Additionally, in September 2022 City Council passed the Department of Housing Stability's prioritization policy. This policy provides households at risk of or who have been displaced from their neighborhood with priority access to newly developed or preserved housing. These new city policies and regulations will help prevent displacement in the Lincoln Park and Baker neighborhoods.

Housing Diversity

North of 6th Ave. is seen as not diverse based on 4 of 5 indicators – missing middle housing, diversity of bedroom count per unit, owners to renters, and housing costs. Conversely, south of 6th Ave. scores as diverse on all but one indicator – income restricted units. The proposed overlay may have a slight impact on housing diversity by leading to fewer new multi-unit dwelling units than otherwise would be built, since it restricts dwelling units for a portion of the ground floor. As stated above, no specific development is contemplated with this rezoning, but the city's new housing affordability requirements will bring more affordable units to this area, especially south of 6th Ave. which lacks income restricted units.

Jobs Diversity

The greatest concentration of jobs is located north of 6th Ave. The corridor has a larger share of retail jobs than the city as a whole. The proposed rezoning may have a positive impact on jobs diversity in the neighborhood by creating new opportunities for employment.

La Alma/Lincoln Park Neighborhood Plan (applies to properties north of 6th Ave)

The La Alma/Lincoln Park Neighborhood Plan identifies the Santa Fe Corridor and western portion of 8th Avenue as in the Main Street Corridor character area. The goals for this area include:

- "Appropriate mix of uses that support a diversity of businesses and allow more restaurants and shops to accommodate them.
- The viability of multi-family residential, live-work, and commercial uses are maintained and enhanced.
- Destination development along the corridors is expanded
- Zoning is established that promotes safe, active, and pedestrian-scaled commercial form and uses.
- The retail corridor is spatially defined with thoughtful urban design that considers scale, vistas and landmarks" (p. 39).

The DO-8 requires active non-residential ground floor uses that will encourage more commercial and retail uses and support a live-work area, consistent with the goals for the Main Street character area.

The portion of 8th Avenue, east of Santa Fe, is identified as the Residential character area. The Residential goals include:

- "Neighborhood character is preserved.
- Enhance the valued attributes of the residential area and quality of life for residents.
- Maintain the current residential density.
- Support a diverse population by providing support services such as childcare facilities, transit, and a variety of housing opportunities.
- Home ownership opportunities are encouraged through job creation in adjoining areas" (p. 45).

This area is already zoned for main street uses so rezoning to allow the DO-8 will help further support a diverse population by allowing supportive services and commercial uses on the ground floor. The setback and design regulations will ensure new development is consistent with the surrounding residential area.

Baker Neighborhood Plan (applies to properties south of 6th Ave)

The Baker Neighborhood Plan identifies the Santa Fe Corridor in the Commercial Corridor subarea. The goals for this area include:

- "Develop a mix of land uses, which includes housing, office, commercial, destination and neighborhood-serving retail in the subarea.
- Create a stable, safe, attractive, well-lighted retail area with a mix of offices, neighborhood businesses, and destination businesses.
- Maintain and enhance the viability of high-density residential and commercial uses" (p. 34-35).

The regulations within the DO-8 will promote mixed-use developments and stable retail areas consistent with the Baker Neighborhood Plan.

2. Uniformity of District Regulations and Restrictions

The proposed rezoning to U-MS-3; U-MS-3, UO-1, UO-2; C-MS-5; C-MS-5, UO-1, UO-2, C-MS-8, UO-1, UO-2 with the DO-8 overlay will result in the uniform application of zone district building form, use, and design regulations.

3. Public Health, Safety, and General Welfare

The proposed official map amendment furthers the public health, safety, and general welfare of the city through implementation of numerous adopted city plans which recommend strengthening the design quality and preserving the commercial nature of embedded local corridors. Ensuring goods and services remain in established neighborhoods supports the long-term sustainability and therefore the health, safety, and welfare for all of Denver for generations. In addition, increasing access to employment opportunities will contribute to the financial stability of Denver's residents.

Legislative Zone Map Amendment 21i-00153 Approved Legal Description 11/10/2022

That the zoning classification of the area in the City and County of Denver described as follows or included within the following boundaries shall be and hereby is changed from

U-MS-3 UO-1, UO-2 to U-MS-3 UO-1, UO-2, DO-8

SUMNER'S 2ND ADDITION TO DENVER

Block 10, Lots 1 to 15

Block 11, Lots 1 to 15, and the land lying West of said Lots 1 to 15 extended West to the East line of the alley

SUMNER'S ADDITION TO DENVER

Block 2, Lots 1 to 10

Block 3, Lots 11 to 20

Block 6, Lots 11 to 20

Block 7, Lots 1 to 10

Block 10, Lots 1 to 3

Block 11, Lots 18 to 20

That the zoning classification of the area in the City and County of Denver described as follows or included within the following boundaries shall be and hereby is changed from

C-MS-5 to C-MS-5 DO-8

HUNT'S ADDITION TO DENVER

Block 31, Lot 15

Block 32, Lots 24, 25, and Lots 33, 34

ELMWOOD ADDITION TO THE CITY OF DENVER

Block 8, Lots 39 and 40

That the zoning classification of the area in the City and County of Denver described as follows or included within the following boundaries shall be and hereby is changed from

C-MS-5 UO-1, UO-2 to C-MS-5 UO-1, UO-2, DO-8

ELMWOOD ADDITION TO THE CITY OF DENVER

Block 5, Lots 1 to 8
Block 6, Lots 1 to 7
Block 7, Lots 1 to 20, and Lots 35 to 40
Block 8, Lots 1 and 2
Block 18, Lots 1 to 10

HALLACKS SUBDIVISION OF BLOCKS 27-28-38-39 OF WITTERS FIRST ADDITION

Block 39, Lots 1 to 10

HUNT'S ADDITION TO DENVER

Block 21, Lots 21 to 40

Block 30, Lots 21 to 40

Block 31, Lots 16 to 40

Block 32, Lots 26 to 32

Block 37, Lots 1, 2, and Lots 17 to 20

Block 38, Lots 1, 2, and Lots 11 to 20

Block 39, Lots 11 to 20

SMITH'S ADDITION TO THE CITY OF DENVER

Block 6, Lots 10 to 20 Block 7, Lots 1 to 6, Lots 11 to 20 Block 17, Lot 16, 25, and the South 4 Feet of Lot 26 Block 18, Lots 1 to 16

That the zoning classification of the area in the City and County of Denver described as follows or included within the following boundaries shall be and hereby is changed from

LA ALMA LINCOLN PARK NEIGHBORHOOD PLANNING TASK FORCE

The La Alma Lincoln Park (LALP) Neighborhood Planning Task Force is a group of 10 LALP residents and neighbors affiliated with the Neighborhood Association. The Planning Task Force was formed in February of 2017 in response to rapid development occurring throughout the neighborhood and specifically along the Art District on Santa Fe. The Task Force has four main goals:

- 1. Help neighbors get to know and understand the Neighborhood Plan
- 2. Encourage new development that integrates into the existing community and supports a holistic sense of place
- 3. Support the creation of the design overlay in terms of problem identification, research, drafting and testing of proposed design standards.
- 4. As proponents of the Santa Fe Design Overlay, conduct thorough outreach to affected property owners within the proposed overlay boundary, neighbors and other affected interest groups.

Task Force Members	Areas of Expertise	Property/Business Owner Within Overlay Boundary?
Ann Nguyen, Chair	Urban Planning and Landscape Architecture	No
Amanda Hardin*	Commercial Real Estate	No
Roger Callender*	Mariposa Liaison	No

MEETING SCHEDULE AND COMMUNICATION

- Monthly meetings: 3rd Monday of every month @6:30-8pm, Kat Payge Studio.
- Updates from the task force co-chairs are presented at the monthly La Alma Lincoln Park Neighborhood Association and Santa BID meetings for public involvement and input.
- Updates and opportunities for input and feedback shared with property owners/businesses/interest groups within overlay boundary via outreach events, meetings, e-blasts and postage mail.

OUTREACH SUMMARY

The LALP Task Force Task Force members educated themselves on the 2010 Neighborhood Plan. The Neighborhood Plan establishes long-term goals for the future development of LALP and provides a framework of implementation strategies to direct the neighborhood's growth in a way that maintains its cultural heritage and communal values. In light of rapid development in the neighborhood, LALP Task Force members wants to ensure that new changes and growth are guided by the critical neighborhood values and goals outlined in the Neighborhood Plan. Using the document as a guide, the LALP Task Force developed the Critical Neighborhood Values Survey in order to identify the community's top priorities concerning future development along Main Street Santa Fe.

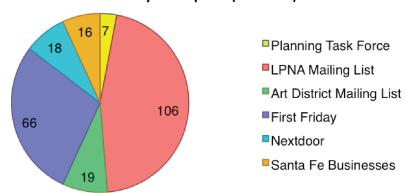

#2021i-00153

From July 26-August 23, 2018 the LALP Task Force administered a Critical Neighborhood Values survey through various outreach methods, including:

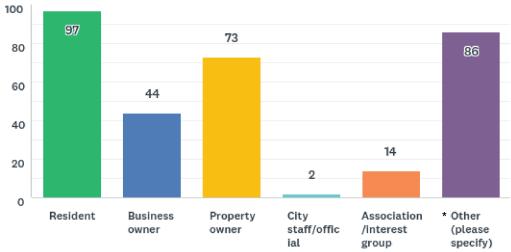

- Door-to-door outreach to businesses along Santa Fe Drive
- A booth at First Friday on August 3, 2018
- Multiple E-blasts to the Lincoln Park Neighborhood Association email list
- Posting to social media (Facebook and Nextdoor.com)

The LALP Task Force collected a total number of 232 survey responses:

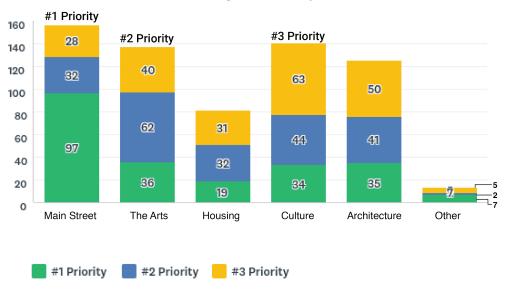

Survey Participants (232 Total)

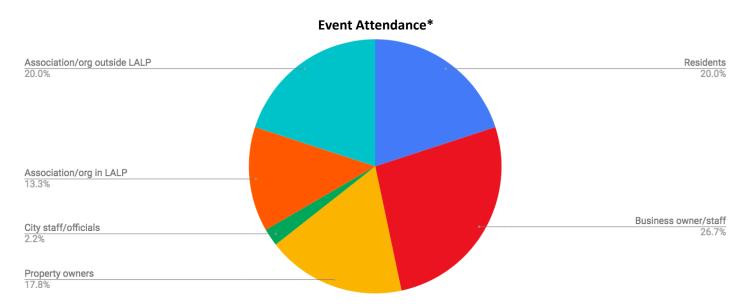

Please select your top 3 value statements that best indicate your personal priorities for future development on Santa Fe Drive (1 bring the most important).

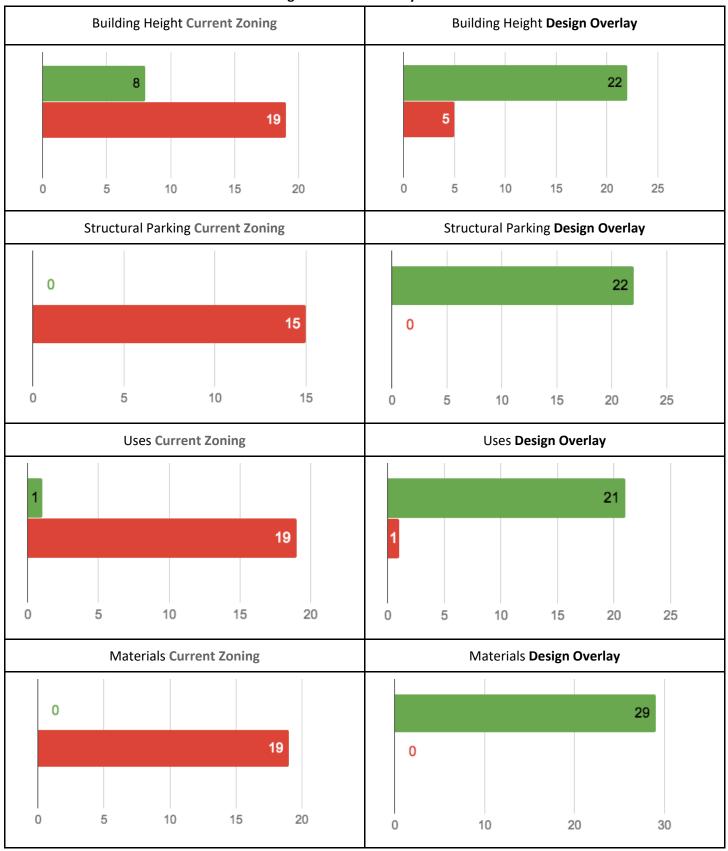

On October 17, 2018 the Task Force presented the four design criteria to the larger community by hosting a community event at Su Teatro. Approximately 100 community members attended the event and they had the opportunity to discuss the draft proposal with the Task Force members, ask questions, and provide input and feedback. Participants were given green (likes) and red (dislikes) stickers and asked to participate in an image preference survey on the four proposed criteria versus current zoning.

^{*}Respondents who indicated themselves as residents, business owner/staff, and property owners did not specify whether or not they are within the design overlay boundary.

Image Preference Survey Results

July 2019 - 2021

Continue conversation and meetings with neighbors and property owners. Redraft overlay proposal with City Planning and Development and Councilwoman Jamie Torres Office.

- Meetings and coordination with City of Denver Planning and Development
- Meetings with Art District on Santa Fe
- Meetings with Santa Fe Bid
- Meetings and Presentations with Baker Historic Neighborhood Association
- July 2021: Pre-Application Submitted
- Denver Days Outreach/Proposal Update (Images below)

Mailers were sent out in March 2022 to notified community and businesses of the upcoming public meetings.

PUBLIC MEETINGS

Councilwoman Torres and Councilman Clark are hosting public meetings to help property owners understand how the design overlay would impact their property.

Santa Fe Overlay Survey

====

What is a Design Overlay?

An overlay applies extra rules on top of the existing zoning of an area. A design overlay on Santa Fe Drive would support future development in integrating with the existing community by ensuring that it complements the existing built environment and character of place.

<u>Una superposición aplica normas adicionales sobre la zonificación existente de un área.</u> Una superposición de diseño en Santa Fe Drive ayudaría a que el futuro desarrollo se integrara en la comunidad existente, garantizando que se complementara con el entorno construido y el carácter del lugar.

_

This overlay proposal has seven elements:

Esta propuesta de superposición tiene seis elementos:

_

1. Excludes dwelling units and accessory residential uses (lobbies, private gyms, etc.) from the first 15 feet of depth along most of the ground floor. (Applies to lots 37.5 feet or wider in zone districts over two stories).

Excluye las unidades de vivienda y los usos residenciales accesorios (vestíbulos, gimnasios privados, etc.) de los primeros 15 pies de profundidad a lo largo de la mayor parte de la planta baja. (Se aplica a los suelos de 37,5 pies o más de ancho en los distritos de zona de más de dos pisos).

2. When a dwelling unit is on the ground floor, requires a setback of 7 ft and a patio, porch, deck or other type of usable outdoor space. (This setback doesn't apply to a lobby or entryway for upper-story residences.)

Cuando una unidad de vivienda está en la primera planta, requiere un retranqueo de 7 pies y un patio, porche, cubierta u otro tipo de espacio exterior utilizable. (Este retranqueo no se aplica a un vestíbulo o entrada para las residencias de la planta de arriba).

3. Ensures a high number of windows on the ground floor.

Garantiza un gran número de ventanas en la planta baja.

4. Gives flexibility for buildings to be set back further from the sidewalk in order to create courtyards and outdoor seating (rather than taking up space in the sidewalk for seating).

Da flexibilidad para que los edificios se retranqueen más de la acera con el fin de crear patios y asientos de exterior (en lugar de ocupar el espacio de la acera para los asientos).

5. Requires a 2 ft setback to create wider sidewalk areas.

Requiere un retranqueo de 2 pies para crear zonas de banquetas más amplias.

6. Requires a minimum ground floor height of 14 ft to support the creation of flexible ground level spaces that are conducive to commercial activity.

Requiere una altura mínima de la planta baja de 14 pies para apoyar la creación de espacios flexibles a nivel del suelo que sean propicios para la actividad comercial.

7. Excludes the typical drive-through site layout, including a drive-through lane between the street and building.

Excluye la configuración típica de los sitios donde se puede manejar, incluyendo un carril de manejo entre la calle y el edificio.

The Design Overlay will not require existing buildings or uses to change anything. The Design Overlay will apply to new development and significant modifications to existing buildings along Main Street zone districts.

La Superposición de Diseño no requerirá que los edificios o usos existentes cambien a nada. La Superposición de Diseño se aplicará a los nuevos desarrollos y a las modificaciones significativas de los edificios existentes a lo largo de los distritos de la zona de Main Street.

Where did this idea come from? |¿De dónde viene esta idea?

The La Alma Lincoln Park and Baker neighborhoods are concerned about losing the pedestrian-oriented mixed-use character of Santa Fe Drive and other small commercial nodes after witnessing a wave of residential-only redevelopment projects.

Los vecindarios de La Alma Lincoln Park y Baker están preocupados por la pérdida del carácter de uso mixto orientado a los peatones de Santa Fe Drive y de otros pequeños nodos comerciales, tras ser testigos de una oleada de proyectos de reurbanización sólo residenciales.

_

Councilwoman Jamie Torres directed City staff to work closely with the community to draft the overlay which is anticipated to be adopted by early 2023.

La concejala Jamie Torres indicó al personal de la ciudad que trabajara con la comunidad para redactar el proyecto de superposición que se espera sea adoptado a principios de 2023.

spector@910arts.com said:

"We need all the help possible to hold on to this critical cultural significant portion (and one of Denver's last remaining true Art Districts). Please issue a moratorium on all development till we can get an overlay in place."

rvbeery@gmail.com said:

"Really concerned about new 5 story tall residential box developments destroying the character of Santa Fe. the Streetscape proposed by the City is great but the new buildings do not promote pedestrian uses or amenities. The new overlay should also provide incentives for restaurants with ample outdoor seating and parking garages."

Herzogf@gmail.com said:

"I would love to see the realization of this design overlay; La Alma Lincoln Park and the Santa Fe Art district are integral to character of the Neighborhood. Excessive development to this main public thoroughfare has the potential to price out many of the artists that give this neighborhood its unique character and identity."

jan@interstitial.dev said:

"We have concerns about the floor to floor height requirement; if the goal is to insure there is higher floor to ceiling height, it seems that it would be better to have a floor to ceiling height requirement v. floor to floor. Is there more detail to the overlay to clarify some of these points? (for example: if my property is less than 37.5 feet wide, does #1 not apply? how, specifically, will the "high number of windows" goal be measured and met; how does it differ from existing zoning? etc.) Look forward to seeing more information. Thanks for the public meetings!"

To whom it may concern,

Historically anchored by pioneering spirit, Denver's Art District on Santa Fe has long championed citizen creativity as a cultural highlight of the city. While our name is rooted in the arts, we advocate for our entire community. ADSF is dedicated to promoting public awareness of the north Santa Fe drive area in Denver—including the La Alma-Lincoln Park neighborhood. We seek to further community building, cultural awareness, and creativity in this area.

Over the past several years ADSF has worked to continue to better integrate itself within the surrounding community by supporting local individuals and organizations - and their goals. We have collaborated with the LALP RNO on projects such as the PSYAH Grant, the formation of their cultural district, and several planning projects dealing with our local parks and streets.

Our community is a vibrant place filled with citizens who are eager to work together towards bolstering a creative and economically thriving neighborhood. While our community is experienced in working together toward these shared goals, we are not seeing the same community-minded approach from the new developments rapidly building throughout our district. Often, these developers initiate little to no communication with the Art District or other neighborhood organizations such as the Santa Fe BID. They are not required to assess the needs of our community and therefore there is no incentive for them to connect with the organizations that lead it. As a result, these developments are creating design builds that do not fit with the culture or design standards of our community, unaffordable rent, and little to zero engagement with the small businesses and artists surrounding them.

In an effort to tackle these issues and preserve the character of our community, we are proud to support the LALP RNO's work on the design overlay along Santa Fe Drive. In doing so, we hope to lay the groundwork for future developments that are better integrated into the existing built environment, complement the neighborhood's beloved character, and continue to foster its unique sense of place.

Please contact me if you have any questions - hadley@denversartdistrict.org.

Sincerely,

Hadley Peterson | Urban Planning Board Member Ana Paula Pinto | Art District Coordinator Shaina Belton | Art District President

image002.png image003.png image004.png BID-Convert-PNG.png

Dear councilwoman Jamie Torres:

At the Sante Fe Business Improvement District (BID) Board meeting on July 19, 2022, the Board voted unanimously to support adopting Design Overlay – 8 (DO-8) for Sante Fe Drive. The vote was based on an understanding the adoption of DO-8 will include a text amendment to allow a 15' setback above 70' (five stories). We would like to see the processing and approval of DO-8 move forward with the City of Denver.

We also are requesting the 2-foot setback, as stipulated in the DO-8, be modified to allow a zero-foot setback between the 600 and 900 blocks of Santa Fe as an exemption. We would like to have an opportunity for this modification to be a separate text amendment to be considered after the approval of DO-8. This request does not alter the Boards approval and support of DO-8 as noted above.

Please let us know if you have any questions or need additional information on this matter.

Thank you for your help in making the Sante Fe corridor a premier commercial district in the City of Denver.

Best Regards,

The Business Improvement District on Santa Fe Drive

Andrea Barela, George Lim, Rusty Brown, David Brehm, Tom McLagan

Thanks Liz, I'm adding the Santa Fe BID board here as well.

Board members, the second item is something that would impact the current usage of the overlay for other districts and would significantly delay or halt our effort. Also reflecting back to what some clarification that Libbie provided earlier:

Libbie Adams: "After hearing the BID's concerns around the 2ft setback, I met with Naomi, Sandoval's aide, to get some background information on the setback requirement. She said the reason for the setback was partially because there are lots of requests for right of way encroachments from businesses, which takes away space from the pedestrian walking along the sidewalk. The 2 feet would give a bit more space for both businesses to have seating and pedestrians to stroll. Below is an email from Olga, the project coordinator for this area, and she says they also receive many requests for right of way encroachments along Santa Fe and that wider sidewalks are needed.

Additionally, I took a quick look using our Map It tool to measure the existing setbacks, and they actually range from 1-4 feet from the front property line. So a 2-foot setback would be fairly in line with what exists today. I'm hoping to be able to do a fuller analysis of the existing setbacks here soon."

At this time, I find it imperative to move this overlay forward with the first text change which can happen concurrently with the overlay process. We currently are planning to have a townhall on Thursday July 28th and additional promotion of the survey. If both of those go well we could have an application into CPD in August.

As a BID, are you still comfortable moving forward with just the first recommended text change but not the second?

Subject: RE: Santa Fe BID Overlay Board Letter

Hi Councilwoman Torres and Ann.

Thank you for meeting today to discuss the Santa Fe BID Board letter. Below is some initial CPD feedback that is hopefully helpful for your response to the BID.

CPD is comfortable moving forward with drafting a text amendment to incorporate the upper story setback outlined in the first condition in the Santa Fe BID's letter. To evaluate the second proposed text amendment, we would need additional time. First, it is not clear what regulation is proposed, so we would need to clarify the intent. We would then need to analyze and discuss the impact of the text amendment on properties within the overlay, both proposed along Santa Fe and in other areas of the City that are already have DO-8 regulations in place. This would likely add significant time to the process.

As we've discussed previously, CPD has concerns with eliminating the 2-foot setback and we expect you will hear similar concerns from other districts where DO-8 is currently in place. The 2-foot setback is an important element of the DO-8 overlay that is intended to improve the pedestrian environment by allowing space for seating and other encroachments while still providing a comfortable walking space. In addition, upon preliminary review, existing setbacks range from 1-4 feet along Santa Fe Drive today, so a 2-foot setback would generally be consistent with existing buildings. Any existing properties with buildings that currently have less than a 2' setback would be required to meet the overlay setback standard if fully redeveloped in the future.

I'm out of the office tomorrow through Tuesday, so I'm also looping Abe Barge into this email chain in case you have any follow-up questions in the next few days.

Best,

Liz

Looping in Liz – thank you for your help on this! I am available most of this week if you need to coordinate on anything.

Attached is the letter of support where the two text amendments are outlined. I also copied and pasted a helpful email from Libbie below:

After hearing the BID's concerns around the 2ft setback, I met with Naomi, Sandoval's aide, to get some background information on the setback requirement. She said the reason for the setback was partially because there are lots of requests for right of way encroachments from businesses, which takes away space from the pedestrian walking along the sidewalk. The 2 feet would give a bit more space for both businesses to have seating and pedestrians to stroll. Below is an email from Olga, the project coordinator for this area, and she says they also receive many requests for right of way encroachments along Santa Fe and that wider sidewalks are needed.

Additionally, I took a quick look using our Map It tool to measure the existing setbacks, and they actually range from 1-4 feet from the front property line. So a 2-foot setback would be fairly in line with what exists today. I'm hoping to be able to do a fuller analysis of the existing setbacks here soon.

The La Alma Lincoln Park Neighborhood Association A City of Denver RNO (Registered Neighborhood Organization)

Letter of Support: "Santa Fe Design Overlay" Nov. 30, 2022

To: Mayor Michael Hancock, Denver City Council, and Community Planning and Development;

The La Alma Lincoln Park Neighborhood Association (LPNA) is a registered neighborhood organization (RNO) representing the residents of La Alma Lincoln Park. We appreciate the opportunity to offer this Letter of Support for the Design Overlay for Santa Fe Drive.

LPNA is writing this letter in full support of the proposed Design Overlay for the Santa Fe Drive corridor. This Overlay is designed to help protect the character of the built environment along Santa Fe. The corridor is known as the home of Denver's Art District on Santa Fe, and it is populated by unique small businesses, studios and commercial concerns that make it a special place in the City of Denver. Furthermore, the Santa Fe Drive corridor represents much of the cultural history of Denver's influential Hispanic population. With the ever-increasing pressure for development along the corridor, the Design Overlay is positioned to help preserve the important legacy of Santa Fe Drive for Denver's future.

We strongly urge you to support the adoption of the Santa Fe Design Overlay.

Sincerely,

Felix Herzog, President
La Alma/Lincoln Park Neighborhood Association
